

SCE and CPA JOINT RATE COMPARISONS

As part of our mutual commitment to better serve customers, Southern California Edison (SCE) and Clean Power Alliance (CPA) have jointly created a comparison of our common electric rates, average monthly charges, and generation portfolio contents. To find your specific electric rate, please scroll down. If you are not sure about your specific electric rate, this information can be found on the detailed page of your bill directly beneath the heading that reads "Details of your new charges."

If you have further questions please contact Clean Power Alliance at cleanpoweralliance.org or (888) 585-3788 and SCE at sce.com/cca or (800) 974 -2356.

Definitions

Generation Rate reflects the cost of producing or purchasing electricity to power your home. This rate depends on usage, and will vary depending on your service provider and rate plan.

SCE Delivery Rate is a charge assessed by SCE to deliver electricity to your home. This rate depends on usage.

Surcharges represents the Cost Responsibility Surcharge (CRS) and Franchise Fee (FF) that are applicable to Community Choice Aggregation (CCA) customers and SCE customers that elect a Green Rate. The CRS is a surcharge to recover costs associated with power purchases made on behalf of customers prior to a customer's switch to a CCA or SCE Green Rate. The FF recovers taxes owed to a city in exchange for allowing SCE to utilize electrical distribution lines throughout the property of the city. SCE acts as the collection agency for the FF surcharge which is levied by cities and counties for all customers.

All comparisons are calculated using SCE's 2019 static load profiles (typical customer usage profiles), SCE's published rates as of April 13, 2020 and CPA's published rates as of May 11, 2020.
