**Important Notification Regarding Your SCE Green Rate Account**

Dear Valued Customer:

We are writing to notify you that starting on your first meter read date in May 2019, Clean Power Alliance will be the new electricity generation provider for you and other businesses in your area. Clean Power Alliance is the new, locally-controlled electricity provider in Southern California. We are proud to bring clean, renewable power choices to communities across Los Angeles and Ventura Counties.

The purpose of this letter is to let you know about Clean Power Alliance and how our launch will impact your Southern California Edison (SCE) Green Rate Account.

Your city or county chose to offer you new clean energy options through Clean Power Alliance. Businesses and other non-residential customers in your area will automatically receive energy purchased by Clean Power Alliance. As a SCE Green Account customer, your account will be automatically enrolled into Clean Power Alliance's **100% Green Power** rate option regardless of the default rate option chosen by your city or county. **100% Green Power** rate option provides 100% renewable energy and currently costs on average 3-5% less<sup>1</sup> than SCE's 100% Green Rate.

Note: If you have already opted out of Clean Power Alliance, you can disregard this letter.

**Your Options with Clean Power Alliance**

With Clean Power Alliance, the main difference in your electric service is who procures your electric generation. Clean Power Alliance electricity charges simply replace what SCE would otherwise charge you for generation. SCE will continue to deliver power, maintain the grid, send your bills, and be responsible for resolving any electricity service issues. Your bill will show SCE's monthly electricity delivery service charges, and Clean Power Alliance's

<sup>1</sup> Estimated discounts for typical small commercial customer. Please contact us for information specific to your account.

monthly electricity generation charges. When your service account(s) transfers to Clean Power Alliance, SCE and Clean Power Alliance will continue to work together to provide your account(s) with service.

Even though you will be automatically enrolled in our **100% Green** rate, you can choose to change your rate option at any time. Information about Clean Power Alliance's rate options is available here:  
<https://cleanpoweralliance.org/rate-options/>.

In addition to offering competitive rates and renewable energy choices, Clean Power Alliance also has the benefit of being locally controlled. We are dedicated to serving our communities' diverse energy needs while ensuring you continue to receive reliable service and customer support.

### **Opting Out**

You have the right to opt out of Clean Power Alliance service if you decide that Clean Power Alliance is not the right choice for your business. Clean Power Alliance will not charge you any fees for opting out and remaining with SCE. You can opt out at any time by visiting [cleanpoweralliance.org/opt-out](https://cleanpoweralliance.org/opt-out) or calling us at 888-585-3788 (TTY 323-214-1296).

Opt-out terms and conditions may vary depending on the actual date of your opt-out. To prevent your electric service from ever being transferred to Clean Power Alliance, you must opt out at least 5 days prior to your May 2019 meter read date. Please visit [cleanpoweralliance.org/opt-out](https://cleanpoweralliance.org/opt-out) for more information.

To learn more about Clean Power Alliance rate options or to opt out, please contact us at 888-585-3788 (TTY 323-214-1296) or at [customerservice@cleanpoweralliance.org](mailto:customerservice@cleanpoweralliance.org).

If you have any questions regarding SCE's service or rates, please contact SCE's Customer Contact Center at 800-974-2356.

Sincerely,

Account Services  
Clean Power Alliance
