

REQUEST FOR PROPOSALS (RFP)

FOR

SOFTWARE DEVELOPMENT AND INFORMATION TECHNOLOGY CONSULTING SERVICES

I. **OBJECTIVE**

Clean Power Alliance of Southern California (“CPA”) is seeking proposals (“Proposals”) from qualified and experienced contractors (individually, a “Proposer” and collectively, “Proposers”) to provide software development and information technology (“IT”) consulting services.

II. **PROJECT BACKGROUND**

CPA is a Community Choice Aggregation (“CCA”) program, established as a Joint Powers Authority, made up of 32 local agencies across Los Angeles and Ventura Counties. These agencies have banded together to provide cleaner electricity at competitive rates, offering a choice of electricity service providers to approximately three million residents and businesses through approximately one million customer accounts in Southern California.

Over the past year, CPA has been building out an in-house Energy Trading and Risk Management (“ETRM”) system that houses CPA’s contract data and will be used for position management, financial modeling, payment validation, and other procurement and financial support functions. ETRM is an application with a web-based graphical user interface (“GUI”) which is written in Java, using a Postgres database and running on ubuntu in an Amazon Web Services (“AWS”) Elastic Compute Cloud (“EC2”) instance.

ETRM has approximately ten (10) regular internal users, and houses data from approximately 850 total power contracts for various energy products, which account for more than 7,500 transactions.

CPA requires additional resources to complete a reproduction of the development and build environment, complete updates to the application, and perform other tasks as directed by CPA.

III. **QUALIFICATIONS AND EXPERIENCE**

A qualified Proposer should have the following minimum qualifications and experience:

- Proposer must have applicable qualifications and experience with Java and Python software development of web-based applications, including technology expertise and

experience in Snowflake, AWS, Linux, SQL, Postgres, and database administration. Proposer must have applicable qualifications and experience to support any solutions that Proposer enhances or develops.

- Proposer must have applicable qualifications and experience with providing software and technology services for CCAs or electric or municipal utilities, including knowledge of energy trading and existing solutions in the energy trading business.

IV. SCOPE OF SERVICES

A. Scope of Work

A detailed description of the Scope of Work for software development and IT consulting Services is contained in **Attachment A** (“Contemplated Scope of Services”).

B. Term of Work

Services under this RFP are expected to commence on October 31, 2022, and continue until October 30, 2023 (“Initial Term”).

V. PRICING

Proposer must (a) describe in detail the compensation structure to meet the Scope of Services specified in **Attachment A**; (b) describe in detail any fees or charges for travel, telephone calls, and any other expenses anticipated to be incurred, which shall be separately billed (NOTE: any compensation for such fees or expenses shall be at-cost, i.e., no margin, or additional fees shall be charged); and (c) describe in detail any discounts or downward adjustments that are available and the conditions for such discounts. The compensation structure can include (i) fixed price or (ii) hourly rates, in which case the Proposer must specify the rate increments for each professional who will or is anticipated to perform services outlined herein, and a not-to-exceed amount for each Task. The total cost should not exceed \$120,000.

E. Evaluation Process

CPA will evaluate the proposals pursuant to the criteria specified, in Section VI.D., above. CPA may select one particular Bidder or select a combination of Bidders (with or without interviews); or conduct interviews with a “short list” of Bidders, consisting of those Bidders reasonably likely, in the opinion of CPA, to be awarded the contract. Any interview may include discussions about services offered, conflicts of interests with other clients, or, fees/compensation amount or structure. Interviews may take place through written correspondence, telephone or video conference, and/or face-to-face interviews, at CPA’s sole discretion.

CPA reserves the right not to convene interviews or discussions, and to make an award on the basis of initial proposals received. References may be contacted at any point in the evaluation process.

After a Bidder has been selected, CPA will negotiate a contract for execution. If a satisfactory contract cannot be negotiated, CPA may, at its sole discretion, begin contract negotiations with the next qualified Bidder who submitted a proposal, as determined by CPA. Bidders are further notified that CPA may disqualify any Bidder with whom CPA cannot satisfactorily negotiate a contract. A contract may be presented to CPA’s Board of Directors for approval.

VII. PROPOSAL REQUIREMENTS

Proposals shall include the following components:

- Bidder’s qualifications and experience with the elements specified in Section III (Qualifications and Experience). Bidder must provide qualifications for all team members, including the principal, company official(s), and other personnel who Bidder anticipates will be assigned to work on behalf of CPA. - Bidder's completed Proposer's completed Campaign Contribution Form. See **Attachment E**.

VIII. RESERVATION OF RIGHTS

This RFP is a solicitation for proposals only and is not intended as an offer to enter into a contract or as a promise to engage in any formal competitive bidding or negotiations. CPA may, at its sole discretion, accept or reject any or all proposals submitted in response to this RFP. CPA also may, in its sole discretion, make no award for this RFP or cancel this RFP in its entirety. In addition, CPA may, at its sole discretion, only elect to proceed with contract negotiations for some of the services included in the proposal. CPA further reserves its right to waive minor errors and omissions in proposals, request additional information or revisions to offers, and to negotiate with any or all Bidders.

CPA shall not be liable for any costs incurred by the Bidder in connection with the preparation and submission of any proposal. CPA reserves the right to waive inconsequential disparities in a submitted proposal. CPA has the right to amend the RFP, in whole or in part, by written addendum, at any time. CPA is responsible only for that which is expressly stated in the solicitation document and any authorized written addenda. Such addendum shall be made available to each person or organization which CPA records indicate has received this RFP. Should such addendum require additional information not previously requested, failure to address the requirements of such addendum may result in the proposal being found non-responsive and not being considered, as determined in the sole discretion of CPA. CPA is not responsible for and shall not be bound by any representations otherwise made by any individual acting or

purporting to act on its behalf. CPA has the right to reissue the RFP at a future date.

IX. CONFIDENTIALITY AND PUBLIC RECORDS

Responses to this RFP shall become the exclusive property of CPA. CPA is subject to the California Public Records Act ("CPRA"). The recommended Bidder's proposal will become a matter of public record when contract negotiations are complete and when an agreement is executed by CPA. Exceptions to disclosure may be available to those parts or portions of proposals that are justifiably and reasonably defined as business or trade secrets, and plainly marked by the Bidder as "Trade Secret", "Confidential", or "Proprietary". CPA shall not, in any way, be liable or responsible for the disclosure of any such record or any parts thereof, if disclosure is required or permitted under the CPRA or otherwise by law.

In the event CPA receives a CPRA request for any of the aforementioned documents, information, books, records, and/or contents of a proposal marked "Confidential", "Trade Secrets", or "Proprietary", Bidder agrees to defend and indemnify CPA from all costs and expenses, including reasonable attorneys' fees, incurred in connection with any action, proceedings, or liability arising in connection with the CPRA request.

A blanket statement of confidentiality or the marking of each page of the proposal as confidential shall not be deemed sufficient notice of a CPRA exemption, and a Bidder who indiscriminately and without justification identifies most or all of its proposal as exempt from disclosure or submits a redacted copy may be deemed non-responsive.

X. CONFLICTS OF INTEREST

CPA is governed by the Political Reform Act, Government Code Section 1090, Government Code Section 84308, and other requirements governing conflicts, campaign contributions, and gifts. Proposers are required to review all applicable conflict of interest laws. In addition, CPA has adopted policies governing bidder conduct. Proposers are advised to review all policies, including the Vendor Communication Policy available here: <https://cleanpoweralliance.org/key-documents/>.

You may not contact or receive information outside of this RFP process. If it is discovered that the Proposer contacted and received information from anyone other than the email address specified above and under the process specified herein regarding this solicitation, CPA may, in its sole discretion, disqualify your proposal from further consideration.

All contact regarding this RFP or any matter relating thereto must be in writing and may be emailed to contracting@cleanpoweralliance.org with a copy to medwards@cleanpoweralliance.org.

Task #1: Migration of Current Environment and Creation of a Test Environment

Migrate the current ETRM application, which is written in Java, using a Postgres database and running on Ubuntu in an Amazon Web Services (“AWS”) Elastic Compute Cloud (“EC2”) instance, to a dedicated host in AWS, owned by CPA, and create a separate test environment.

- a. Validate and test the migrated ETRM application in the new production environment to verify that it replicates the current ETRM application and adheres to the requirements provided by CPA.
- b. Create a formal upgrade process for releasing new versions of the ETRM application in test and production.
- c. Provide documentation of the production and test environment design and configuration. Documentation shall be provided in Word format and describe the tools used to create both environments, how they operate, how to change source code, how a developer works with GitHub and releases software changes to production, and instructions on their use.

Task #1 Anticipated Deliverables:

- Completed and fully functional production and test environments for the ETRM application.
- Documentation of the production and test environments.

Timeline for Task #1:

- b. Test and provide proof of proposed resolution.
- c. Capture details of resolution in source code and Jira.
- d. Create log/audit files.
- e. Additional considerations include, but are not limited to, resource availability, response time, tomcat reboot issues, and disaster recovery.

Task #2 Anticipated Deliverables:

 - iii. Create individual user accounts.
 - iv. Assign role-based permissions to users, with AWS best practices, including establishing accounts in Ubuntu systems for automation processes.
- b. Snowflake, Postgres, and Microsoft Structured Query Language (“SQL”).
 - i. Create individual user accounts and establish role assignments to secure access for users in Postgres.
 - ii. Establish secret key files for individual user access controls for Postgres and SQL.
 - iii. Establish various user groups and roles in Snowflake.

Task #3 Anticipated Deliverables:

- Completion of updates to role and permission management features.
- Written overview of the approach and plan to be reviewed by CPA.

Timeline for Task #3:

- Task #3 shall be completed within two (2) weeks of initiation.

Task #4: Complete Additional Enhancements as Identified by CPA

Document and implement new system enhancements as directed by CPA. The following list of tasks is intended to illustrate the type of work that would be completed under Task #4. The actual enhancements may include, but are not limited to, the following:

- a. Add ability to create a child record linked to an existing parent record. Currently you can only add child records to new parent records when they are initially created.
- b. Break the Forward Price Monthly table into two (2) tables. The current version of the table is too large.
- c. Change table naming convention.
- d. Update delivery point names to reflect California Independent System Operator (“CAISO”) Import Allocation Rights (“IAR”) delivery points as listed in the Customer Interface for Resource Adequacy (“CIRA”).
- e. Draft a two (2) column table to be used for the drop-down list in the data entry screen.
- f. Build a new GUI screen to enable users to enter new contract data in data loader. Entered data would populate or call on data from the Counterparty, Parent, Child, Project, and Power Purchase Agreement Detail tables.
- g. API integrations to various applications such as the Tenaska Power Tools platform and future settlements software (CPA expects to make a selection at the beginning of November).
 - i. Establish an API interface to ETRM for transmitting information from ETRM on energy trades and energy and ancillary settlement details, and possibly a future bi-directional exchange of information.
 - ii. Provide documentation of integration, including a design document update capturing the design and implementation approach and comments in the source code.
- h. Develop scripts to automate multiple data flows from various sources to Snowflake, the data warehouse, Postgres, and ETRM application, including:

 - ii. Advanced Metering Infrastructure (“AMI”) customer energy consumption.
 - iii. Historical usage data.
 - iv. Provide documentation of how the scripts operate and what they achieve.
 - v. Scripts shall be stored in GitHub.
- i. Develop a user guide and design document that captures the build steps, including the development and high-level design of the application.
- j. Provide ongoing training to CPA staff surrounding all project updates.
- k. Provide documentation of enhancements, including:

- i. Design document updates for each enhancement.
- ii. Comments explaining details of implementation in the source code.

Task #4 Anticipated Deliverables:

- Completion of system enhancements.
- Documentation of system enhancements.

Timeline for Task #4:

- Task #4 shall be completed within four (4) to six (6) weeks of initiation.

Third Party Request for Confidential Information. Upon request or demand of any third person or entity not a Party hereto pursuant to the California Public Records Act for production, inspection and/or copying of Confidential Information ("Requested Confidential Information"), CPA will as soon as practical notify Contractor in writing via email that such request has been made. CPA will be solely responsible for taking at its sole expense whatever legal steps are necessary to prevent release to the third party of the Confidential Information designated by Contractor. If Contractor takes no such action after receiving the foregoing notice from CPA, CPA shall, at its discretion, be permitted to comply with the third party's request or demand and is not required to defend against it. If Contractor does take or attempt to take such action, Contractor agrees to indemnify and hold harmless CPA, its officers, directors, employees and agents ("CPA Indemnified Parties"), from any claims, liability, award of attorneys' fees, or damages, and to defend any action, claim or lawsuit brought against any of CPA Indemnified Parties for Contractor's attempt to prevent disclosure or CPA's refusal to disclose any Confidential Information.

Insurance

All required insurance coverages shall be substantiated with a certificate of insurance and must be signed by the insurer or its representative evidencing such insurance to CPA within 10 business days after the Agreement is fully executed. The general liability policy shall be endorsed naming Clean Power Alliance of Southern California and its employees, officers and agents as additional insureds. The certificate(s) of insurance and required endorsement shall be furnished to CPA prior to commencement of work and maintained throughout the Term and any Renewal Term. Each certificate shall provide for thirty (30) days advance written notice to CPA of any cancellation or reduction in coverage. Said policies shall remain in force through the life of this Agreement and shall be payable on a per occurrence basis only, except those required by paragraph (d) below which may be provided on a claims-made basis consistent with the criteria noted therein.

Nothing herein shall be construed as a limitation on Contractor's obligation under paragraph 6 of this Agreement to indemnify, defend, and hold CPA harmless from any and all liabilities arising from the Contractor's negligence, recklessness or willful misconduct in the performance of this Agreement. CPA agrees to timely notify the Contractor of any negligence claim.

Failure to provide and maintain the insurance required by this Agreement will constitute a material breach of the Agreement. In addition to any other available remedies, CPA may suspend payment to the Contractor for any services provided during any time that insurance was not in effect and until such time as the Contractor provides adequate evidence that Contractor has obtained the required coverage.

a. General Liability

The Contractor shall maintain a commercial general liability insurance policy in an amount of no less than one million (\$1,000,000.00) with a two million dollar (\$2,000,000.00) aggregate limit. CPA shall be named as an additional insured on the commercial general liability policy and the Certificate of Insurance shall include an additional endorsement page.

b. Auto Liability

Where the services to be provided under this Agreement involve or require the use of any type of vehicle by Contractor in order to perform said services, Contractor shall also provide comprehensive business or commercial automobile liability coverage including non-owned and hired automobile liability in the amount of one million dollars combined single limit (\$1,000,000.00).

c. Workers' Compensation

The Contractor acknowledges the State of California requires every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of the Labor Code. If Contractor has employees, a copy of the certificate evidencing such insurance or a copy of the Certificate of Consent to Self-Insure shall be provided to CPA prior to commencement of work.

d. Professional Liability Insurance

Coverages required by this paragraph may be provided on a claims-made basis with a "Retroactive Date" either prior to the date of the Agreement or the beginning of the contract work. If the policy is on a claims-made basis, coverage must extend to a minimum of twelve (12) months beyond completion of contract work. If coverage is cancelled or non-renewed, and not replaced with another claims made policy form with a "retroactive date" prior to the Agreement effective date, the Contractor must purchase "extended reporting" coverage for a minimum of twelve (12) months after completion of contract work. Contractor shall maintain a policy limit of not less than \$1,000,000.00 per incident. If the deductible or self-insured retention amount exceeds \$100,000.00, CPA may ask for evidence that Contractor has segregated amounts in a special insurance reserve fund or Contractor's general insurance reserves are adequate to provide the necessary coverage and CPA may conclusively rely thereon.

Contractor shall be responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the performance of the Agreement. Contractor shall monitor the safety of the job site(s) during the project to comply with all applicable federal, state, and local laws, and to follow safe work practices.

Indemnification

Contractor agrees to indemnify, defend, and hold harmless CPA, its employees, officers, and agents, from and against, and shall assume full responsibility for payment of all wages,
