

RESOLUTION NO. 20-05-007

**A RESOLUTION OF THE BOARD OF DIRECTORS OF THE
CLEAN POWER ALLIANCE OF SOUTHERN CALIFORNIA
TO APPROVE 2020 RATES FOR PHASE 4 & 5 NON-
RESIDENTIAL CUSTOMERS**

THE BOARD OF DIRECTORS OF THE CLEAN POWER ALLIANCE OF SOUTHERN CALIFORNIA DOES HEREBY FIND, RESOLVE, AND ORDER AS FOLLOWS:

WHEREAS, the Clean Power Alliance of Southern California (formerly known as Los Angeles Community Choice Energy Authority) ("Clean Power Alliance" or "CPA") was formed on June 27, 2017; and

WHEREAS, the CPA Board of Directors ("Board") directed staff to procure power supply to provide three energy products (36% renewable, 50% renewable, and 100% renewable) and maximize non-emitting energy resources for the non-renewable portions of the portfolio; and

WHEREAS, the Board also sought to provide rate products that are lower or competitive with those offered by Southern California Edison (SCE) for similar products and to provide price stability; and

WHEREAS, the Board approved a 2019 rate product tier and cost range structure on August 16, 2018 ("Rate Structure Approval"); and

WHEREAS, SCE implemented rate changes and these rate changes require adjustments by CPA for Phase 4 rate schedules for non-residential customers; and

WHEREAS, on June 6, 2019, the Board authorized some Phase 4 CPA rates (TOU-8, TOU-GS-3, TOU-PA-2, TOU-PA-3, and rates for street/area lighting) to remain outside the rate tier and cost ranges established by Rate Structure Approval during the winter months, i.e., from January to May and from October to December, due to the imbalance in the cost to serve these customers and the relative revenue impact; and

WHEREAS, on June 1, 2020, Phase 5 will commence with the enrollment of all customers in Westlake Village, necessitating the adoption of Phase 5 non-residential rates; and

WHEREAS, SCE rate changes are effective as of April 13, 2020.

**NOW THEREFORE, BE IT DETERMINED, ORDERED, AND RESOLVED,
BY THE BOARD OF DIRECTORS OF THE CLEAN POWER ALLIANCE OF
SOUTHERN CALIFORNIA THAT:**

1. The proposed Phases 4 & 5 non-residential rate schedules as presented in Exhibit A are hereby approved effective as of May 11, 2020.
2. The proposed Phases 4 & 5 Wind Machine Credit rates as presented in Exhibit B are hereby approved effective as of May 11, 2020.
3. The proposed Phases 4 & 5 Peak Management Pricing rates as presented in Exhibit C are hereby approved effective as of May 11, 2020.
4. The Rate Structure Approval will continue to apply to rates for Phases 4 & 5 customers except for TOU-8, TOU-GS-3, TOU-PA-2, TOU-PA-3, and street/area lighting rates ("Subset Rates").
5. The Subset Rates are hereby authorized to remain outside the rate tier and cost ranges established in the Rate Structure Approval from January to May and from October to December.

APPROVED AND ADOPTED this 7th day of May 2020.

Diana Mahmud, Chair

ATTEST:

Gabriela Monzon, Secretary

Wind Machine Credit: Agricultural customers served under a PA-2 rate schedule who incur energy usage during the Winter Season solely for wind machine operations that have been determined eligible by SCE will receive a monthly winter demand credit based on highest recorded off-peak monthly kW demand.

Winter season commences at 12:00 a.m. on October 1 of each year and continues until 12:00 a.m. on June 1 of the following year.

Demand credits are shown in \$/kW.

Credit is applied to peak demand charge in \$/kW, except TOU-GS-1 customers for which it is applied to on-peak energy charges in (\$/kWh)
Rates apply equally to all service voltages

Energy surcharges/credits are shown in \$/kWh and demand credits are shown in \$/kW.
