

Dear Potential Proposer:

REQUEST FOR PROPOSALS SOLAR MARKETPLACE REFERRAL SERVICES

The Clean Power Alliance of Southern California (“CPA”, or “Clean Power Alliance”) is seeking proposals for the implementation and administration of an online solar marketplace referral service that can assist CPA’s residential and nonresidential electricity customers design the most suitable, cost-effective solar energy system for their homes. In addition to helping customers find the right solar solution for their homes, CPA is seeking proposers that can also evaluate solar installers based on quality of service, experience, and qualifications, and recommend these solar installers to CPA’s customers.

CPA is a Joint Powers Authority (“JPA”) formed for the purpose of administering a Community Choice Aggregation Program (“CCA” or “CCA Program”) in Southern California Edison (“SCE”) territory. SCE is the Investor Owned Utility (“IOU”) that will continue to provide CPA customers with electric transmission and delivery service, while CPA provides retail electric generation service. CPA currently provides retail electric generation service to all residential customers located within its service territory, which includes the unincorporated portions of Los Angeles and Ventura counties and 29 additional cities within the region. CPA is also currently serving all commercial customers located in the unincorporated portion of Los Angeles County and in the cities of South Pasadena and Rolling Hills Estates. It will complete enrollment of all commercial customers throughout its service territory in May of 2019 and plans to enroll all customers of Westlake Village in early 2020.

At full implementation, the thirty-two member jurisdictions within the Clean Power Alliance service territory will represent nearly 3 million residents, one million retail service accounts, making CPA the largest community choice aggregation program in California. Additional background information on the program can be found on our website at www.cleanpoweralliance.org.

Through this Request for Proposals process (“RFP”), CPA is seeking proposals for the services required to: (1) implement and administer an online marketplace referral service, accessible through CPA’s website, that offers solar system design and installation options to residential customers; (2) offer customers professional solar project design; (3) provide independent verification and screening of project installers based on experience, quality of service, and licensing and certifications; (4) provide solar system details, such as type of system, system design, estimated energy generation, estimated energy cost savings, local area solar price comparisons and install dates and financing options; (5) rate solar projects based on competitive pricing, quality of product and fit for customer; and (6) offer residential and non-residential customer support after solar has been installed. CPA is made up of geographically and socioeconomically diverse members and is seeking a diverse pool of service providers.

Responsive proposals *must* address all specified services as described herein.

This RFP will be conducted in accordance with the schedule set forth below. Final selection will be contingent upon CPA Board of Directors authorization.

Submitting proposers shall bear all risks associated with delays in delivery. Any proposals received after the scheduled closing date and time for receipt of proposals will not be accepted.

4. Proposal Evaluation and Criteria

False, misleading, incomplete, or deceptively unresponsive statements in connection with a proposal shall be sufficient cause for rejection of the proposal. The evaluation and determination in this area shall be at CPA's sole judgment and their judgment shall be final. Proposals will be evaluated using the following criteria:

- *Proposer's Qualifications (40%)*

Proposer will be evaluated on their experience, knowledge, financial viability, capability, and capacity to perform the required services based on information provided in the proposal. Operational experience of the proposer's organization and subcontractors, and of key personnel, including similar services, number of

times the firm has provided the same or substantially similar services, years of experience and volume of energy supplied, experience providing similar services in California, and experience and familiarity with California behind-the-meter solar programs and rates.

Proposer and any subcontractors will be evaluated on the verification of references of the proposal. In addition to the references provided, a review of terminated contracts will be conducted which may result in point deductions.

- *Proposer's Approach to Providing Required Services (30%)*

The proposer will be evaluated on the description of the approach to meeting CPA's requirements based on information provided in the proposal.

- *Proposer's Approach to Providing "Additional Services" not specifically requested as part of the Statement of Work (5%)*

Proposer will be evaluated on any recommended additional services that are not specifically requested in the Statement of Work but that would improve the overall quality of the services sought. Innovative ideas and techniques that the proposer feels may benefit CPA may be included in this section.

- *Cost Proposal Evaluation Criteria (25%)*

The maximum number of possible points will be awarded to the lowest cost proposal. All other proposals will be compared to the lowest cost and points awarded proportionally.

Exceptions to Terms and Conditions of Sample Contract and/or Requirements of the Statement of Work

Proposer will be evaluated on their willingness to accept the Terms and Conditions and the Statement of Work. CPA may deduct rating points or disqualify the proposal in its entirety if the exceptions are material enough to deem the proposal non-responsive. Proposers are further notified that CPA may disqualify any proposer with whom CPA cannot satisfactorily negotiate a contract.

5. Selection Process

CPA reserves the sole right to judge the contents of the proposals submitted pursuant to this RFP and to review, evaluate and select the successful proposal. The selection process will begin immediately following the proposal submission deadline.

Evaluation of the proposals will be made by an Evaluation Team selected by CPA. The Team will evaluate the proposals and will use the evaluation approach to select a prospective contractor. All proposals will be evaluated based on the criteria listed in Attachment A. All proposals will be scored and ranked in numerical sequence from high to low.

After a proposer has been selected, CPA and the prospective contractor will negotiate a contract for execution by CPA. If a satisfactory contract cannot be negotiated, CPA may, at its sole discretion, begin contract negotiations with the next qualified proposer who submitted a proposal, as determined by CPA.

6. Reservation of Rights

This RFP is a solicitation for proposals only and is not intended as an offer to enter into a contract or as a promise to engage in any formal competitive bidding or negotiations. CPA may, at its sole discretion, reject any or all proposals submitted in response to this RFP. CPA also may, in its sole discretion, make no award for this RFP or cancel this RFP in its entirety. In addition, CPA may, at its sole discretion, only elect to proceed with contract negotiations for some of the services included in the proposal.

CPA shall not be liable for any costs incurred by the proposer in connection with the preparation and submission of any proposal. CPA reserves the right to waive inconsequential disparities in a submitted proposal. CPA has the right to amend the RFP, in whole or in part, by written addendum, at any time. CPA is responsible only for that which is expressly stated in the solicitation document and any authorized written addenda. Such addendum shall be made available to each person or organization which CPA records indicate has received this RFP. Should such addendum require additional information not previously requested, failure to address the requirements of such addendum may result in the proposal being found non-responsive and not being considered, as determined in the sole discretion of CPA. CPA is not responsible for and shall not be bound by any representations otherwise made by any individual acting or purporting to act on its behalf. CPA has the right to reissue the RFP at a future date.

7. Confidentiality and Public Records

Responses to this solicitation shall become the exclusive property of CPA. CPA is subject to the California Public Records Act (CPRA). The recommended proposer's proposal will become a matter of public record when contract negotiations are complete and CPA receives a letter from the recommended proposer's authorized officer that the negotiated contract is the firm offer of the recommended proposer or when an agreement is executed by CPA. Exceptions to disclosure may be available to those parts or portions of proposals that are justifiably and reasonably defined as business or trade secrets, and plainly

marked by the proposer as "Trade Secret", "Confidential", or "Proprietary". CPA shall not, in any way, be liable or responsible for the disclosure of any such record or any parts thereof, if disclosure is required or permitted under the CPRA or otherwise by law. In the event CPA receives a CPRA request for any of the aforementioned documents, information, books, records, and/or contents of a proposal marked "Confidential", "Trade Secrets", or "Proprietary", proposer agrees to defend and indemnify CPA from all costs and expenses, including reasonable attorneys' fees, incurred in connection with any action, proceedings, or liability arising in connection with the CPRA request.

A blanket statement of confidentiality or the marking of each page of the proposal as confidential shall not be deemed sufficient notice of a CPRA exemption, and a proposer who indiscriminately and without justification identifies most or all of its proposal as exempt from disclosure or submits a redacted copy may be deemed non-responsive.

8. Conflicts of Interest

CPA is governed by the Political Reform Act, Government Code Section 1090, Government Code Section 84308, and other requirements governing conflicts, campaign contributions, and gifts. Proposers are required to review all applicable conflict of interest laws.

Pursuant to Government Code 84308, you or your agent are prohibited from making a campaign contribution of more than \$250 to any Director of the CPA Board while this solicitation is pending and three (3) months after the Board takes action on any contract arising from this RFP. **You must disclose any campaign contributions to any Director of the CPA Board that you or your agent have made in the 12 months preceding this RFP to that Director.** If a campaign contribution in violation of Section 84308 is discovered, CPA shall, in its sole discretion, disqualify your proposal from further consideration.

You may not contact or receive information outside of this RFP process. If it is discovered that the proposer contacted and received information from any CPA personnel, CPA Director, or panel selection members other than the person specified above, regarding this solicitation, CPA may, in its sole discretion, disqualify your proposal from further consideration.
