

# CPA and SCE JOINT RATE COMPARISONS

As part of our mutual commitment to better serve customers, Clean Power Alliance (CPA) and Southern California Edison (SCE) have jointly created a comparison of our common electric rates, average monthly charges, and generation portfolio contents. To find your specific electric rate, please scroll down. The following rates are current as of 6/25/2018.

## Definitions

**Generation Rate** reflects the cost of producing or purchasing electricity to power your home. This rate will vary depending on your service provider and rate plan.

**SCE Delivery Rate** is a charge assessed by SCE to deliver electricity to your home. This rate depends on usage.

**Surcharges** represents the Cost Responsibility Surcharge (CRS) and Franchise Fee (FF) that are applicable to Community Choice Aggregation (CCA) customers and SCE customers that elect a Green Rate. The CRS recovers costs of power purchase commitments that become stranded as a result of CCA initiating service. The FF recovers taxes owed to a city in exchange for allowing SCE to utilize electrical distribution lines throughout the property of the city. SCE acts as the collection agency for the FF surcharge which is levied by cities and counties for all customers.

All comparisons are calculated using SCE's 2017 Static Load Profiles, SCE's published rates as of June 1, 2018 and CPA's published rates as of June 25, 2018.

## COMMERCIAL & INDUSTRIAL
