## About Our Rates

Clean Power Alliance's current 2019 non-residential rates were established to meet standard bill comparison targets approved by our Board of Directors (1-2% cost savings for Lean Power, 0-1% savings for Clean Power, and 7-9% cost premium for 100% Green Power). These overall bill savings or premium—depending on which rate option the customer chooses—are in comparison to Southern California Edison's (SCE's) current base rates. Southern California Edison's proposal for a double digit increase to 2019 generation rates and associated fees charged to both their own and Clean Power Alliance customers to make up for a 2018 budget shortfall of over \$800 million dollars has been approved by the CPUC. Part of this SCE rate and fee increase went into effect in April 2019, with additional rate changes likely to go into effect in June 2019. When these rate changes occur, Clean Power Alliance will adjust our rates as needed. Any future changes to Clean Power Alliance rates will be adopted at public meetings of our Board of Directors.

## 100% Green Power Default Jurisdiction Rate

The rate for customers in Clean Power Alliance jurisdictions that selected **100% Green Power** as their default includes a small additional premium.<sup>1</sup> This additional premium provides funding to allow qualified customers in those jurisdictions that participate in financial assistance programs to receive **100% Green Power** at the same rates as they would have paid to Southern California Edison (SCE), including the discount provided by the financial assistance program. These programs are California Alternate Rates for Energy (CARE), Family Electric Rate Assistance (FERA), and Medical Baseline Allowance. Clean Power Alliance is committed to giving every customer the opportunity to be a champion for clean energy, as well as ensuring our customers have choices when it comes to their energy needs. At any time, customers can choose to move to our **Clean Power** option, which provides 50% renewable energy content at cost-competitive rates, or our **Lean Power** option, which provides 36% renewable energy content and offers a rate savings compared to SCE base rates. Customers can change their rate option by contacting our Customer Service Center at 888-585-3788, or visiting our website at [www.cleanpoweralliance.org/rate-options](http://www.cleanpoweralliance.org/rate-options).

**The rates contained in this document reflect charges for electric generation/supply. Please visit SCE.com for delivery rates and schedules.**

---

<sup>1</sup> This additional premium translates to an approximate 0.6% bill increase. Jurisdictions that selected 100% Green Power default for 2019 are Culver City, Ojai, Oxnard, Thousand Oaks, Santa Monica, Unincorporated Ventura County, Ventura, and West Hollywood.

## Rate Period Definitions

### Seasons

For all rate schedules, seasons are defined as follows:

- **Summer:** season shall commence at 12:00 a.m. on June 1 and continue until 12:00 a.m. on October 1 of each year.
- **Winter:** season shall commence at 12:00 a.m. on October 1 of each year and continue until 12:00 a.m. on June 1 of the following year.

### Time Periods

For all standard non-residential rate schedules, time periods are defined as follows:

#### Summer

- **On-Peak:** 4:00 p.m. to 9:00 p.m., weekdays except holidays
