Terms of Service
Clean Power Alliance electric generation rates are competitive. Available rates can be reviewed at cleanpoweralliance.org/agenda. (TY 323-214-1296). Clean Power Alliance rates are subject to change and any changes will be adopted at duly noticed public meetings of the Clean Power Alliance Board of Directors, available at cleanpoweralliance.org/agenda.

Billing: Clean Power Alliance customers receive billing statements from SCE, just as they would under SCE bundled service, which include Clean Power Alliance charges for power generation. SCE will continue to charge you for transmission and distribution services they provide, this includes the cost of delivering electricity to your home or business.

Enrollment: You will be automatically enrolled in Clean Power Alliance, unless you opt out, on your scheduled meter read date, or by calling 888-585-3788 (TTY 323-214-1296) no later than 5 business days prior to the date on which the meter is read. To opt out, please call Clean Power Alliance at 888-585-3788 (TTY 323-214-1296) or visit cleanpoweralliance.org. Please have your electric bill handy so you have the information needed to process the request.

Failure to pay: Clean Power Alliance may transfer your account to SCE upon 14 calendar days’ written notice to you if you fail to pay any portion of the Clean Power Alliance charges on your bill. If your service is transferred, you may be subject to additional requirements by SCE.

To learn more, change your rate, or opt out and remain with SCE, contact us at 888-585-3788 (TTY 323-214-1296) or visit cleanpoweralliance.org.
How does it work?
Your city or county chose to offer you new clean energy options through Clean Power Alliance. You will automatically receive energy purchased by Clean Power Alliance that has the same renewable energy content as Southern California Edison (SCE) but at lower rates. Starting on your first electricity meter read date in September 2020, you’ll be automatically enrolled at the default level chosen by your community, Lean Power, with 36% renewable energy, but you can choose a different rate at any time. SCE will continue to deliver power, send bills, resolve any electricity service issues, and offer incentives to qualified customers. Please note your neighbors may have already started Clean Power Alliance service, but due to an SCE system issue, your enrollment with us was delayed.

What will it cost?
Lean Power provides a 1-2% overall bill savings compared to SCE. Compare your Clean Power Alliance and SCE rate options by using our bill comparison tool at cleanpoweralliance.org/compare to decide which option is best for your priorities.

What are my choices?
If you do nothing, you will continue at your community's default rate. Want a different rate? No problem. You can change your rate at any time by selecting one of Clean Power Alliance’s other two rate options: Clean Power (50% renewable energy) or 100% Green Power. You can also opt out if you decide to remain with SCE by visiting cleanpoweralliance.org or calling us at 888-585-3788. Clean Power Alliance offers customers the shared benefits of local management, competitive rates, and higher renewable content.

To learn more, change your rate, or opt out and remain with SCE, contact us at 888-585-3788 (TTY 323-214-1296) or visit cleanpoweralliance.org.
