Clean Power Alliance electric generation rates are competitive. Available rates can be reviewed at cleanpoweralliance.org or by contacting Clean Power Alliance at 888-585-3788 (TTY 323-214-1296). Clean Power Alliance rates are subject to change and any changes will be adopted at July noticed public meetings of the Clean Power Alliance Board of Directors, available at cleanpoweralliance.org/agendas.

Southern California Edison (SCE) collects from Clean Power Alliance customers authorized charges for delivering power to your home or business and for providing other services. These components of your electric bill are the same whether you buy electricity from Clean Power Alliance or SCE. Southern California Edison also charges Clean Power Alliance customers a Power Charge Indifference Adjustment (PCIA) and a Franchise Fee Surcharge. Both are calculated based on the number of kilowatt hours used each month. The PCIA is intended to ensure that components of your electric bill are the same whether you buy electricity from Clean Power Alliance or SCE. How does it work?
Your community chose to offer you new clean energy options through Clean Power Alliance. You will automatically receive energy purchased by Clean Power Alliance that has the same renewable energy content as Southern California Edison (SCE) but at lower rates. On your recent electricity meter read date on or after July 15, 2020, you were automatically enrolled at the default level chosen by your community. Lean Power, with 36% renewable energy, but you can choose a different rate at any time. SCE will continue to deliver power, send bills, resolve any electricity service issues, and offer incentives to qualified customers. Please note your neighbors may have already started Clean Power Alliance service, but due to an SCE system issue, your enrollment with us was delayed. Because Lean Power is your default rate option, you may also receive a one-time credit on your future SCE bill(s). This credit will reflect the total savings you should have received from Clean Power Alliance had you been enrolled with us at the correct time.

What will it cost?
Lean Power provides a 1-2% overall bill savings compared to SCE. Compare your Clean Power Alliance and SCE rate options by using our bill comparison tool at cleanpoweralliance.org/compare to decide which option is best for your priorities.

What are my choices?
If you do nothing, you will continue at your community’s default rate. Want a different rate? No problem. You can change your rate at any time by selecting one of Clean Power Alliance’s other two rate options: Clean Power (50% renewable energy) or 100% Green Power. You can also opt out and return to SCE by visiting cleanpoweralliance.org or calling us at 888-585-3788. Clean Power Alliance offers customers the shared benefits of local management, competitive rates, and higher renewable content.
