Clean Power Alliance purchases clean power and SCE delivers it. Nothing else changes—SCE will continue to deliver power to your home, send just one bill, be responsible for resolving any issues with your electricity service, and qualified customers will continue to have access to financial assistance, rebates, and incentives.

Starting February 1, 2019, you will be automatically enrolled in 100% Green Power which provides 100% renewable energy content and gives residents the opportunity to be environmental champions leading the way to a greener future. Customers enrolled in discount programs such as CARE, FERA or Medical Baseline and enrolled in 100% Green Power will be charged the SAME rates as they would pay to Southern California Edison (SCE), and therefore will be participating in the green economy at NO ADDITIONAL COST.

The choice is yours!
You can change your service at any time by selecting one of Clean Power Alliance’s other two rate options: Lean Power, which provides 36% renewable content at the lowest possible cost, and Clean Power, which provides 50% renewable content and the opportunity to support building a cleaner future.
