ADVICE LETTER
SUMMARY
ENERGY UTILITY

MUST BE COMPLETED BY UTILITY (Attach additional pages as needed)

Company name/CPUC Utility No.: Clean Power Alliance of Southern California

Utility type: ☑ ELC ☐ GAS ☐ WATER
☐ PLC ☐ HEAT

Contact Person: C.C. Song
Phone #: 213 713 0363
E-mail: csong@cleanpoweralliance.org
E-mail Disposition Notice to: csong@cleanpoweralliance.org

EXPLANATION OF UTILITY TYPE
ELC = Electric
PLC = Pipeline
GAS = Gas
HEAT = Heat
WATER = Water

(Date Submitted / Received Stamp by CPUC)
Nov. 6, 2020

Advice Letter (AL) #: 0006
Tier Designation: 2

Subject of AL: Clean Power Alliance of Southern California’s Disadvantaged Communities Green Tariff Program and Community Solar Green Tariff Program Solicitation Materials

Keywords (choose from CPUC listing):

AL Type: ☐ Monthly ☐ Quarterly ☐ Annual ☑ One-Time ☐ Other:

If AL submitted in compliance with a Commission order, indicate relevant Decision/Resolution #:
E-5102

Does AL replace a withdrawn or rejected AL? If so, identify the prior AL: N/A

Summarize differences between the AL and the prior withdrawn or rejected AL: N/A

Confidential treatment requested? ☐ Yes ☑ No

If yes, specification of confidential information: N/A
Confidential information will be made available to appropriate parties who execute a nondisclosure agreement. Name and contact information to request nondisclosure agreement/access to confidential information: N/A

Resolution required? ☐ Yes ☑ No

Requested effective date: No. of tariff sheets: 0

Estimated system annual revenue effect (%): N/A

Estimated system average rate effect (%): N/A

When rates are affected by AL, include attachment in AL showing average rate effects on customer classes (residential, small commercial, large C/I, agricultural, lighting).

Tariff schedules affected: N/A

Service affected and changes proposed: N/A

Pending advice letters that revise the same tariff sheets: N/A

Discuss in AL if more space is needed.
Protests and all other correspondence regarding this AL are due no later than 20 days after the date of this submittal, unless otherwise authorized by the Commission, and shall be sent to:

California Public Utilities Commission
Energy Division
Attention: Tariff Unit
505 Van Ness Avenue, 4th Floor
San Francisco, CA 94102-3298

Advice Letter CPA 0006-E

SUBJECT: Clean Power Alliance of Southern California’s Disadvantaged Communities Green Tariff Program and Community Solar Green Tariff Program Solicitation Materials

PURPOSE

Pursuant to California Public Utilities Commission’s (Commission) Decision (D.) 18-06-027\(^1\) and Resolution E-5102\(^2\), Clean Power Alliance of Southern California (CPA) respectfully submits this Advice Letter (AL) for approval of its Disadvantaged Communities Green Tariff (DAC-GT) and Community Solar Green Tariff (CSGT) solicitation materials.

CPA hereby submits this AL requesting approval of the following documents for use in its DAC-GT & CSGT solicitations. CPA requests approval of this AL within 30 days of its submittal to enable the solicitation to launch by December 9, 2020. This AL contains the attachments listed below.

Attachment A: DAC-GT and CSGT Request for Offer (RFO) Protocols

Attachment B: DAC-GT and CSGT Project Offer Form

Attachment C: Power Purchase and Sale Agreement

BACKGROUND

On June 21, 2018, the Commission issued D.18-06-027 adopting three new programs to promote the installation of renewable generation among residential customers in DACs,\(^3\) as directed by

---

\(^1\) See D. 18-06-027 at pages 87-88.

\(^2\) E-5102 at page 15, Ordering Paragraph (OP) 2.

\(^3\) DACs are defined under D.18-06-027 as communities that are identified in the CalEnviroScreen 3.0 as among the top 25 percent of census tracts statewide, plus the census tracts in the highest five percent of CalEnviroScreen’s Pollution Burden that do not have an overall CalEnviroScreen score because of unreliable socioeconomic or health data.

---
the California Legislature in Assembly Bill (AB) 327 (Perea), Stats. 2013, ch 611. Pursuant to D.18-06-027, Community Choice Aggregators (CCAs) may develop and implement their own DAC-GT and CSGT programs. CCA programs must abide by all DAC-GT or CSGT rules and requirements adopted in D. 18-06-027. The Decision provides that CCAs must file a Tier 3 advice letter to implement the CCA DAC-GT and CSGT programs and allows CCAs to combine DAC-GT and CSGT proposals into one Tier 3 advice letter. Resolution E-4999 further stipulates that such advice letters must be filed on or before January 1, 2021 or the capacity allocated to the CCA will be reverted to an IOU or another CCA. Accordingly, CPA filed its Tier 3 Advice Letter on December 27, 2019 to create DAC-GT and CSGT programs consistent with all provisions in D.18-06-027, D.18-10-007, Resolution E-4999, as well as guidance received from the Commission’s Energy Division.

Subsequently, the Commission issued Resolution E-5102 on November 5, 2020, and approved CPA’s DAC-GT and CSGT program Advice Letter. In Resolution E-5102, the Commission specifically requires CPA to “submit a Tier 2 Advice Letter with their solicitation documents for their first Disadvantaged Communities Green Tariff and Community Solar Green Tariff Request for Offers within 60 days of issuance of this Resolution.” CPA is also required to issue its first RFO within 60 days of the Energy Division staff’s approval of its solicitation documents. In addition, Resolution E-5102 requires CPA to submit its executed PPAs via Tier 2 Advice Letter for approval within 180 days after notifying selected bidders. Therefore, CPA requests that the Commission approve this AL within 30 days to enable CPA to launch the solicitation by December 9, 2020, so CPA will be able to execute PPAs within the first quarter of 2021 and launch the program shortly after to provide accessible clean energy and much needed rate relief to DAC customers.

SUMMARY OF SOLICITATION MATERIALS

DAC-GT and CSGT RFO Protocol: The DAC-GT and CSGT RFO Protocol details the DAC-GT and CSGT program requirements to which CPA and its suppliers must adhere, including project siting and Community Sponsor requirements. Additionally, the RFO Protocol details the quantitative and qualitative evaluation and selection criteria utilized by CPA, which include project performance and economics, environmental stewardship, workforce development, project development risk, project location, and impact on DACs.

---

4 D.18-06-027 at page 104, OP 17. The third program established by the Decision is the DAC-Single-family Affordable Solar Housing program which is to be managed by a statewide program administrator.
5 Id. at page 104, OP 17.
6 Id. at page 56, FN 36.
7 Resolution E-4999 at 54, Findings and Conclusions 19.
8 D.18-10-007 issued on October 18, 2018 corrected and clarified certain matters in the D.18-06-027 including application of the DAC-GT and CSGT customer bill discount and the definition of “5 miles” with regard to maximum distance between CSGT facilities and subscribing customers.
9 Id. at page 15, OP 2.
10 Id. at page 15, OP 3.
11 See D. 18-06-027, Resolution E-4999, and Resolution E-5102
DAC-GT and CSGT Project Offer Form: Bidders utilize the Project Offer Form to submit project information including development risk, resource hourly profile, interconnection information, and a description of how the project meets each of the qualitative assessment criteria listed in the RFO Protocol. The Offer Form facilitates a standardized project evaluation process by CPA.

Power Purchase and Sale Agreement: CPA provides its standard pro forma PPA as part of the solicitation documents for each RFO.

TIER DESIGNATION

Pursuant to General Order (GO) 96-B, Energy Industry Rule 5.2, this advice letter is submitted with a Tier 2 designation (effective after 30 days).

EFFECTIVE DATE

This AL will become effective on December 6, 2020, the 30th calendar day after the date submitted.

NOTICE

Anyone wishing to protest this AL may do so by letter via U.S. Mail, facsimile, or electronically, any of which must be received by the Energy Division and CPA no later than 20 days after the date of this AL. Protests should be submitted to:

CPUC, Energy Division
Attention: Tariff Unit
505 Van Ness Avenue
San Francisco, CA 94102
Email: EDTariffUnit@cpuc.ca.gov

In addition, protests and all other correspondence regarding this AL should be sent by letter or transmitted electronically to the attention of:

C.C. Song
Director of Regulatory Affairs
Clean Power Alliance of Southern California
801 S. Grand Ave., Suite 400
Los Angeles, CA 90017
Email: csong@cleanpoweralliance.org

Francis Choi
Regulatory Analyst
Clean Power Alliance of Southern California
There are no restrictions on who may file a protest, but the protest shall set forth specifically the grounds upon which it is based and shall be submitted expeditiously.

In accordance with General Rule 4 of GO 96-B, CPA is serving copies of this AL to the interested parties shown on the R. 14-07-002 service list. Pursuant to the March 20, 2020 order from Executive Director waiving the hard copy filing requirements for the AL pursuant to GO 96-B Rule 1.3, CPA will not be filing a hard copy of this AL. For changes to these service lists, please contact the Commission’s Process Office at (415) 703-2021 or by electronic mail at Process_Office@cpuc.ca.gov.
2020 DAC-GT and CS-GT Request for Offers

Launch: 12/09/2020
Close: 3/15/2021

RFO Protocol

1. Introduction

On June 21, 2018, the California Public Utilities Commission (CPUC) approved ("D.") 18-06-027 *Alternate Decision Adopting Alternatives to Promote Solar Distributed Generation in Disadvantaged Communities* adopting three new programs to promote the installation of renewable generation among residential customers in disadvantaged communities ("DAC")\(^1\), as directed by the California Legislature in Assembly Bill ("AB") 327(Perea), Stats. 2013, ch 611. Pursuant to D.18-06-027, Community Choice Aggregators ("CCAs") may develop and implement their own DAC-GT and CS-GT programs.

Per *Resolution E-4999*, Clean Power Alliance of Southern California ("CPA") has been allocated 12.19 MW for its DA Green Tariff ("DAC-GT") program and 3.13 MW for its Community Solar Green Tariff ("CS-GT") program. CPA is soliciting competitive proposals for new, in-front-of-the-meter renewable energy resources located in eligible disadvantaged communities. The requirements for these renewable energy resources are listed below in Section 2b.

General instructions for participating in CPA’s RFO and product-specific requirements are described in the text of this document ("RFO Protocol").

\(^1\) DACs are defined under D.18-06-027 as communities that are identified in the CalEnviroScreen 3.0 as among the top 25 percent of census tracts statewide, plus the census tracts in the highest five percent of CalEnviroScreen’s Pollution Burden that do not have an overall CalEnviroScreen score because of unreliable socioeconomic or health data. Resolution E-4999 clarified that Program Administrators must file a Tier 1 Advice Letter to update program eligibility rules within 30 days of a new release of the CalEnviroScreen tool.

2. Background

a. Description of CPA

Established in 2017, CPA is a Joint Powers Authority made up of 32 local agencies across Los Angeles and Ventura Counties serving electricity to over 1 million customers in the region. CPA was established to provide cost competitive electric services, reduce electric sector greenhouse gas emissions, stimulate renewable energy development, implement distributed energy resources, promote energy efficiency and demand reduction programs, and sustain long-term rate stability for residents and businesses through local control.

CPA seeks to develop an electric supply portfolio with overall lower greenhouse gas (“GHG”) emissions than that of Southern California Edison, to encourage the use and development of cost-effective renewable and distributed energy resources, and to discourage the use of unbundled renewable energy credits (“RECs”). CPA also seeks to provide and manage its energy portfolio and products in a manner that is cost effective to customers, to promote public health in areas impacted by energy production, to achieve regional economic benefits and workforce development, and to offer customers a choice of differentiated renewable product tiers.

b. RFO Overview and Project Eligibility

CPA is expecting to fill CPA’s eligible program capacity allocation under the DAC-GT and CS-GT programs over multiple RFOs. This RFO is the first of CPA’s DAC-GT and CS-GT program RFOs. Stakeholders who are not prepared to submit to the 2020 DAC-GT and CS-GT RFO, but who are interested in future RFO cycles, are invited to respond to a Request for Information (RFI) described in Section 2(d). Below is a description of eligibility requirements for projects offered in this RFO.

Any Power Purchase Agreement (PPA) which results from this RFO will be subject to CPA Board of Directors and CPUC approval. For those projects which receive CPA Board of Directors approval and an executed PPA, CPA will submit the executed PPA to the CPUC for approval within 180 days of bidder’s receipt of shortlist notification.

DAC-GT Project Eligibility

- The Project must be physically located in and connecting electrically to a circuit, load, or substation within Southern California Edison’s (SCE’s) service territory and located within an eligible DAC, as further defined in Section 2c.
- The Project must be a new solar, wind, hydroelectric, or biomass/biogas Renewable Portfolio Standard (“RPS”)-eligible, in-front-of-the-meter generating facility with a nameplate rated generating capacity between 500 kW and 13 MW, inclusive. Behind-the-meter projects, non-renewable technologies, and other complimentary technologies are not eligible.
- The Project must have an online date no later than December 31, 2023.
- The Project must have completed a Phase I Interconnection Study.
- The Project must comply with the California Air Resources Board’s Voluntary Renewable Electricity Program.
- The Project must be Green-e certified.
The Project must qualify as a DAC-GT Project pursuant to D.18-06-027, D.18-10-007, and Resolution E-4999.

CS-GT Project Eligibility

- The Project must be physically located in a DAC census tract within SCE’s service territory, connected electrically to a circuit, load, or substation within SCE’s service territory, and located within 5 miles of the DAC census tracts in which subscribing CPA customers reside, as further defined Section 2c.
- The Project must be a new, RPS-eligible solar, in-front-of-the-meter generating facility with a nameplate rated generating capacity of less than or equal to 3.00 MWac. Behind-the-meter projects, non-renewable technologies, and other complimentary technologies are not eligible.
- The Project must have an online date no later than December 31, 2023.
- The Project must comply with the California Air Resources Board’s Voluntary Renewable Electricity Program.
- The Project must be Green-e certified.
- The Project must qualify as a CS-GT Project pursuant to D.18-06-027, D.18-10-007, and Resolution E-4999.
- The Project must submit a letter of commitment from a non-profit community-based organization (“CBO”) or a local government entity or school that would serve as a sponsor for the CS-GT project on behalf of the residents that are located in a DAC within CPA’s service territory for the offered Project which must contain at minimum:
  - Demonstration of substantial interest of community members in subscribing to Project;
  - Estimated number of subscribers, with justification to ensure Project is sized to likely demand;
  - A preliminary plan to conduct outreach and recruit subscribers (which may be conducted in conjunction with the developer and/or CPA); and
  - Siting preferences, including community-suggested host sites, and verification that the site chosen for the bid is consistent with community preference.
  - Description of how workforce development and job training will be incorporated in their efforts.

C. Disadvantaged Communities

The CPUC has defined an eligible DAC as census tracts that either: (1) score at or above the 75th percentile (i.e., scoring in the top 25 percent statewide) in the California Environmental Protection Agency’s (“CalEPA”) CalEnviroScreen 3.0 on a statewide basis, or (2) are one of the census tracts that

---

2 CPA’s service territory includes unincorporated Los Angeles County, unincorporated Ventura County and the cities of: Agoura Hills, Alhambra, Arcadia, Beverly Hills, Calabasas, Camarillo, Claremont, Carson, Culver City, Downey, Hawaiian Gardens, Hawthorne, Malibu, Manhattan Beach, Moorpark, Ojai, Oxnard, Paramount, Redondo Beach, Rolling Hills Estates, Santa Monica, Sierra Madre, Simi Valley, South Pasadena, Temple City, Thousand Oaks, Ventura, West Hollywood, Westlake Village, and Whittier.
score in the highest five percent of CalEnviroScreen’s pollution burden, but that do not have an overall score.

The CalEPA has created an online map that displays the CalEnviroScreen results, where one can pan and zoom into various areas of California to graphically identify the general location of DACs. There are multiple ways to identify DACs:

A. Via Data List (Spreadsheet). In order to download a data list of areas that correspond to the preceding map, one can:
   1. Visit the CalEPA DAC website
   2. Download the List of Disadvantaged Communities Excel file
   3. Filter the data set (on either tab)

B. Search by Address. One can also determine DAC status of one or more specific addresses. For a single address, go back to the CalEnviroScreen map and, in the “Find address or place” field, input the address and determine the color coding alongside the map’s Legend.

CPA is providing an online map to assist bidders in identifying whether their project is within a DAC. The map will also help bidders determine if their project meets the specific geographical eligibility requirements for the DAC-GT and CS-GT programs as laid out in Section 2b. The map can be accessed from the RFO website.

d. Request for Information (RFI)

CPA will continue to solicit offers for renewable energy from DAC-GT and CS-GT projects until it fills its capacity allocation for each program. Consequently, interested developers, community sponsors, or site hosts who are not able to submit an offer to the 2020 DAC-GT and CS-GT RFO, but who would be interested in participating in potential future DAC-GT and/or CS-GT RFOs, are encouraged to respond to an RFI.

The goals of this RFI are as follows:

1. To identity interested developers, community sponsors, or site hosts who may have or know of eligible projects to nominate for the DAC-GT or CS-GT programs
2. To collect information on eligible DAC-GT or CS-GT project development
3. To prepare interested developers, community sponsors, or site hosts for future DAC-GT or CS-GT solicitations

To respond, please submit a written response (a word document in PDF form) that addresses the topics below. Respondents may respond ‘Not Applicable’ to questions that are not applicable to their stakeholder position. Submissions must be emailed to the RFO email address, DACProgramsRFO@cleanpoweralliance.org. Submissions are due on March 15, 2021 at 11:59 PM Pacific Standard Time.

Requested Information

1. Contact Information
a. Respondent/Company name
b. Authorized Contact (Name, Position, Phone, E-Mail)
c. Project Name (if applicable)

2. Stakeholder Relationship
   a. Describe the respondent’s stakeholder relationship to the potential DAC-GT or CS-GT project. Is the respondent a developer, community sponsor, site owner, or other?

3. Location
   a. Have you identified a site that would be suitable and feasible for a renewable energy project? If so, describe the location of the potential site.
   b. Confirm if the site is located within or nearby a disadvantaged community (DAC), using the CPA DAC mapping website.
   c. Please describe land use / permitting / environmental considerations regarding the proposed site, if known.
   d. If the respondent is a community sponsor, describe the location(s) and communities that the respondent serves.

4. Project (if applicable)
   a. Describe the potential DAC-GT or CS-GT project, including information on:
      i. Technology
      ii. Capacity
      iii. Stage of development
      iv. Anticipated online date
      v. Access to and experience with project financing and sources of funding / revenue, such as grants, tax credits, preferential loans, or other revenue sources
   b. Please provide any other information you think is helpful to CPA’s understanding of the proposed project.

5. Community Engagement (if applicable)
   a. Have you conducted engagement activities within the community the project will serve? Please describe the types of underserved community members you successfully reached during those activities.
   b. What types of community engagement activities do you have previous experience performing?

   e. RFO Website

All information regarding this RFO will be posted to the RFO website at cleanpoweralliance.org/DACProgramsRFO. Bidders will submit all offers (including narrative, offer form templates, redlined contracts, and all other materials) to the RFO email address: DACProgramsRFO@cleanpoweralliance.org. All Q&A questions from bidders shall also be submitted to the same email address.

   f. Acknowledgement of Terms

By participating in CPA’s RFO, respondents (“Bidders”) acknowledge that they have read, understand, and agree to the terms and conditions set forth in this RFO Protocol. CPA reserves the right to reject any offer that does not comply with the requirements identified herein. Furthermore, CPA may, at its sole
discretion and without notice, modify, suspend, or terminate the CPA RFO without liability to any organization or individual. The CPA RFO does not constitute an offer to buy or create an obligation for CPA to enter into an agreement with any party, and CPA shall not be bound by the terms of any offer until CPA has entered into a fully executed agreement.

3. Submission Details
   
a. Registration

To receive RFO notifications, all Bidders should complete the Bidder Registration form online at: cleanpoweralliance.org/DACProgramsRFO.

b. Timeline

Responses to the RFO are due on March 15, 2021 by 11:59 PM Pacific Standard Time.

c. Compliant Submission Specifications

All offers must meet the following specifications in order to be considered for selection. Please ensure that proposals conform to the appropriate specifications for the project submitted. Any deviations from the following list will be treated as non-compliant and excluded from consideration.

<td><strong>Note:</strong> Actual payments to bidder will be consistent with the terms of the PPA Agreements for each project.</td>
</tr>
</tbody>
</table>
| **Number of Offers** | Bidders may submit a maximum of one (1) offer per unique facility/location. This project should be the largest size and most competitive offer that meets all compliance requirements. All projects will be evaluated with the assumption that smaller project sizes may be priced and negotiated during final shortlisting negotiations. Alternative configurations, durations, or pricing schemes may be submitted as descriptions within the narrative document (see full description in “Submission Package” section below) but may not be evaluated or considered until final negotiations or at all. 

**NOTE:** If a single Bidder wishes to submit multiple unique facilities (at different locations), each project must be submitted as an entirely separate Submission Package with fully completed copies of each relevant document. |
| **Term** | Bidders must submit a conforming offer with a term of fifteen (15) years. Bidders may also provide additional alternate offers of ten (10) years and twenty (20) years, if desired. |
| **Scheduling Coordinator** | For generation only projects, Seller shall be the Scheduling Coordinator (“SC”). In the Project Narrative, Bidders may also provide an alternative offer that reflects CPA as the SC. |
| **Ownership** | All projects will be owned by the Bidder, with CPA contracting the output of the resource for the duration of the contract term. |
| **Expected Commercial Operation Date ("COD")** | On or prior to December 31, 2023. |
| **Deliverability** | Both “Energy Only” projects and projects with Full Capacity Deliverability Status (“FCDS”) are eligible for this RFO. Energy Only projects will not receive any value for providing Resource Adequacy benefits. |
| **Seller Security Requirements** | $60/kW of Contract Capacity. |
| **Guaranteed Energy Production** | One hundred sixty percent (160%) of proposed estimated annual energy production in each 2-year performance measurement period. |
| **Workforce Development** | **Prevailing wage requirement:** All employees hired by the project developer, and its contractors and subcontractors, that will perform construction work or provide services at the site related to construction of the Facility shall be paid wages at rates not less than those prevailing for workers performing similar work in the locality as provided by applicable California law, if any. A project’s prevailing wage obligations |
can be satisfied upon the execution of a project labor agreement related to construction of the Facility.

Targeted hire requirements: The project will comply with the following targeted hire requirements (refer to Section 4b of the RFO Protocol for defined terms):

- A minimum of 40% of all hours of project work shall be performed by Local Targeted Worker
- A minimum of 10% of all hours of Project Work shall be performed by Disadvantaged Workers whose primary place of residence is within Los Angeles and Ventura Counties.
- 60% of all Journeymen Wiremen working on the project shall be graduates of a state approved electrical apprenticeship program.
- At least 10% jobsite electrical workers shall be OSHA 30-hour General Industry Safety and Health Certified.
- All electrical work will be performed by Journeymen Electricians, or Apprentices currently being trained in a California Approved Electrical Apprenticeship Program under the Supervision of a Journeyman Electrician.

All Apprentices will be registered in a state of California approved apprenticeship program under the supervision of a certified electrician.

d. Submission Package

Projects bids should be submitted via email to DACProgramsRFO@cleanpoweralliance.org by the submission deadline with a subject line of “2020 DAC-GT RFO” or “2020 CS-GT RFO” as appropriate. Submissions must include the following attachments, as detailed in the sections following:

i. Fully completed Offer Form template
ii. Project Narrative
   - For CS-GT projects, this must include a sponsor letter of commitment
iii. Redlined PPA
iv. Executed non-disclosure agreement
v. ArcGIS file of project’s geospatial footprint in .LPK format

CPA Vendor Campaign Contribution Disclosure Form

Bidders should submit a brief narrative of the proposed project and vendor qualifications. This narrative will be primarily used as a reference for specific project details that are not fully captured in the Offer Form templates and for further assessment of shortlisted proposals. The contents of the narrative will not be used as part of initial quantitative or qualitative project evaluation but are mandatory for promotion to the final shortlist. **The project narrative should be submitted as a pdf document.**

The project narrative must include the following sections in the order listed below:
1. Project summary
   i. Brief summary of project including location, sizing, and any relevant high-level details (1-2 paragraphs)

2. Project details summary table
   i. Should include project name, location city and county, capacity size, energy sizing (duration), COD, and pricing ($/kWh)

3. Detailed site description
   i. Detailed description of the current land use of the project footprint, including a detailed site map
   ii. Describe the project’s proposed interconnection, including proximity to transmission interconnection and any new interconnection facilities that would need to be built

4. Project risk
   i. Brief overview of project risks, particularly related to status of:
      1. Project interconnection
      2. Site control and permitting
      3. Environmental zoning, studies, and permitting
      4. Financing

5. Community experience
   i. Describe what benefits the project provides the community in which it is located, including resiliency, CPA member agency partnership or co-investment, and grant eligibility
   ii. Describe completed or planned community outreach and communications strategy
   iii. Describe bidder’s previous experience in community engagement, either in the community in which the project is located, or others

6. Developer experience
   i. Brief description of developer experience, particularly as relates to previously completed projects of a similar scope and scale

7. Offer variants
   i. Description of additional variants the bidder would like CPA to consider.
   ii. If the bidder would like to propose offer variants beyond the one proposed in the Offer Form Template, these variants may be described in text in this section. These additional variants may not be submitted as offer form templates and will not be evaluated in the quantitative evaluation phase but may be assessed for additive value if the initial proposal is chosen for shortlisting consideration.
      1. Alternative offers that might be proposed in this section include distinct CODs, alternative pricing schemes, alternative SC arrangements, or any other arrangements that may provide additional value.

8. For CS-GT projects only, the project must attach the sponsor letter of commitment, as referred to in Section 2b, which must contain at minimum:
   i. Demonstration of substantial interest of community members in subscribing to Project;
ii. Estimated number of subscribers, with justification to ensure Project is sized to likely demand;

iii. A preliminary plan to conduct outreach and recruit subscribers, including monolingual and hard to reach customers, (which may be conducted in conjunction with the developer and/or CPA); and

iv. Siting preferences, including community-suggested host sites, and verification that the site chosen for the bid is consistent with community preference.

**Offer Form Template**

The excel file data template is the primary source of data for evaluating submissions. **This Offer Form template is mandatory and must be fully completed for a submission to be considered compliant.** The Offer Form template contains the following sections, and a guide for which sheets must be completed is provided on the instructions sheet in each of the two templates. All yellow fields in the sheets relevant to the proposed project should be fully completed, utilizing the drop-down lists when provided.

1. **Participant & Project Info:** these values provide summary information for the project
2. **Hourly Profile:** these values will be used for quantitative modeling of renewable generation resources
3. **Qualitative Assessment:** this questionnaire gathers information for qualitative selection criteria. Responses to the qualitative questionnaire will be a significant component to CPA’s project evaluation
4. **Development Risk:** these questions are intended to assess potential project development risk

**Redlined PPAs**

CPA is including the Pro Forma PPA that CPA intends to use as the basis for contracting with successful Bidders. The Pro Forma PPA is the same for all counterparties, and CPA will only accept changes to the Pro Forma PPA related to Project-specific characteristics and information.

Bidders must consider the commercial terms stipulated in this RFO Protocol as well as those commercial terms defined in the agreement when submitting an offer to this RFO. CPA will consider limited requests for adjustments and edits to its form agreements, provided that such requested edits are incorporated as redline edits to the Pro Forma PPA Word document and submitted as part of the submission package. While CPA will consider limited requests for adjustments and edits to its form agreements, adherence to CPA’s standard contract terms is an important factor in CPA’s evaluative process that will be strongly weighted. Offers that accept CPA’s standard contract terms will be given preference during such evaluation. Bidders should be aware that changes to CPA’s standard contract terms submitted after the response deadline may result in disqualification of the offer and, if applicable, forfeiture of the Shortlist Deposit provided under the Exclusivity Agreement.

**ArcGIS Project File**

All projects are required to submit an ArcGIS file of the relevant geospatial footprint of the project. Please refer to Exhibit A: Instructions for ArcGIS Maps and Offer Form Template “Qualitative Assessment” Sheet for further instructions.
Non-Disclosure Agreement

All Bidders are required to sign CPA’s standard Non-Disclosure Agreement ("NDA"). CPA will not accept changes to the NDA.

b. Screening and Compliance

After the submission deadline, all submissions will be reviewed for basic compliance and completeness. At the discretion of CPA, developers may be contacted to notify them of deficiencies in their submission materials. **Bidders will have five (5) business days to respond with updated and compliant submission materials or risk rejection from consideration.**

Bidder is solely responsible for checking compliance of all submitted materials. Lack of communication from CPA does not imply confirmation of a compliant submission.

4. Evaluation and Selection Criteria

Projects will be evaluated based on a combination of quantitative and qualitative criteria. Quantitative criteria will focus on project performance and economics, while qualitative criteria will focus on factors related to environmental stewardship, workforce development, development score, project location, and impact on Disadvantaged Communities. Both categories of criteria will play a major role in project evaluation.

a. Quantitative Evaluation

All projects will be assessed for market performance against the relevant project Pnode. Initial evaluation of all projects will use the hourly generational profile data provided in the Offer Form templates (sheets 3a and 4a) dispatched against simulated Pnode prices to model energy and capacity value over the 15-year project lifetime. Pnode prices will be generated using modeling that accounts for changes in regional fundamentals (congestion, solar generation, storage, etc) over time. This analysis will provide an estimate of energy value for each project, which along with the $/MWh PPA cost submitted in the proposal will be used to calculate an overall value for each project.

b. Qualitative Evaluation Criteria

In performing this evaluation, CPA will consider a common set of qualitative criteria, a partial list of which is included below. This list may be revised at CPA’s sole discretion and includes:

- Overall clarity and quality of response, inclusive of completeness, timeliness, and conformity
- **Development Score**
  - Development score refers to project development status, including but not limited to progress toward interconnection, deliverability, siting, zoning, permitting and financing requirements.
  - All projects will be assessed for a project development score using the answers supplied in the “Development Score” sheet of the Offer Form template. The results of these questions will be used to provide an additional qualitative project score to aid in final project shortlisting.
• **Environmental Stewardship**
  o CPA is committed to being an environmental leader by providing customers with energy that delivers multiple benefits for air, water, and nature and avoids impacts to important lands, species, and waters. CPA will prioritize projects that are considered multi-benefit renewable energy and projects located in areas zoned for renewable energy development. CPA will de-prioritize projects located in high-conflict areas.

• **Workforce Development**
  o CPA is committed to creating community benefits, which includes engaging a skilled and trained workforce and targeted hires. CPA will prioritize projects demonstrating the following:
    - Projects that have secured a 5-trade community benefit or project labor agreement.
    - Projects utilizing a skilled and trained workforce and meet all of the following criteria:
      - All electrical work will be performed by Journeymen Electricians or Apprentices.
      - At least 60% of all Journeyman Wiremen are graduates of a state-approved joint labor management apprenticeship training program.
      - At least 10% jobsite electrical workers shall be OSHA 30-hour General Industry Safety and Health Certified.
      - Projects utilizing prevailing hourly wage rates.
    - Projects utilizing local and targeting hires:
      - A minimum of 40% of all hours of project work shall be performed by Local Targeted Workers, with priority given to residents of Los Angeles and Ventura Counties. If the Contractor/Subcontractor/Employer (“C/S/E”) has exhausted the

---

3 Electrical work is defined as the placement, installation, commissioning, testing, programming, erection or connection of any electrical wires, fixtures, appliances, apparatus, raceways, conduits, transmission lines, solar photovoltaic cells or any part thereof, or any upgrade thereto; which generates, transmits, transforms, stores or storage used to integrate eligible renewable resources, add/or utilizes electrical energy, regardless of form or purpose, and regardless of voltage; as well as electrical energy efficiency, which includes but is not limited to: all lighting work, all advanced lighting controls (including third party certification, California Advanced Lighting Control Training Program (also known as “CALCTP”), all building controls and automation, energy and electric technology related to metering, sub-metering and/or systems related to or regarding demand response.

4 Journeymen Electrician is a worker who either: 1) graduated from an apprenticeship program for the applicable occupation that was approved by the chief or located outside California and approved for federal purposes pursuant to apprenticeship regulations adopted by the Secretary of Labor, or 2) has at least as many hours of on-the-job experience in an applicable occupation as would be required to graduate from an apprenticeship program for the applicable occupation that is approved by the chief.

5 An Apprentice means registered in an apprenticeship program approved by the chief pursuant to Section 3075 of the Labor Code who is performing work covered by the standards of that apprenticeship program and receiving the supervision required by the standards of that apprenticeship program.

6 Local Targeted Worker refers to workers located within a 25-mile radius of the project.
available pool of local residents, Local Targeted Worker shall refer to workers from Economically Disadvantaged areas.\textsuperscript{7}

- A minimum of 10\% of all hours of project work shall be performed by Disadvantaged Workers\textsuperscript{8} whose primary place of residence is within a 25-mile radius of the project.

- **Project Location** – for DAC-GT and CS-GT projects, CPA has a high preference for projects located within CPA’s service territory. CPA will prioritize projects located in the top 5\% census tracts of disadvantaged communities per CalEnviroScreen 3.0 (if applicable).

- **Other Preferences** – CPA will prioritize projects that leverage other government funding such as a state Community Services Department (“CSD”) grants, or that provide evidence of support or endorsements from programs such as Transformative Climate Communities or other local climate initiatives.

5. **Communication Guidelines**

CPA will not be answering questions related to the RFO outside of the formal Q&A process. Bidders are prohibited from communicating with CPA personnel, Board director or alternate outside of this Q&A process. **If it is discovered that a Bidder contacts and receives information from any CPA personnel, Board director or alternate, outside of the rules established by this RFO, CPA may, in its sole determination, disqualify such Bidder’s proposal from further consideration or take any other action as CPA may decide.** Please review CPA’s Vendor Communication Policy, available at: [https://cleanpoweralliance.org/wp-content/uploads/2019/06/CPA2019-010_Policy_Vendor-Communications.pdf](https://cleanpoweralliance.org/wp-content/uploads/2019/06/CPA2019-010_Policy_Vendor-Communications.pdf).

**Bidders’ Webinar**

CPA will host an informational webinar to review the objectives and process of this RFO. Bidders are encouraged to attend. A registration link for the webinar will be posted to CPA RFO website.

**Q&A**

All questions will be answered through a formal Q&A process. Bidders must submit questions to DACProgramsRFO@cleanpoweralliance.org by 11:59 PM Pacific Standard Time on January 6, 2021. All questions received and all answers to such questions will be posted in a single response document for all Bidders to view on the CPA RFO website. CPA reserves the right to group questions, combine issues, or organize answers in a manner that CPA finds appropriate.

---

\textsuperscript{7} Economically Disadvantaged Area” means a zip code that includes a census tract or portion thereof in which the median annual household income is less than $40,000 per year, as measured and reported by the U.S. Census Bureau in the 2010 U.S. Census and as updated upon the U.S. Census Bureau issuing updated Median Annual Household Income data by census tract in the American Community Survey.

\textsuperscript{8} Disadvantaged Worker means an individual who faces at least one of the following barriers to employment: (1) being homeless; (2) being a custodial single parent; (3) receiving public assistance; (4) lacking a GED or high school diploma; (5) having a criminal record or other involvement with the criminal justice system; (6) suffering from chronic unemployment; (7) emancipated from the foster care system; (8) being a veteran of the United States Armed Services; (9) being an apprentice with less than 15\% of the required graduating apprenticeship hours in a program; or (10) residing in an area that falls in the top 15-percentile of the CalEnviroScreen 3.0 score.
6. Buyer Security

CPA does not intend to provide collateral or performance security in connection with any PPAs that it may execute in connection with this RFO. By submitting an offer through this RFO, Seller acknowledges and accepts that CPA does not intend to provide collateral or performance security in connection with any PPA, and no such offer submitted will be subject to a requirement that CPA post collateral or security.

7. Exclusivity Agreement

Following Bidder notification (i.e., shortlist selection), in order to continue with the process, selected Bidders will be required to sign CPA’s standard Exclusivity Agreement that is attached to the RFO Release documents as “CPA Exclusivity Agreement.docx” and to submit a deposit of $3.00/kW AC for all short-listed project capacity (“Shortlist Deposit”). The Shortlist Deposit is intended to secure the obligations of any shortlisted Bidder(s) during the negotiating period and to ensure that each offer has been carefully considered. The Shortlist Deposit must be in the form of either a cash deposit or a Letter of Credit. “Letter of Credit” means an irrevocable standby letter of credit, in a form reasonably acceptable to CPA, issued either by (i) a U.S. commercial bank, or (ii) a U.S. branch of a foreign commercial bank that meets the following conditions: (A) it has sufficient assets in the U.S. as determined by CPA, and (B) it is acceptable to CPA in its sole discretion. The issuing bank must have a credit rating of at least A- from S&P or A3 from Moody’s, with a stable outlook designation. In the event the issuer is rated by both rating agencies and the ratings are not equivalent then the lower rating will apply. All costs of the Letter of Credit shall be borne by Bidder.

Please refer to the CPA Exclusivity Agreement for additional details regarding the Exclusivity Period (as defined the Exclusivity Agreement) and return of the Shortlist Deposit.

8. No Guarantee of Offer or Agreement

This RFO does not constitute an offer from CPA to buy and creates no obligation to execute any agreement as a consequence of this RFO. Under no circumstances shall CPA be bound by the terms of any Bidder’s proposal nor any subsequent agreement until CPA has obtained all necessary approvals of its management and the CPA Board of Directors and all the conditions precedent, if any, set forth in a fully executed agreement have been satisfied or waived.

CPA reserves the right, without qualification and in its sole discretion to: (i) select multiple Bidders or no Bidders at all, or (ii) negotiate one or more agreements on a bilateral basis outside the terms of this RFO. CPA may at any time and for any reason decline to enter into any potential PPA with any Bidder, terminate negotiations with any Bidder, or to abandon the RFO process in its entirety. CPA shall not be liable to any Bidder submitting a proposal in response to this RFO. CPA shall not be liable to any Bidder or party in law or equity for any reason whatsoever for any acts or omissions arising out of or in conjunction with this request for submittals. No implied or express waiver of CPA’s rights is intended.

CPA reserves the right to request clarification of information submitted through supplementary follow-up questions or inquiries or to request additional information from any one or more of the Bidders.
Each Bidder’s costs for developing its proposals, including all RFO review, bid preparation and submittal costs, are entirely the responsibility of the applicable Bidder, and CPA shall not have any responsibility or liability for such costs.

CPA states that the information in this RFO Protocol is accurate to the best of CPA’s knowledge but is not guaranteed to be correct. Bidders are expected to complete all due diligence activities prior to entering into any final contract negotiations with CPA.

9. Collaboration

No Bidder shall collaborate on, coordinate, or discuss with any other Bidder or potential Bidder the substance of this RFO, RFO strategies, or whether CPA has shortlisted certain bids.

10. Non-discrimination

CPA does not give preferential treatment based on race, gender, color, ethnicity, or national origin.

11. Confidentiality

All correspondence with CPA including responses to this solicitation will become the exclusive property of CPA and will become public records under the California Public Records Act (Cal. Government Code section 6250 et seq.) All documents sent by Bidders to CPA may be subject to disclosure, unless exempt due to one of the narrow exceptions to the disclosure requirements.

In order to designate information as confidential, the Bidder must clearly stamp and identify the specific portion of the material designated with the word “Confidential” and provide a citation to the California Public Records Act that supports keeping the information confidential. Bidder should not over-designate material as confidential. Over-designation would include stamping entire pages or series of pages as confidential that clearly contain information that is not confidential.

Therefore, any proposal which contains language purporting to render all or significant portions of their proposal “Confidential”, “Trade Secret” or “Proprietary”, or which fails to provide the exemption information required as described below may be considered a public record in its entirety subject to the procedures described below. Do not mark your entire proposal as “confidential”.

If required by any law, statute, ordinance, a court, Governmental Authority or agency having jurisdiction over the CPA, including the California Public Records Act, CPA may release Confidential Information, or a portion thereof, as required. In the event CPA is required to release Confidential Information, it shall notify the Bidder of the required disclosure, such that the Bidder may attempt (if it so chooses), at its sole cost, to cause the recipient of the Confidential Information to treat such information in a confidential manner, and to prevent such information from being disclosed or otherwise becoming part of the public domain. By submitting a proposal, Bidder agrees to indemnify and hold harmless CPA, its directors, officers, employees and agents, from any claims, liability, award of attorneys’ fees, expenses, or damages, and to defend any action brought against above said entities for CPA’s refusal to disclose any confidential, trade secret, or other propriety information to any party.
CPA does not intend to disclose any part of any proposal before it announces a recommendation for approval by CPA’s Board of Directors of a contract, on the ground that there is a substantial public interest in not disclosing proposals during the evaluation or contract negotiation process.

12. **Bidder Representations**

By submitting a bid, Bidder agrees to be bound by the conditions of the RFO Protocol, and makes the following representations, warranties, and covenants to CPA, which representations, warranties, and covenants will be deemed to be incorporated in their entirety into each of Bidder’s submittals and are deemed to be material to CPA’s consideration of the proposals:

1. Bidder agrees that CPA is not liable to any Bidder or party in law or equity for any reason whatsoever for any acts or omissions arising out of or in conjunction with this request for submittals and that Bidder has no legal recourse against CPA, its Members, CPA’s directors, officers, employees, and agents for rejection of their submittal(s).
2. Bidder acknowledges that it has had the opportunity to seek independent legal and financial advice of its own choosing with respect to this RFO and agrees to be bound by the terms and specifications of this RFO and any addenda subsequently issued prior to the due date of the submittal.
3. Bidder has obtained all necessary authorizations, approvals, and waivers, if any, required by Bidder to submit its bid pursuant to the terms of this RFO and to enter into a final agreement with CPA.
4. Bidder acknowledges that CPA reserves the right to enter into relationships with more than one Bidder, can choose not to proceed with any Bidder with respect to one or more identified Tasks, and can choose to suspend this RFO or issue a new RFO that would supersede and replace this RFO.
5. Bidder warrants that it has no employees in its employ who in any capacity have a position at CPA that enable him/her to influence the selection of a Bidder or any competing RFO, nor does Bidder have in its employ any CPA Director, including any Regular or Alternating Directors (collectively “CPA Director”) or CPA employee who is the spouse or economic dependent of such a CPA employee. A list of current CPA Directors can be found in CPA’s Vendor Campaign Contribution Disclosure Form. This list may be updated from time to time.
6. Bidder’s submission complies with all applicable laws.
7. Bidder warrants that all information submitted by Bidder to CPA in connection with this RFO is true and accurate as of the date of Bidder’s submission. Bidder also covenants that it will properly update any submitted information immediately upon any material change thereto.

Bidder acknowledges and accepts that CPA does not intend to provide collateral or performance security in connection with any PPA.
Exhibit A: Instructions for ArcGIS Maps and Offer Form Template  
“Qualitative Assessment” Sheet

1. Create a Data Basin Account,  
   a. Go to www.DataBasin.org, click “Sign Up” and create a user account (free)

2. Load project geospatial data into Data Basin:  
   a. Create an ArcGIS Layer Package of your project footprint, including all associated infrastructure.  
   b. Click on “Create” and select “Import a Dataset”  
   c. Click on “Choose file” and select the ArcGIS Layer Package associated with your project’s geospatial footprint, agree to Data Basin terms of use and Submit. The layer package will load.  
   d. Add additional required metadata and be sure to mark the data layer as “private” in the upper right-hand corner.  
   e. Submit the layer package.

3. Use datasets and maps included in the Clean Power Alliance Gallery on Data Basin to answer questions below related to geospatially-explicit screening criteria:  
   a. Go to the Clean Power Alliance Gallery. The gallery is organized into maps/datasets related to avoidance, and maps/dataset related to renewable energy zones and multi-benefit areas.  
   b. To open map or dataset, click on the hyperlinked name of the map or dataset which will open to a description. Then hover over the image of the map or dataset and click “Open in Map”.  
   c. Once the map or dataset loads into the interactive map platform, click on “layers” drawer. Click on the “Add Dataset” hyperlink at the top.  
   d. Search for Project dataset that you already loaded into Data Basin, select it, and click the “add items” button at the bottom of the screen.  
   e. Compare the screening layers with the project footprint dataset to answer the questions below.

Bidders are required to attach an ArcGIS Layer Package associated with their project’s geospatial footprint as part of the submission package.

Bidders may use the Data Basin links to download layers and screen the project footprint with their own GIS software.
The instructions below will guide you to successfully complete the Offer Form.

General Instructions:
- All sections/cells highlighted in yellow must be completed. Please provide complete information for each field
- Notes are provided for most cells to clarify the requested information
- Data must be supplied in the units requested

1. Participant & Project Info
   - Sheet requests information about the bidder as well as project type, location, and key parameters. Make sure to provide all requested information

2. Resource Data Entry Templates
   - Please enter all requested data in the yellow portion of the appropriate Data Template. Each template contains instructions for how to correctly enter the required data.
   - Each template has peach colored cells showing correctly entered example data. Please use this as a reference, and begin entering proposal data in the yellow field below
   - If there are any questions about how to correctly enter data, please submit questions pursuant to the RFO Protocol

3. Qualitative Assessment Questionnaire
   - Please provide answers for each question. This sheet must be completed in its entirety to receive full consideration
   - Do not paste any responses into the yellow cells. Use the dropdown list when requested, otherwise type in your response directly into the yellow cells
   - Additional instructions and definitions are provided in the RFO Protocol

4. Development Risk Questionnaire
   - Please provide answers for each question. This sheet must be completed in its entirety to receive full consideration
   - Do not paste any responses into the yellow cells. Use the dropdown list when requested, otherwise type in your response directly into the yellow cells

*Note: Each project offer must be submitted in its own separate Offer Form Template.*
## 1. Participant & Project Info

**Description**
- Name of company
- Name of individual to be contacted regarding this project
- Contact mailing address for seller (enter complete address in this cell)
- Contact email address for seller
- Contact Phone Number

### Seller Information
- **Seller:**
- **Seller Contact name:**
- **Seller Mailing Address:**
- **Seller Contact email:**
- **Seller Phone Number:**

### Project Information
- **Project Name (enter a unique project title):**
- **CAISO Interconnection PNode:**
- **Pnode Proxy (y/n):**
- **Project City:**
- **Project County:**
- **State:**
- **Zip Code:**
- **Project Latitude** in degrees North (decimal number only)
- **Project Longitude** in degrees West (decimal number only)
- **Project Trading Zone**
- **Project Local RA area**
- **Commercial Online Date (MM/DD/YYYY):**
  - Must be before 12/31/23 as per RFO requirement
- **DAC Program (select one):**
- **Project Type (select one):**
  - For CS-GT project, this must be Solar
- **Pnode Delivery PPA Offer ($/MWh):**
- **Generation Capacity at Delivery Point (MW):**
- **Expected Average Annual Generation (MWh):**

### Interconnection Information
- **Interconnection Type**
- **Queue ID/Position:**
- **Utility Service Territory:**
- **Point of Interconnection:**
- **Interconnection Voltage:**
- **Substation:**
- **Interconnection Capacity (MW):**

*If your interconnection is "Distribution Connected", this field is not required*

*The interconnection capacity should be specific to your project.*
### 2. Hourly Data Template

**YELLOW CELLS REQUIRE YOUR INPUTS**

<table>

### 3. Qualitative Assessment Questionnaire

#### YELLlow CELLS REQUIRE YOUR INPUTS

**General Instructions:** Consistent with Section 8 of the RFO Protocol, CPA will evaluate all submissions on a common set of criteria, including both quantitative and qualitative criteria. CPA places significant importance on qualitative criteria; therefore CPA recommends that bidders provide thorough and complete responses to the questions below. Please note that CPA will validate the accuracy of the submitted responses and will eliminate any submittals that are not responsive or accurate.

To respond to questions Q5 - Q7 and Q13 - Q15 please follow the instructions in the RFO Protocol for accessing the Clean Power Alliance Gallery on Data Basin.

To respond to questions Q26a - Q30b, please refer to the Workforce Development definitions in the RFO Protocol.

**Do not PASTE any responses into the yellow cells. Use the dropdown list when requested, otherwise TYPE in your response directly into the yellow cells.**

#### General Instructions:

- **Developer:** [ ]
- **Project Name:** [ ]

</tbody>
</table>
19b Disadvantaged Community

If the answer to question 19a is “Yes”, please describe why you believe this project is consistent with community priorities.

20 Project Location

Where is your project located?

A list of CPA’s member jurisdictions can be found at: https://cleanpoweralliance.org/about-us/

21a Workforce Development

Has your project secured or will plan to secure a 5-trade community benefit or project labor agreement?

21b Workforce Development

If the answer to question 21a is “No”, has your project secured or will plan to secure other community benefit or project labor agreements your project has secured or will secure.

21c Workforce Development

Please describe any community benefit or project labor agreements your project has secured or will secure.

22 Workforce Development

Will your workforce be paid a prevailing hourly wage rate?

23 Workforce Development

Enter the number of new direct construction jobs being created by your project (enter whole # only).

24 Workforce Development

Enter the number of new direct permanent jobs being created by your project (enter whole # only).

25 Workforce Development

Please describe the new direct jobs being created by your project.

If the question doesn’t apply to your project do not type “N/A”, you can type instead “Not Applicable”

26a Workforce Development

What percentage of project hours worked will be performed by Local Targeted Workers? (enter ##%)

Enter whole percentage only, e.g. 67%

26b Workforce Development

If the answer to question 26a is less than 40%, please explain.

27a Workforce Development

What percentage of project hours worked will be performed by Disadvantaged Workers? (enter ##%)

Enter whole percentage only, e.g. 67%

27b Workforce Development

If the answer to question 27a is less than 10%, please explain.

28a Workforce Development

What percentage of your electrical work will be performed by Journeymen Wiremen or Apprentices? (enter ##%)

Enter whole percentage only, e.g. 67%

28b Workforce Development

If the answer to question 28a is less than 100%, please explain.

29a Workforce Development

What percentage of your Journeymen Wiremen workforce will be graduates of a State-approved apprenticeship program? (enter ##%)

Enter whole percentage only, e.g. 67%

29b Workforce Development

If the answer to question 29a is less than 60%, please explain.

30a Workforce Development

What percentage of electrical workers will be OSHA 30-hour General Industry Safety and Health Certified? (enter ##%)

Enter whole percentage only, e.g. 67%

30b Workforce Development

If the answer to question 30a is less than 10%, please explain.

31 Supplier Diversity

Is the bidder a GO 156 certified business?

32 Supplier Diversity

Does the bidder plan to subcontract with GO 156 certified businesses and/or conduct outreach to GOB 156 certified businesses for subcontracting opportunities?

33 Supplier Diversity

If the answer to question 32 is “Yes”, please describe subcontracting and/or outreach plans.

34 Corporate Governance

Does the bidder have formal initiatives to promote diversity, equity and inclusion among its workforce?

35 Corporate Governance

If the answer to question 34 is “Yes”, please explain and provide supporting documentation.

36 Corporate Governance

Has the bidder adopted formal Environmental, Social and Governance (ESG) goals?

37 Corporate Governance

If the answer to question 36 is “Yes”, please explain and provide supporting documentation.

38 Other

Is there any additional information or clarification related to any of the questions in this form that the bidder would like to include? Only provide short responses and state to which question you are referring.

Enter "None" if you have no additional information
### Development Risk Questionnaire

**General Instructions:** Consistent with Section 4 of the RFO Protocol, CPA will evaluate all submissions on a common set of criteria, including both quantitative and qualitative criteria. CPA places significant importance on qualitative criteria; therefore CPA recommends that bidders provide thorough and complete responses to the questions below. Please note that CPA will validate the accuracy of the submitted responses and will eliminate any submittals that are not responsive or accurate.

To respond to questions Q5 - Q7 and Q13 - Q15 please follow the instructions in Exhibit A of the RFO Protocol for accessing the Clean Power Alliance Gallery on Data Basin.

To respond to questions Q26a - Q30b, please refer to the Workforce Development definitions in Section 4b of the RFO Protocol.

Do not PASTE any responses into the yellow cells. Use the dropdown list when requested, otherwise TYPE in your response directly into the yellow cells.

RENEWABLE POWER PURCHASE AGREEMENT

This Renewable Power Purchase Agreement (“Agreement”) is entered into as of __________ (the “Effective Date”), between Buyer and Seller. Buyer and Seller are sometimes referred to herein individually as a “Party” and jointly as the “Parties”). All capitalized terms used in this Agreement are used with the meanings ascribed to them in Article 1 to this Agreement.

RECITALS

WHEREAS, Seller intends to develop, design, construct, own, and operate the Facility; and

WHEREAS, Seller desires to sell, and Buyer desires to purchase, on the terms and conditions set forth in this Agreement, the Product;

NOW THEREFORE, in consideration of the mutual covenants and agreements herein contained, and for other good and valuable consideration, the sufficiency and adequacy of which are hereby acknowledged, the Parties agree to the following:

ARTICLE 1
DEFINITIONS

1.1 Contract Definitions. The following terms, when used herein with initial capitalization, shall have the meanings set forth below:

“AC” means alternating current.

“Accepted Compliance Costs” has the meaning set forth in Section 3.13.

“Adjusted Energy Production” has the meaning set forth in Exhibit G.

“Affiliate” means, with respect to any Person, each Person that directly or indirectly controls, is controlled by, or is under common control with such designated Person. For purposes of this definition and the definition of “Permitted Transferee”, “control” (including, with correlative meanings, the terms “controlled by” and “under common control with”), as used with respect to any Person, shall mean (a) the direct or indirect right to cast at least fifty percent (50%) of the votes exercisable at an annual general meeting (or its equivalent) of such Person or, if there are no such rights, ownership of at least fifty percent (50%) of the equity or other ownership interest in such Person, or (b) the right to direct the policies or operations of such Person.

“Agreement” has the meaning set forth in the Preamble and includes any Exhibits, schedules and any written supplements hereto, the Cover Sheet, and any designated collateral, credit support or similar arrangement between the Parties.

“Approved Forecast Vendor” means (x) any of [XXXX] or (y) any other vendor reasonably acceptable to both Buyer and Seller for the purposes of providing or verifying the forecasts under Section 4.3(d).
“**Assignment Agreement**” has the meaning set forth in Section 14.5.

“**Availability Incentive Payments**” has the meaning set forth in the CAISO Tariff.

“**Available Capacity**” means the capacity of the Facility, expressed in whole MWs, that is available to generate Energy.

“**Bankrupt**” or “**Bankruptcy**” means with respect to any entity, such entity that (a) files a petition or otherwise commences, authorizes or acquiesces in the commencement of a proceeding or cause of action under any bankruptcy, insolvency, reorganization or similar Law, (b) has any such petition filed or commenced against it which remains unstayed or undismissed for a period of ninety (90) days, (c) makes an assignment or any general arrangement for the benefit of creditors, (d) otherwise becomes bankrupt or insolvent (however evidenced), (e) has a liquidator, administrator, receiver, trustee, conservator or similar official appointed with respect to it or any substantial portion of its property or assets, or (f) is generally unable to pay its debts as they fall due.

“**Business Day**” means any day except a Saturday, Sunday, or a Federal Reserve Bank holiday in California. A Business Day begins at 8:00 a.m. and ends at 5:00 p.m. local time for the Party sending a Notice, or payment, or performing a specified action.

“**Buyer**” has the meaning set forth on the Cover Sheet.

“**Buyer Assignee**” has the meaning set forth in Section 14.5.

“**Buyer Curtailment Order**” means the instruction from Buyer to Seller to reduce Facility Energy from the Facility by the amount, and for the period of time set forth in such instruction, for reasons unrelated to a Planned Outage, Forced Facility Outage, Force Majeure Event and/or Curtailment Order.

“**Buyer Curtailment Period**” means the period of time, as measured using current Settlement Intervals, during which Seller reduces Facility Energy from the Facility pursuant to or as a result of a Buyer Curtailment Order; provided, that the duration of any Buyer Curtailment Period shall be inclusive of the time required for the Facility to ramp down and ramp up.

“**Buyer Default**” means an Event of Default of Buyer.

“**Buyer’s Indemnified Parties**” has the meaning set forth in Section 18.2.

“**Buyer’s WREGIS Account**” has the meaning set forth in Section 4.8(a).

“**CAISO**” means the California Independent System Operator Corporation or any successor entity performing similar functions.

“**CAISO Approved Meter**” means a CAISO approved revenue quality meter or meters, CAISO approved data processing gateway or remote intelligence gateway, telemetering equipment and data acquisition services sufficient for monitoring, recording and reporting, in real time, all Facility Energy delivered to the Delivery Point.
“CAISO Costs” means the debits, costs, penalties and interest that are directly assigned by the CAISO to the CAISO Resource ID for the Facility for, or attributable to, Scheduling or deliveries from the Facility under this Agreement in each applicable Settlement Interval.

“CAISO Grid” has the same meaning as “CAISO Controlled Grid” as defined in the CAISO Tariff.

“CAISO Revenues” means the credits and other payments incurred or received by Seller, as the Facility’s Scheduling Coordinator, as a result of Scheduling or Facility Energy from the Facility delivered by Seller to any CAISO administered market, including costs and revenues associated with CAISO dispatches, for each applicable Settlement Interval.

“CAISO Tariff” means the California Independent System Operator Corporation Agreement and Tariff, Business Practice Manuals (BPMs), and Operating Procedures, including the rules, protocols, procedures and standards attached thereto, as the same may be amended or modified from time-to-time and approved by FERC.

“California Renewables Portfolio Standard” or “RPS” means the renewable energy program and policies established by California State Senate Bills 1038 (2002), 1078 (2002), 107 (2008), X-1 2 (2011), 350 (2015), and 100 (2018) as codified in, inter alia, California Public Utilities Code Sections 399.11 through 399.31 and California Public Resources Code Sections 25740 through 25751, as such provisions are amended or supplemented from time to time.

“Capacity Attribute” means any current or future defined characteristic, certificate, tag, credit, or accounting construct associated with the amount of power that the Facility can generate and deliver to the Delivery Point at a particular moment and that can be purchased and sold under CAISO market rules, including Resource Adequacy Benefits.

“Capacity Damages” has the meaning set forth in Exhibit B.

“CEC” means the California Energy Commission or its successor agency.

“CEC Certification and Verification” means that the CEC has certified (or, with respect to periods before the date that is one hundred eighty (180) days following the Commercial Operation Date, that the CEC has pre-certified) that the Facility is an Eligible Renewable Energy Resource for purposes of the California Renewables Portfolio Standard and that all Facility Energy delivered to the Delivery Point qualifies as generation from an Eligible Renewable Energy Resource.

“CEC Precertification” means that the CEC has issued a precertification for the Facility indicating that the planned operations of the Facility would comply with applicable CEC requirements for CEC Certification and Verification.

“Change of Control” means, except in connection with public market transactions of equity interests or capital stock of Seller’s Ultimate Parent, any circumstance in which Ultimate Parent ceases to own, directly or indirectly through one or more intermediate entities, more than fifty percent (50%) of the outstanding equity interests in Seller; provided, in calculating ownership percentages for all purposes of the foregoing:
(a) any ownership interest in Seller held by Ultimate Parent indirectly through one or more intermediate entities shall not be counted towards Ultimate Parent’s ownership interest in Seller unless Ultimate Parent directly or indirectly owns more than fifty percent (50%) of the outstanding equity interests in each such intermediate entity; and

(b) ownership interests in Seller owned directly or indirectly by any Lender (including any tax equity provider) shall be excluded from the total outstanding equity interests in Seller.

“COD Certificate” has the meaning set forth in Exhibit B.

“Commercial Operation” has the meaning set forth in Exhibit B.

“Commercial Operation Date” means the date Commercial Operation is achieved.

“Commercial Operation Delay Damages” means an amount equal to (a) the Development Security amount required hereunder, divided by (b) ninety (90).

“Compliance Actions” has the meaning set forth in Section 3.13.

“Compliance Expenditure Cap” has the meaning set forth in Section 3.13.

“Confidential Information” has the meaning set forth in Section 17.1.

“Construction Start” has the meaning set forth in Exhibit B.

“Construction Start Date” has the meaning set forth in Exhibit B.

“Contract Price” has the meaning set forth on the Cover Sheet.

“Contract Term” has the meaning set forth in Section 2.1.

“Contract Year” means a period of twelve (12) consecutive months. The first Contract Year shall commence on the Commercial Operation Date and each subsequent Contract Year shall commence on the anniversary of the Commercial Operation Date.

“Costs” means, with respect to the Non-Defaulting Party, brokerage fees, commissions and other similar third-party transaction costs and expenses reasonably incurred by such Party either in terminating any arrangement pursuant to which it has hedged its obligations or entering into new arrangements which replace the Agreement; and all reasonable attorneys’ fees and expenses incurred by the Non-Defaulting Party in connection with terminating the Agreement.

“Cover Sheet” means the cover sheet to this Agreement, which is incorporated into this Agreement.

“CPM Price” has the meaning set forth in Section 3.5(b).

“CPUC” means the California Public Utilities Commission, or successor entity.
“Credit Rating” means, with respect to any entity, the rating then assigned to such entity’s unsecured, senior long-term debt obligations (not supported by third party credit enhancements) or if such entity does not have a rating for its senior unsecured long-term debt, then the rating then assigned to such entity as an issuer rating by S&P or Moody’s. If ratings by S&P and Moody’s are not equivalent, the lower rating shall apply.

“Cure Plan” has the meaning set forth in Section 11.1(b)(iii).

“Curtailed Energy” means the amount of energy expressed in MWh that the Facility would have produced and delivered to the Delivery Point, but that is not produced by the Facility and delivered to the Delivery Point during a Curtailment Period, which amount shall be equal to the result of the equation provided by Seller to reasonably calculate the potential generation of the Facility as a function of Available Capacity, weather and other pertinent data for the period of time during the Curtailment Period less the amount of Facility Energy during the Curtailment Period; provided, if the Facility Energy is greater than the calculation of potential generation, then the Curtailed Energy shall be zero (0).

“Curtailment Order” means any of the following:

(a) CAISO orders, directs, alerts, or provides notice to a Party, including a CAISO Operating Order, to curtail deliveries of Facility Energy for the following reasons: (i) any System Emergency, or (ii) any warning of an anticipated System Emergency, or warning of an imminent condition or situation, which jeopardizes CAISO’s electric system integrity or the integrity of other systems to which CAISO is connected, or (iii) in response to an Energy oversupply or potential Energy oversupply, and Buyer or the SC for the Facility submitted a Self-Schedule for the MWhs curtailed corresponding to the MWhs in the VER forecast for the Generating Facility during the relevant time period;

(b) a curtailment ordered by the Transmission Provider for reasons including, but not limited to, (i) any situation that affects normal function of the electric system including, but not limited to, any abnormal condition that requires action to prevent circumstances such as equipment damage, loss of load, or abnormal voltage conditions, or (ii) any warning, forecast or anticipation of conditions or situations that jeopardize the Transmission Provider’s electric system integrity or the integrity of other systems to which the Transmission Provider is connected;

(c) a curtailment ordered by CAISO or the Transmission Provider due to a Transmission System Outage; or

(d) a curtailment in accordance with Seller’s obligations under its Interconnection Agreement with the Transmission Provider or distribution operator.

“Curtailment Period” means the period of time, as measured using current Settlement Intervals, during which Seller reduces generation from the Facility pursuant to a Curtailment Order; provided, the Curtailment Period shall be inclusive of the time required for the Facility to ramp down and ramp up.

“Daily Delay Damages” means an amount equal to (a) the Development Security amount required hereunder, divided by (b) one hundred twenty (120).
“**Damage Payment**” means the amount to be paid by the Defaulting Party to the Non-Defaulting Party after a Terminated Transaction occurring prior to the Commercial Operation Date, in a dollar amount as set forth in Section 11.3(a).

“**Day-Ahead Forecast**” has the meaning set forth in Section 4.3(c).

“**Day-Ahead Market**” has the meaning set forth in the CAISO Tariff.

“**Day-Ahead Schedule**” has the meaning set forth in the CAISO Tariff.

“**Deemed Delivered Energy**” means the amount of energy expressed in MWh that the Facility would have produced and delivered to the Delivery Point, but that is not produced by the Facility during a Market Curtailment Period, which amount shall be equal to the EIRP Forecast, expressed in MWh, applicable to the Market Curtailment Period, whether or not Seller is participating in EIRP during the Market Curtailment Period, less the amount of Facility Energy delivered to the Delivery Point during the Market Curtailment Period; *provided*, if the Facility Energy is greater than the calculation of potential generation, then the Deemed Delivered Energy shall be zero (0).

“**Defaulting Party**” has the meaning set forth in Section 11.1(a).

“**Deficient Month**” has the meaning set forth in Section 4.8(e).

“**Delay Damages**” means Daily Delay Damages and Commercial Operation Delay Damages.

“**Delivery Point**” has the meaning set forth in Exhibit A.

“**Delivery Term**” shall mean the period of Contract Years set forth on the Cover Sheet beginning on the Commercial Operation Date, unless terminated earlier in accordance with the terms and conditions of this Agreement.

“**Development Cure Period**” has the meaning set forth in Exhibit B.

“**Development Security**” means (i) cash, or (ii) a Letter of Credit in the amount set forth on the Cover Sheet.

“**Disclosing Party**” has the meaning set forth in Section 18.2.

“**Early Termination Date**” has the meaning set forth in Section 11.2.

“**Effective Date**” has the meaning set forth on the Preamble.

“**Effective FCDS Date**” means the date identified in Seller’s Notice to Buyer (along with a Full Capacity Deliverability Status Finding from CAISO) as the date that the Facility has attained Full Capacity Deliverability Status.
“Effective Flexible Capacity” or “EFC” means the effective flexible capacity (in MWs) of the Facility pursuant to the counting conventions set forth in the Resource Adequacy Rulings and the CAISO Tariff, which such flexible capacity may be used to satisfy Flexible RAR.

“Electrical Losses” means all transmission or transformation losses between the Facility and the Delivery Point.

“Eligible Intermittent Resource Protocol” or “EIRP” has the meaning set forth in the CAISO Tariff or a successor CAISO program for intermittent resources.

“EIRP Forecast” means (a) the current CAISO forecast for intermittent resources using relevant Facility availability, weather, historical and other pertinent data for the applicable period of time, or, if applicable (b) an alternative forecast adopted by the Parties pursuant to Section 4.3.

“Eligible Renewable Energy Resource” has the meaning set forth in California Public Utilities Code Section 399.12(e) and California Public Resources Code Section 25741(a), as either code provision is amended or supplemented from time to time.

“Energy” means electrical energy generated by the Facility, measured in kilowatt-hours or multiple units thereof. Energy shall include without limitation, reactive power and any other electrical energy products that may be developed or evolve from time to time during the Contract Term.

“Energy Replacement Damages” has the meaning set forth in Section 4.7.

“Event of Default” has the meaning set forth in Section 11.1.

“Excess MWh” has the meaning set forth in Section 3.3(a).

“Expected Commercial Operation Date” has the meaning set forth on the Cover Sheet.

“Expected Construction Start Date” has the meaning set forth on the Cover Sheet.

“Expected Energy” means the quantity of Energy that Seller expects to be able to deliver to Buyer from the Facility during each Contract Year in the quantity specified on the Cover Sheet.

“Facility” means the solar photovoltaic generating facility described on the Cover Sheet and in Exhibit A, located at the Site and including mechanical equipment and associated facilities and equipment required to deliver Facility Energy to the Delivery Point.

“Facility Energy” means the Energy during any Settlement Interval or Settlement Period, net of Electrical Losses and Station Use, as measured by the Facility Meter.

“Facility Meter” means the CAISO Approved Meter that will measure all Facility Energy. Without limiting Seller’s obligation to deliver Facility Energy to the Delivery Point, the Facility Meter will be located, and Facility Energy will be measured, at the high voltage side of the main step up transformer and will be subject to adjustment to measure Facility Energy at the Delivery
Point in accordance with CAISO meter requirements and Prudent Operating Practices to account for Electrical Losses.

“FERC” means the Federal Energy Regulatory Commission or any successor government agency.

“Fifteen Minute Market” or “FMM” has the meaning set forth in the CAISO Tariff.

“Financial Close” means Seller and/or one of its Affiliates has obtained debt and/or equity financing commitments from one or more Lenders sufficient to construct the Facility, including such financing commitments from Seller’s owner(s).

“Force Majeure Event” has the meaning set forth in Section 10.1.

“Forced Facility Outage” means an unexpected failure of one or more components of the Facility that prevents Seller from generating Energy or making Facility Energy available at the Delivery Point and that is not the result of a Force Majeure Event.

“Forward Certificate Transfers” has the meaning set forth in Section 4.8(a).

“Full Capacity Deliverability Status” or “FCDS” has the meaning set forth in the CAISO Tariff.

“Full Capacity Deliverability Status Finding” means a written confirmation from the CAISO that the Facility is eligible for Full Capacity Deliverability Status.

“Future Environmental Attributes” shall mean any and all Green Attributes that become recognized under applicable Law after the Effective Date (and not before the Effective Date), notwithstanding the last sentence of the definition of “Green Attributes” herein. Future Environmental Attributes do not include Tax Credits associated with the construction or operation of the Facility, or other financial incentives in the form of credits, reductions, or allowances associated with the Facility that are applicable to a state or federal income taxation obligation.

“Gains” means, with respect to any Party, an amount equal to the present value of the economic benefit to it, if any (exclusive of Costs), resulting from the termination of this Agreement for the remaining Contract Term, determined in a commercially reasonable manner. Factors used in determining the economic benefit to a Party may include, without limitation, reference to information supplied by one or more third parties, which shall exclude Affiliates of the Non-Defaulting Party, including without limitation, quotations (either firm or indicative) of relevant rates, prices, yields, yield curves, volatilities, spreads or other relevant market data in the relevant markets, comparable transactions, forward price curves based on economic analysis of the relevant markets, settlement prices for comparable transactions at liquid trading hubs (e.g., SP-15), all of which should be calculated for the remaining Contract Term, and include the value of Green Attributes and Capacity Attributes.

“Governmental Authority” means any federal, state, provincial, local or municipal government, any political subdivision thereof or any other governmental, congressional or parliamentary, regulatory, or judicial instrumentality, authority, body, agency, department, bureau,
or entity with authority to bind a Party at law, including CAISO; *provided*, “Governmental Authority” shall not in any event include any Party.

“**Green Attributes**” means any and all credits, benefits, emissions reductions, offsets, and allowances, howsoever entitled (including under the RPS regulations and/or under any and all other international, federal, regional, state or other law, rule, regulation, bylaw, treaty or other intergovernmental compact, decision, administrative decision, program (including any voluntary compliance or membership program), competitive market or business method (including all credits, certificates, benefits, and emission measurements, reductions, offsets and allowances related thereto)), attributable to the generation from the Facility and its displacement of conventional energy generation. Green Attributes include but are not limited to Renewable Energy Credits, as well as: (1) any avoided emissions of pollutants to the air, soil or water such as sulfur oxides (SOx), nitrogen oxides (NOx), carbon monoxide (CO) and other pollutants; (2) any avoided emissions of carbon dioxide (CO2), methane (CH4), nitrous oxide, hydrofluorocarbons, perfluorocarbons, sulfur hexafluoride and other greenhouse gases (GHGs) that have been determined by the United Nations Intergovernmental Panel on Climate Change, or otherwise by law, to contribute to the actual or potential threat of altering the Earth’s climate by trapping heat in the atmosphere; and (3) the reporting rights to such avoided emissions, such as Green Tag Reporting Rights. Green Attributes do not include (i) any energy, capacity, reliability or other power attributes from the Facility, (ii) Tax Credits associated with the construction or operation of the Facility and other financial incentives in the form of credits, reductions, or allowances associated with the Facility that are applicable to a state or federal income taxation obligation, or (iii) emission reduction credits encumbered or used by the Facility for compliance with local, state, or federal operating and/or air quality permits. Green Attributes under the preceding definition are limited to Green Attributes that exist under applicable Law as of the Effective Date. [If the Facility is a biomass or landfill gas facility and Seller receives any tradable Green Attributes based on the greenhouse gas reduction benefits or other emission offsets attributed to its fuel usage, it shall provide Buyer with sufficient Green Attributes to ensure that there are zero net emissions associated with the production of electricity from the Facility.] [NTD: Delete last sentence if not applicable.]

“**Green Tag Reporting Rights**” means the right of a purchaser of renewable energy to report ownership of accumulated Green Tags in compliance with and to the extent permitted by applicable Law and include, without limitation, rights under Section 1605(b) of the Energy Policy Act of 1992, and any present or future federal, state or local certification program or emissions trading program, including pursuant to the WREGIS Operating Rules.

“**Green Tags**” means a unit accumulated on a MWh basis where one (1) represents the Green Attributes associated with one (1) MWh of Facility Energy.

“**Green-e Certified**” means the Green Attributes provided to Buyer pursuant to this Agreement are certified under the Green-e Energy National Standard.

“**Green-e Energy National Standard**” means the Green-e Renewable Energy Standard for Canada and the United States (formerly Green-e Energy National Standard) version 3.4, updated November 12, 2019, as may be further amended from time to time.
“Guaranteed Capacity” means the generating capacity of the Generating Facility, as measured in MW AC at the Delivery Point, that Seller commits to install pursuant to this Agreement set forth on the Cover Sheet.

“Guaranteed Commercial Operation Date” means the Expected Commercial Operation Date, subject to extension pursuant to Exhibit B.

“Guaranteed Construction Start Date” means the Expected Construction Start Date, subject to extension pursuant to Exhibit B.

“Guaranteed Energy Production” has the meaning set forth in Section 4.7.

“Imbalance Energy” means the amount of energy in MWh, in any given Settlement Period or Settlement Interval, by which the amount of Facility Energy deviates from the amount of Scheduled Energy.

“Indemnified Party” has the meaning set forth in Section 15.1.

“Indemnifying Party” has the meaning set forth in Section 15.1.

“Initial Synchronization” means the initial delivery of Facility Energy to the Delivery Point.

“Installed Capacity” means the actual generating capacity of the Facility, as measured in MW AC at the Delivery Point, that achieves Commercial Operation, as evidenced by a certificate substantially in the form attached as Exhibit I hereto.

“Inter-SC Trade” or “IST” has the meaning set forth in the CAISO Tariff.

“Interconnection Agreement” means the interconnection agreement entered into by Seller pursuant to which the Facility will be interconnected with the Transmission System, and pursuant to which Seller’s Interconnection Facilities and any other Interconnection Facilities will be constructed, operated and maintained during the Contract Term.

“Interconnection Facilities” means the interconnection facilities, control and protective devices and metering facilities required to connect the Facility with the Transmission System in accordance with the Interconnection Agreement.

“Interest Rate” has the meaning set forth in Section 8.2.

“Interim Deliverability Status” has the meaning set forth in the CAISO Tariff.

“IP Indemnity Claim” has the meaning set forth in Section 16.1(b).

“ITC” means the investment tax credit established pursuant to Section 48 of the United States Internal Revenue Code of 1986.

“Joint Powers Agreement” means that certain Joint Powers Agreement dated June 27, 2017, as amended from time to time, under which Buyer is organized as a Joint Powers Authority in accordance with the Joint Powers Act.

“kWh” means a kilowatt-hour measured in alternating current, unless expressly stated in terms of direct current.

“Law” means any applicable law, statute, rule, regulation, decision, writ, order, decree or judgment, permit or any interpretation thereof, promulgated or issued by a Governmental Authority.

“Lender” means, collectively, any Person (i) providing senior or subordinated construction, interim, back leverage or long-term debt, equity or tax equity financing or refinancing for or in connection with the development, construction, purchase, installation or operation of the Facility, whether that financing or refinancing takes the form of private debt (including back-leverage debt), equity (including tax equity), public debt or any other form (including financing or refinancing provided to a member or other direct or indirect owner of Seller), including any equity or tax equity investor directly or indirectly providing financing or refinancing for the Facility or purchasing equity ownership interests of Seller and/or its Affiliates, and any trustee or agent or similar representative acting on their behalf, (ii) providing interest rate or commodity protection under an agreement hedging or otherwise mitigating the cost of any of the foregoing obligations and/or (iii) participating in a lease financing (including a sale leaseback or leveraged leasing structure) with respect to the Facility.

“Letter(s) of Credit” means one or more irrevocable, standby letters of credit issued by a U.S. commercial bank or a foreign bank with a U.S. branch with such bank having a Credit Rating of at least A- with an outlook designation of “stable” from S&P or A3 with an outlook designation of “stable” from Moody’s, in a form substantially similar to the letter of credit set forth in Exhibit K.

“Licensed Professional Engineer” means an independent, professional engineer selected by Seller and reasonably acceptable to Buyer, licensed in the State of California.

“Local Capacity Area Resources” has the meaning set forth in the CAISO Tariff.

“Locational Marginal Price” or “LMP” has the meaning set forth in the CAISO Tariff.

“Losses” means, with respect to any Party, an amount equal to the present value of the economic loss to it, if any (exclusive of Costs), resulting from termination of this Agreement for the remaining Contract Term, determined in a commercially reasonable manner. Factors used in determining economic loss to a Party may include, without limitation, reference to information supplied by one or more third parties, which shall exclude Affiliates of the Non-Defaulting Party, including without limitation, quotations (either firm or indicative) of relevant rates, prices, yields, yield curves, volatilities, spreads or other relevant market data in the relevant markets, comparable transactions, forward price curves based on economic analysis of the relevant markets, settlement prices for comparable transactions at liquid trading hubs (e.g., SP-15), all of which should be calculated for the remaining Contract Term and must include the value of Green Attributes, Capacity Attributes, and Renewable Energy Incentives.
“Lost Output” has the meaning set forth in Section 4.7.

“Market Curtailment Period” means the period of time, as measured using current Settlement Intervals, during which Seller reduces generation from the Facility during a Settlement Period or Settlement Interval in which there is a Negative LMP that is equal to or below the Negative LMP Strike Price.

“Milestones” means the development activities for significant permitting, interconnection, financing and construction milestones set forth on the Cover Sheet.

“Moody’s” means Moody’s Investors Service, Inc., or its successor.

“MW” means megawatts in alternating current, unless expressly stated in terms of direct current.

“MWh” means megawatt-hour measured in alternating current, unless expressly stated in terms of direct current.

“Negative LMP” means, in any Settlement Period or Settlement Interval, whether in the Day-Ahead Market or Real-Time Market, the LMP at the Facility’s PNode is less than zero dollars ($0).

“Negative LMP Strike Price” means zero dollars per MWh ($0/MWh), as such price may be revised by Buyer by providing Notice to Seller in accordance with Section 3.3(d); provided, in no event shall the Negative LMP Strike Price be greater than zero dollars per MWh ($0/MWh).

“Net Qualifying Capacity” has the meaning set forth in the CAISO Tariff.

“Network Upgrades” has the meaning set forth in the CAISO Tariff.

“Non-Defaulting Party” has the meaning set forth in Section 11.2.

“Notice” shall, unless otherwise specified in the Agreement, mean written communications by a Party to be delivered by hand delivery, United States mail, overnight courier service, or electronic messaging (e-mail).

“Party” has the meaning set forth in the Preamble.

“Performance Measurement Period” means each two (2) consecutive Contract Years commencing with the first Contract Year so that the first Performance Measurement Period shall include Contract Years 1 and 2. Performance Measurement Periods shall overlap, so that if the first Performance Measurement Period is comprised of Contract Years 1 and 2, the second Performance Measurement Period shall be comprised of Contract Years 2 and 3, the third Performance Measurement Period shall be comprised of Contract Years 3 and 4, and so on.

“Performance Security” means (i) cash or (ii) a Letter of Credit in the amount set forth on the Cover Sheet.
“**Permitted Transferee**” means (i) any Affiliate of Seller, or (ii) any entity that satisfies, or is controlled by another Person that satisfies, the following requirements:

(a) A tangible net worth of not less than one hundred fifty million dollars ($150,000,000) or a Credit Rating of at least BBB- from S&P, BBB- from Fitch, or Baa3 from Moody’s; and

(b) At least two (2) years of experience in the ownership and operations of power generation facilities similar to the Facility, or has retained a third-party with such experience to operate the Facility.

“**Person**” means any individual, sole proprietorship, corporation, limited liability company, limited or general partnership, joint venture, association, joint-stock company, trust, incorporated organization, institution, public benefit corporation, unincorporated organization, government entity or other entity.

“**Planned Outage**” means a period during which the Facility is either in whole or in part not capable of providing service due to planned maintenance that has been scheduled in advance in accordance with Section 4.6(a).

“**PNode**” has the meaning set forth in the CAISO Tariff.

“**Portfolio**” means the single portfolio of electrical energy generating or other assets and entities, including the Facility (or the interests of Seller or Seller’s Affiliates or the interests of their respective direct or indirect parent companies), that is pledged as collateral security in connection with a Portfolio Financing.

“**Portfolio Content Category**” means PCC1, PCC2 or PCC3, as applicable.

“**Portfolio Content Category 1**” or “**PCC1**” means any Renewable Energy Credit associated with the generation of electricity from an Eligible Renewable Energy Resource consisting of the portfolio content set forth in California Public Utilities Code Section 399.16(b)(1), as may be amended from time to time or as further defined or supplemented by Law.

“**Portfolio Content Category 2**” or “**PCC2**” means any Renewable Energy Credit associated with the generation of electricity from an Eligible Renewable Energy Resource consisting of the portfolio content set forth in California Public Utilities Code Section 399.16(b)(2), as may be amended from time to time or as further defined or supplemented by Law.

“**Portfolio Content Category 3**” or “**PCC3**” means any Renewable Energy Credit associated with the generation of electricity from an Eligible Renewable Energy Resource consisting of the portfolio content set forth in California Public Utilities Code Section 399.16(b)(3), as may be amended from time to time or as further defined or supplemented by Law.
“**Portfolio Financing**” means any debt incurred by an Affiliate of Seller that is secured only by a Portfolio.

“**Portfolio Financing Entity**” means any Affiliate of Seller that incurs debt in connection with any Portfolio Financing.

“**Product**” has the meaning on the Cover Sheet.

“**Production Tax Credit**” or “**PTC**” means the production tax credit for wind-powered electric generating facilities described in Section 45 of the Internal Revenue Code of 1986, as it may be amended or supplemented from time to time.

“**Progress Report**” means a progress report including the items set forth in Exhibit E.

“**Prudent Operating Practice**” means (a) the applicable practices, methods and acts required by or consistent with applicable Laws and reliability criteria, and otherwise engaged in or approved by a significant portion of the electric utility industry during the relevant time period with respect to grid-interconnected, utility-scale generating facilities in the Western United States, or (b) any of the practices, methods and acts which, in the exercise of reasonable judgment in light of the facts known at the time the decision was made, could have been expected to accomplish the desired result at a reasonable cost consistent with good business practices, reliability, safety and expedition. Prudent Operating Practice is not intended to be limited to the optimum practice, method or act to the exclusion of all others, but rather to acceptable practices, methods or acts generally accepted in the industry with respect to grid-interconnected, utility-scale generating facilities in the Western United States. Prudent Operating Practice shall include compliance with applicable Laws, applicable reliability criteria, and the applicable criteria, rules and standards promulgated in the National Electric Safety Code and the National Electrical Code, as they may be amended or superseded from time to time, including the criteria, rules and standards of any successor organizations.

“**Qualifying Capacity**” has the meaning set forth in the CAISO Tariff.

“**RA Deficiency Amount**” means the liquidated damages payment that Seller shall pay to Buyer for an applicable RA Shortfall Month as calculated in accordance with Section 3.9(b).

“**RA Guarantee Date**” means the date set forth in the deliverability Section of the Cover Sheet which is the date the Facility is expected to achieve Full Capacity Deliverability Status.

“**RA Shortfall Month**” means, for purposes of calculating an RA Deficiency Amount under Section 3.9(b), any month, commencing on the RA Guarantee Date, during which the Net Qualifying Capacity of the Facility for such month was less than the Qualifying Capacity of the Facility for such month (including any month during the period between the RA Guarantee Date and the Effective FCDS Date, if applicable).

“**Real-Time Market**” has the meaning set forth in the CAISO Tariff.

“**Receiving Party**” has the meaning set forth in Section 18.2.
“Reliability Network Upgrades” has the meaning set forth in the CAISO Tariff.

“Remedial Action Plan” has the meaning set forth in Section 2.4.

“Renewable Energy Credit” has the meaning set forth in California Public Utilities Code Section 399.12(h), as may be amended from time to time or as further defined or supplemented by Law.

“Renewable Energy Incentives” means: (a) all federal, state, or local Tax credits or other Tax benefits associated with the construction, ownership, or production of electricity from the Facility (including credits under Sections 38, 45, 46 and 48 of the Internal Revenue Code of 1986, as amended); (b) any federal, state, or local grants, subsidies or other like benefits relating in any way to the Facility, including a cash grant available under Section 1603 of Division B of the American Recovery and Reinvestment Act of 2009, in lieu of federal Tax credits or any similar or substitute payment available under subsequently enacted federal legislation; and (c) any other form of incentive relating in any way to the Facility that is not a Green Attribute or a Future Environmental Attribute.

“Replacement Energy” has the meaning set forth in Exhibit G.

“Replacement Green Attributes” has the meaning set forth in Exhibit G.

“Replacement Product” has the meaning set forth in Exhibit G.

“Replacement RA” means Resource Adequacy Benefits, if any, equivalent to those that would have been provided by the Facility with respect to the applicable month in which a RA Deficiency Amount is due to Buyer, and located within SP-15 TAC Area and, to the extent that the Facility would have qualified as a Local Capacity Area Resource for such month, described as a Local Capacity Area Resource.

“Requested Confidential Information” has the meaning set forth in Section 18.2.

“Resource Adequacy Benefits” means the rights and privileges attached to the Facility that satisfy any entity’s resource adequacy obligations, as those obligations are set forth in any Resource Adequacy Rulings and shall include any local, zonal or otherwise locational attributes associated with the Facility.

“Resource Adequacy Requirements” or “RAR” means the resource adequacy requirements applicable to an entity as established by the CAISO pursuant to the CAISO Tariff, by the CPUC pursuant to the Resource Adequacy Rulings, or by any other Governmental Authority.

“Resource Adequacy Resource” shall have the meaning used in Resource Adequacy Rulings.

“Resource Adequacy Rulings” means CPUC Decisions 04-01-050, 04-10-035, 05-10-042, 06-04-040, 06-06-064, 06-07-031 06-07-031, 07-06-029, 08-06-031, 09-06-028, 10-06-036, 11-06-022, 12-06-025, 13-06-024 and any other existing or subsequent ruling or
decision, or any other resource adequacy laws, rules or regulations enacted, adopted or
promulgated by any applicable Governmental Authority, however described, as such decisions,
rulings, Laws, rules or regulations may be amended or modified from time-to-time throughout the
Contract Term.

“S&P” means the Standard & Poor’s Financial Services, LLC (a subsidiary of S&P Global Inc.) or its successor.

“Schedule” has the meaning set forth in the CAISO Tariff, and “Scheduled” has a
corollary meaning.

“Scheduled Energy” means the Facility Energy scheduled by Seller that clears under the
applicable CAISO market based on the final Day-Ahead Schedule (as defined in the CAISO Tariff), FMM Schedule (as defined in the CAISO Tariff), and/or any other financially binding
Schedule, market instruction or dispatch for the Facility for a given period of time implemented in
accordance with the CAISO Tariff.

“Scheduling Coordinator” or “SC” means an entity certified by the CAISO as qualifying
as a Scheduling Coordinator pursuant to the CAISO Tariff for the purposes of undertaking the
functions specified in “Responsibilities of a Scheduling Coordinator,” of the CAISO Tariff, as
amended from time to time.

“Security Interest” has the meaning set forth in Section 8.9.

“Seller” has the meaning set forth on the Cover Sheet.

“Seller’s WREGIS Account” has the meaning set forth in Section 4.8(a).

“Settlement Amount” means the Non-Defaulting Party’s Costs and Losses, on the one
hand, netted against its Gains, on the other. If the Non-Defaulting Party’s Costs and Losses exceed
its Gains, then the Settlement Amount shall be an amount owing to the Non-Defaulting Party. If
the Non-Defaulting Party’s Gains exceed its Costs and Losses, then the Settlement Amount shall
be zero dollars ($0). The Settlement Amount does not include consequential, incidental, punitive,
exemplary or indirect or business interruption damages.

“Settlement Interval” has the meaning set forth in the CAISO Tariff.

“Settlement Period” has the meaning set forth in the CAISO Tariff.

“Settlement Point” means [PNode/DLAP/SP-15].

“Shared Facilities” means the gen-tie lines, transformers, substations, or other equipment,
permits, contract rights, and other assets and property (real or personal), in each case, as necessary
to enable delivery of energy from the Facility (which is excluded from Shared Facilities) to the
point of interconnection, including the Interconnection Agreement itself, that are used in common
with third parties.
“Showing Month” shall be the calendar month of the Delivery Term that is the subject of the RA Compliance Showing, as set forth in the Resource Adequacy Rulings and outlined in the CAISO Tariff. For illustrative purposes only, pursuant to the CAISO Tariff and Resource Adequacy Rulings in effect as of the Effective Date, the monthly RA Compliance Showing made in June is for the Showing Month of August.

“Site” means the real property on which the Facility is or will be located, as further described in Exhibit A, and as shall be updated by Seller at the time Seller provides an executed Construction Start Date certificate in the form of Exhibit J to Buyer, provided that any such update to the Site that includes real property that was not originally contained within the Site boundaries described in Exhibit A shall be subject to Buyer’s approval of such updates in its sole discretion.

“Site Control” means that, for the Contract Term, Seller (or, prior to the Delivery Term, its Affiliate): (a) owns or has the option to purchase the Site; (b) is the lessee or has the option to lease the Site; or (c) is the holder of an easement or an option for an easement, right-of-way grant, or similar instrument with respect to the Site.

“SP-15” means the Existing Zone Generation Trading Hub for Existing Zone region SP15 as set forth in the CAISO Tariff.

“Station Use” means:

(a) The Energy produced by the Facility that is used within the Facility to power the lights, motors, control systems and other electrical loads that are necessary for operation of the Facility; and

(b) The Energy produced by the Facility that is consumed within the Facility’s electric energy distribution system as losses.

“System Emergency” means any condition that requires, as determined and declared by CAISO or the Transmission Provider, automatic or immediate action to (i) prevent or limit harm to or loss of life or property, (ii) prevent loss of transmission facilities or generation supply in the immediate vicinity of the Facility, or (iii) to preserve Transmission System reliability.

“Tax” or “Taxes” means all U.S. federal, state and local and any foreign taxes, levies, assessments, surcharges, duties and other fees and charges of any nature imposed by a Governmental Authority, whether currently in effect or adopted during the Contract Term, including ad valorem, excise, franchise, gross receipts, import/export, license, property, sales and use, stamp, transfer, payroll, unemployment, income, and any and all items of withholding, deficiency, penalty, additions, interest or assessment related thereto.

“Tax Credits” means the PTC, ITC and any other state, local and/or federal production tax credit, depreciation benefit, tax deduction and/or investment tax credit specific to the production of renewable energy and/or investments in renewable energy facilities.

“Terminated Transaction” has the meaning set forth in Section 11.2(a).

“Termination Payment” has the meaning set forth in Section 11.3.
“Test Energy” means Facility Energy delivered (a) commencing on the later of (i) the first date that the CAISO informs Seller in writing that Seller may deliver Facility Energy to the CAISO and (ii) the first date that the Transmission Provider informs Seller in writing that Seller has conditional or temporary permission to operate in parallel with the CAISO Grid, and (b) ending upon the occurrence of the Commercial Operation Date.

“Test Energy Rate” has the meaning set forth in Section 3.6.

“Transmission Provider” means any entity that owns, operates and maintains transmission or distribution lines and associated facilities and/or has entitlements to use certain transmission or distribution lines and associated facilities for the purpose of transmitting or transporting the Facility Energy to or from the Delivery Point.

“Transmission System” means the transmission facilities operated by the CAISO, now or hereafter in existence, which provide energy transmission service downstream from the Delivery Point.

“Transmission System Outage” means an outage on the Transmission System, other than a System Emergency, that is not caused by Seller’s actions or inactions and that prevents Buyer or the CAISO (as applicable) from receiving System Energy onto the Transmission System.

“Ultimate Parent” means ________________, a [State of organization] [Type of entity].

“Variable Energy Resource” or “VER” has the meaning set forth in the CAISO Tariff.

“WECC” means the Western Electricity Coordinating Council or its successor.

“WREGIS” means the Western Renewable Energy Generation Information System or any successor renewable energy tracking program.

“WREGIS Certificate Deficit” has the meaning set forth in Section 4.8(e).

“WREGIS Certificates” has the same meaning as “Certificate” as defined by WREGIS in the WREGIS Operating Rules and are designated as eligible for complying with the California Renewables Portfolio Standard.

“WREGIS Operating Rules” means those operating rules and requirements adopted by WREGIS as of May 1, 2018, as subsequently amended, supplemented or replaced (in whole or in part) from time to time.

1.2 Rules of Interpretation. In this Agreement, except as expressly stated otherwise or unless the context otherwise requires:

(a) headings and the rendering of text in bold and italics are for convenience and reference purposes only and do not affect the meaning or interpretation of this Agreement;

(b) words importing the singular include the plural and vice versa and the masculine, feminine and neuter genders include all genders;
(c) the words “hereof”, “herein”, and “hereunder” and words of similar import shall refer to this Agreement as a whole and not to any particular provision of this Agreement;

(d) a reference to an Article, Section, paragraph, clause, Party, or Exhibit is a reference to that Section, paragraph, clause of, or that Party or Exhibit to, this Agreement unless otherwise specified;

(e) a reference to a document or agreement, including this Agreement shall mean such document, agreement or this Agreement including any amendment or supplement to, or replacement, novation or modification of this Agreement, but disregarding any amendment, supplement, replacement, novation or modification made in breach of such document, agreement or this Agreement;

(f) a reference to a Person includes that Person’s successors and permitted assigns;

(g) the terms “include” and “including” mean “include or including (as applicable) without limitation” and any list of examples following such term shall in no way restrict or limit the generality of the word or provision in respect of which such examples are provided;

(h) references to any statute, code or statutory provision are to be construed as a reference to the same as it may have been, or may from time to time be, amended, modified or reenacted, and include references to all bylaws, instruments, orders and regulations for the time being made thereunder or deriving validity therefrom unless the context otherwise requires;

(i) in the event of a conflict, a mathematical formula or other precise description of a concept or a term shall prevail over words providing a more general description of a concept or a term;

(j) references to any amount of money shall mean a reference to the amount in United States Dollars;

(k) the expression “and/or” when used as a conjunction shall connote “any or all of”;

(l) words, phrases or expressions not otherwise defined herein that (i) have a generally accepted meaning in Prudent Operating Practice shall have such meaning in this Agreement or (ii) do not have well known and generally accepted meaning in Prudent Operating Practice but that have well known and generally accepted technical or trade meanings, shall have such recognized meanings; and

(m) each Party acknowledges that it was represented by counsel in connection with this Agreement and that it or its counsel reviewed this Agreement and that any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not be employed in the interpretation of this Agreement.
ARTICLE 2
TERM; CONDITIONS PRECEDENT

2.1 Contract Term.

(a) The term of this Agreement shall commence on the Effective Date and shall remain in full force and effect until the conclusion of the Delivery Term, subject to any early termination provisions ("Contract Term"), provided, subject to Buyer’s obligations in Section 3.6, Buyer’s obligations to pay for or accept any Product are subject to Seller’s completion of the conditions precedent pursuant to Section 2.2.

(b) Applicable provisions of this Agreement shall continue in effect after termination, including early termination, to the extent necessary to enforce or complete the duties, obligations or responsibilities of the Parties arising prior to termination. The confidentiality obligations of the Parties under Article 18 shall remain in full force and effect for two (2) years following the termination of this Agreement, and all indemnity and audit rights shall remain in full force and effect for one (1) year following the termination of this Agreement.

2.2 Conditions Precedent. The Delivery Term shall not commence until Seller completes to Buyer’s reasonable satisfaction each of the following conditions:

(a) Seller shall have delivered to Buyer (i) a completion certificate from a Licensed Professional Engineer substantially in the form of Exhibit H and (ii) a certificate from a Licensed Professional Engineer substantially in the form of Exhibit I setting forth the Installed Capacity on the Commercial Operation Date;

(b) A Participating Generator Agreement and a Meter Service Agreement between Seller and CAISO shall have been executed and delivered and be in full force and effect, and a copy of each such agreement delivered to Buyer;

(c) An Interconnection Agreement between Seller and the Transmission Provider shall have been executed and delivered and be in full force and effect and a copy of the Interconnection Agreement delivered to Buyer;

(d) All applicable regulatory authorizations, approvals and permits for the operation of the Facility have been obtained and all conditions thereof have been satisfied and shall be in full force and effect;

(e) Seller has received CEC Precertification of the Facility (and reasonably expects to receive final CEC Certification and Verification for the Facility in no more than one hundred eighty (180) days after the Commercial Operation Date);

(f) Seller (with the reasonable participation of Buyer) shall have completed all applicable WREGIS registration requirements, including the completion and submittal of all applicable registration forms and supporting documentation, which may include applicable interconnection agreements, informational surveys related to the Facility, QRE service agreements, and other appropriate documentation required to effect Facility registration with WREGIS and to enable Renewable Energy Credit transfers related to the Facility within the
WREGIS system and shall reasonably have assisted Buyer to complete any other requirements to enable Buyer to use the Product toward fulfilling its RPS requirements;

(g) Seller has delivered the Performance Security to Buyer in accordance with Section 8.8; and

(h) Seller has paid Buyer for all amounts owing under this Agreement, if any, including Delay Damages.

2.3 Development; Construction; Progress Reports. Within fifteen (15) days after the close of (i) each calendar quarter from the first calendar quarter following the Effective Date until the Construction Start Date, and (ii) each calendar month from the first calendar month following the Construction Start Date until the Commercial Operation Date, Seller shall provide to Buyer a Progress Report and agree to regularly scheduled meetings between representatives of Buyer and Seller to review such reports and discuss Seller’s construction progress. The form of the Progress Report is set forth in Exhibit E. Seller shall also provide Buyer with any reasonably requested documentation (subject to confidentiality restrictions) directly related to the achievement of Milestones within ten (10) Business Days of receipt of such request by Seller. Seller is solely responsible for the design and construction of the Facility, including the location of the Site, the Facility layout, and the selection and procurement of the equipment comprising the Facility.

2.4 Remedial Action Plan. If Seller misses a Milestone by more than thirty (30) days, except as the result of Force Majeure Event or Buyer Default, Seller shall submit to Buyer, within ten (10) Business Days of the end of such thirty (30)-day period following the Milestone completion date, a remedial action plan (“Remedial Action Plan”), which will describe in detail any delays (actual or anticipated) beyond the scheduled Milestone dates, including the cause of the delay (e.g., governmental approvals, financing, property acquisition, design activities, equipment procurement, project construction, interconnection, or any other factor), Seller’s detailed description of its proposed course of action to achieve the missed Milestones and all subsequent Milestones by the Guaranteed Commercial Operation Date; provided, that delivery of any Remedial Action Plan shall not relieve Seller of its obligation to provide Remedial Action Plans with respect to any subsequent Milestones and to achieve the Guaranteed Commercial Operation Date in accordance with the terms of this Agreement. Subject to the provisions of Exhibit B, so long as Seller complies with its obligations under this Section 2.4, Seller shall not be considered in default of its obligations under this Agreement solely as a result of missing any Milestone.

2.5 CPUC Approval. Within one-hundred eighty (180) days after Seller was notified by Buyer of shortlist status related to the relevant Request for Offer (RFO), Buyer shall file with the CPUC the appropriate request for CPUC approval (“CPUC Approval”). Buyer shall expeditiously seek CPUC Approval, including promptly responding to any requests for information related to the request for CPUC Approval. As requested by Buyer, Seller shall use commercially reasonable efforts to support Buyer in obtaining CPUC Approval. Buyer has no obligation to seek rehearing or to appeal a CPUC decision which fails to approve this Agreement, or which contains findings required for CPUC Approval with conditions or modifications unacceptable to Buyer. Buyer and Seller obligations under this PPA will only become effective upon Buyer obtaining CPUC Approval. Failure to obtain CPUC Approval in accordance with this Section 2.5 will not be deemed to be a failure of Seller to install the Project or a failure of Buyer
to purchase or receive the Product, and will not be or cause an Event of Default by either Party.

ARTICLE 3
PURCHASE AND SALE

3.1 Purchase and Sale of Product. Subject to the terms and conditions of this Agreement, during the Delivery Term, Buyer shall purchase all the Product produced by or associated with the Facility at the Contract Price, and Seller shall supply and deliver to Buyer all the Product produced by or associated with the Facility. At its sole discretion, Buyer may during the Delivery Term re-sell or use for another purpose all or a portion of the Product; provided, no such resale or use shall relieve Buyer of any of its obligations under this Agreement. Subject to Buyer’s obligation to purchase Capacity Attributes in accordance with this Section 3.1, Buyer has no obligation to pay Seller for any Product for which the associated Facility Energy is not or cannot be delivered to the Delivery Point as a result of an outage of the Facility, a Force Majeure Event, Negative LMPs, or a Curtailment Order.

3.2 Sale of Green Attributes. During the Delivery Term, Seller shall sell and deliver to Buyer, and Buyer shall purchase from Seller, all Green Attributes attributable to the Facility Energy generated by the Facility. Upon request of Buyer, Seller shall use commercially reasonable efforts to (a) submit, and receive approval from the Center for Resource Solutions (or any successor that administers the Green-e Certification process), for the Green-e tracking attestations and (b) support Buyer’s efforts to qualify the Green Attributes transferred by Seller as Green-e Certified.

3.3 Compensation.

(a) During the Delivery Term, Buyer shall pay Seller the following amounts for each MWh of Facility Energy and Deemed Delivered Energy during a Contract Year up to one hundred fifteen percent (115%) of the amount of Expected Energy for such Contract Year (“Excess MWh”):

(i) For each MWh of Facility Energy in each Settlement Interval, the difference of (A) the Contract Price, minus (B) the Day-Ahead Market LMP applicable to the Settlement Point for such Settlement Interval; provided, (x) if the Day-Ahead Market LMP applicable to the Settlement Point for such Settlement Interval is less than the Negative LMP Strike Price, then such Day-Ahead Market LMP value will be deemed to be the Negative LMP Strike Price for purposes of this Section 3.3(a)(i), and (y) if the result of the difference of (A) minus (B) above results in a negative value, then Seller shall pay Buyer the absolute value of such result (which payment may be applied as a credit to Buyer on Seller’s monthly invoice); and

(ii) For each MWh of Deemed Delivered Energy in each Settlement Interval, the difference of (A) the Contract Price, minus (B) any associated CAISO Revenues; provided, if the Facility Energy for a Contract Year exceeds one hundred percent (100%) of the Expected Energy for such Contract Year, then (x) Buyer shall not be required to pay for any Deemed Delivered Energy in such Contract Year, and (y) Seller shall refund to Buyer any amounts previously paid by Buyer for Deemed Delivered Energy in such Contract Year (which refund may be applied as a credit to Buyer on Seller’s monthly invoice).
(b) During the Delivery Term, Buyer shall pay Seller the following amounts for each MWh of Facility Energy and Deemed Delivered Energy during a Contract Year in excess of one hundred fifteen percent (115%) of the Expected Energy for such Contract Year:

(i) For each MWh of Facility Energy in each Settlement Interval, zero dollars per MWh ($0/MWh); and

(ii) For each MWh of Deemed Delivered Energy in each Settlement Interval, zero dollars per MWh ($0/MWh).

(c) During the Delivery Term, Seller shall receive no compensation from Buyer for Curtailed Energy or Facility Energy that is delivered in violation of a Curtailment Order.

(d) Negative LMP Strike Price. Buyer may change the Negative LMP Strike Price by providing Notice to Seller at least five (5) Business Days prior to the effective date of such change, which notice must identify the new Negative LMP Strike Price and the effective date for the new Negative LMP Strike Price; provided, the Negative LMP Strike Price identified by Buyer must be less than or equal to zero dollars per MWh ($0/MWh).

(e) Tax Credits. The Parties agree that the neither the Contract Price nor the Test Energy Rate are subject to adjustment or amendment if Seller fails to receive any Tax Credits, or if any Tax Credits expire, are repealed or otherwise cease to apply to Seller or the Facility in whole or in part, or Seller or its investors are unable to benefit from any Tax Credits. Seller shall bear all risks, financial and otherwise, throughout the Contract Term, associated with Seller’s or the Facility’s eligibility to receive Tax Credits or to qualify for accelerated depreciation for Seller’s accounting, reporting or Tax purposes. The obligations of the Parties hereunder, including those obligations set forth herein regarding the purchase and price for and Seller’s obligation to deliver Facility Energy and Product, shall be effective regardless of whether construction of the Facility (or any portion thereof) or the sale of Facility Energy is eligible for, or receives Tax Credits during the Contract Term.

3.4 Imbalance Energy. Seller shall use commercially reasonable efforts to deliver the Scheduled Energy. Buyer and Seller recognize that in any given Settlement Period the amount of Facility Energy may deviate from the amount of Scheduled Energy and that to the extent there are such deviations, any costs or revenues from such imbalances shall be solely for the account of Seller.

3.5 Ownership of Renewable Energy Incentives. Seller shall have all right, title and interest in and to all Renewable Energy Incentives. Buyer acknowledges that any Renewable Energy Incentives belong to Seller. If any Renewable Energy Incentives, or values representing the same, are initially credited or paid to Buyer, Buyer shall cause such Renewable Energy Incentives or values relating to same to be assigned or transferred to Seller without delay. Buyer shall reasonably cooperate with Seller, at Seller’s sole expense, in Seller’s efforts to meet the requirements for any certification, registration, or reporting program relating to Renewable Energy Incentives.

3.6 Future Environmental Attributes.
(a) The Parties acknowledge and agree that as of the Effective Date, environmental attributes sold under this Agreement are restricted to Green Attributes; however, Future Environmental Attributes may be created by a Governmental Authority through Laws enacted after the Effective Date. Subject to the final sentence of this Section 3.6(a), and Sections 3.6(b) and 3.13, in such event, Buyer shall bear all costs associated with the transfer, qualification, verification, registration and ongoing compliance for such Future Environmental Attributes, but there shall be no increase in the Contract Price. Upon Seller’s receipt of Notice from Buyer of Buyer’s intent to claim such Future Environmental Attributes, the Parties shall determine the necessary actions and additional costs associated with such Future Environmental Attributes. Seller shall have no obligation to alter the Facility or the operation of the Facility unless the Parties have agreed on all necessary terms and conditions relating to such alteration or change in operation and Buyer has agreed to reimburse Seller for all costs, losses, and liabilities associated with such alteration or change in operation.

(b) If Buyer elects to receive Future Environmental Attributes pursuant to Section 3.6(a), the Parties agree to negotiate in good faith with respect to the development of further agreements and documentation necessary to effectuate the transfer of such Future Environmental Attributes, including agreement with respect to (i) appropriate transfer, delivery and risk of loss mechanisms, and (ii) appropriate allocation of any additional costs, as set forth above; provided, that the Parties acknowledge and agree that such terms are not intended to alter the other material terms of this Agreement.

3.7 Test Energy. No less than fourteen (14) days prior to the first day on which Test Energy is expected to be available from the Facility, Seller shall notify Buyer of the availability of the Test Energy. If and to the extent the Facility generates Test Energy, Buyer shall have the option to purchase from Seller all Test Energy and any associated Products on an as-available basis for up to ninety (90) days from the first delivery of Test Energy. As compensation for such Test Energy and associated Product, Buyer shall pay Seller for each MWh of Test Energy an amount equal to (a) seventy percent (70%) of the Contract Price (the “Test Energy Rate”), minus (b) the FMM LMP applicable to the Delivery Point for such Settlement Interval. If Buyer does not exercise the option within ten (10) days after receipt of Notice from Seller, Seller shall have the right to sell all or any portion of the Product, including any Test Energy, generated by the Facility prior to the Commercial Operation Date to one or more third parties and retain all resulting revenue. The conditions precedent in Section 2.2 are not applicable to the Parties’ obligations under this Section 3.7.

3.8 Capacity Attributes. Seller shall request Full Capacity Deliverability Status for the Guaranteed Capacity in the CAISO generator interconnection process. As between Buyer and Seller, Seller shall be responsible for the cost and installation of any Network Upgrades associated with obtaining such Full Capacity Deliverability Status.

(a) Throughout the Delivery Term and subject to Section 3.13, Seller grants, pledges, assigns and otherwise commits to Buyer all the Capacity Attributes from the Facility.

(b) Throughout the Delivery Term and subject to Section 3.13, Seller shall use commercially reasonable efforts to maintain eligibility for Full Capacity Deliverability Status for the Facility from the CAISO and shall perform all actions necessary to ensure that the Facility
qualifies to provide Resource Adequacy Benefits to Buyer. Throughout the Delivery Term, and subject to Section 3.13, Seller hereby covenants and agrees to transfer all Resource Adequacy Benefits to Buyer.

(c) For the duration of the Delivery Term, and subject to Section 3.13, Seller shall take all commercially reasonable actions, including complying with all applicable registration and reporting requirements, and execute all documents or instruments necessary to enable Buyer to use all of the Capacity Attributes committed by Seller to Buyer pursuant to this Agreement.

3.9 Resource Adequacy Failure.

(a) RA Deficiency Determination. Notwithstanding Seller’s obligations set forth in Section 4.3 or anything to the contrary herein, for each RA Shortfall Month Seller shall pay to Buyer the RA Deficiency Amount as liquidated damages and/or provide Replacement RA, as set forth in Section 3.9(b), as the sole remedy for the Capacity Attributes that Seller failed to convey to Buyer.

(b) RA Deficiency Amount Calculation. For each RA Shortfall Month, Seller shall pay to Buyer an amount (the “RA Deficiency Amount”) equal to the product of the difference, expressed in kW, of (i) the Qualifying Capacity of the Facility (or, if applicable, during the period between the RA Guarantee Date and the Effective FCDS Date, the amount of Qualifying Capacity the Facility would reasonably be estimated to qualify for, based on the CPUC-adopted qualifying capacity methodologies then in effect), minus (ii) the Net Qualifying Capacity of the Facility, multiplied by the price for CPM Capacity as listed in Section 43A.7.1 of the CAISO Tariff (or its successor) (“CPM Price”); provided, Seller may, as an alternative to paying some or all of the RA Deficiency Amounts, provide Replacement RA in the amount of (X) the Qualifying Capacity of the Facility with respect to such month, minus (Y) the Net Qualifying Capacity of the Facility with respect to such month, not to exceed twenty-five percent (25%) of the Qualifying Capacity amount in any such RA Shortfall Month, provided that any Replacement RA capacity is communicated by Seller to Buyer with Replacement RA product information in a Notice substantially in the form of Exhibit M at least fifty (50) Business Days before the applicable Showing Month for the purpose of monthly RA reporting.

3.10 CEC Certification and Verification. Subject to Section 3.13, Seller shall take all necessary steps including, but not limited to, making or supporting timely filings with the CEC to obtain and maintain CEC Certification and Verification for the Facility throughout the Delivery Term, including compliance with all applicable requirements for certified facilities set forth in the current version of the RPS Eligibility Guidebook (or its successor). Seller shall obtain CEC Precertification by the Commercial Operation Date. Within thirty (30) days after the Commercial Operation Date, Seller shall apply with the CEC for final CEC Certification and Verification. Within one hundred eighty (180) days after the Commercial Operation Date, Seller shall obtain and maintain throughout the remainder of the Delivery Term the final CEC Certification and Verification. Seller must promptly notify Buyer and the CEC of any changes to the information included in Seller’s application for CEC Certification and Verification for the Facility.

3.11 Eligibility. Subject to Section 3.13, Seller, and, if applicable, its successors, represents and warrants that throughout the Delivery Term of this Agreement that: (i) the Facility
qualifies and is certified by the CEC as an Eligible Renewable Energy Resource as such term is defined in Public Utilities Code Section 399.12 or Section 399.16; and (ii) the Facility’s output delivered to Buyer qualifies under the requirements of the California Renewables Portfolio Standard. To the extent a change in law occurs after execution of this Agreement that causes this representation and warranty to be materially false or misleading, it shall not be an Event of Default if Seller has used commercially reasonable efforts to comply with such change in law. The term “commercially reasonable efforts” as used in this Section 3.11 means efforts consistent with and subject to Section 3.13.

3.12 **California Renewables Portfolio Standard.** Subject to Section 3.13, Seller shall also take all other actions necessary to ensure that the Energy produced from the Facility is tracked for purposes of satisfying the California Renewables Portfolio Standard requirements, as may be amended or supplemented by the CPUC or CEC from time to time.

3.13 **Compliance Expenditure Cap.** If a change in Law occurring after the Effective Date has increased Seller’s cost to comply with Seller’s obligations under this Agreement that are made subject to this Section 3.12, including with respect to obtaining, maintaining, conveying or effectuating Buyer’s use of Green Attributes and Capacity Attributes (as applicable), then the Parties agree that the maximum aggregate amount of costs and expenses Seller shall be required to bear during the Delivery Term to comply with all of such obligations shall be capped at Twenty-Five Thousand Dollars ($25,000) per MW of Guaranteed Capacity (“Compliance Expenditure Cap”).

(a) Any actions required for Seller to comply with its obligations set forth in the first paragraph above, the cost of which will be included in the Compliance Expenditure Cap, shall be referred to collectively as the “Compliance Actions.”

(b) If Seller reasonably anticipates the need to incur out-of-pocket expenses in excess of the Compliance Expenditure Cap in order to take any Compliance Action Seller shall provide Notice to Buyer of such anticipated out-of-pocket expenses.

(c) Buyer will have sixty (60) days to evaluate such Notice (during which time period Seller is not obligated to take any Compliance Actions described in the Notice) and shall, within such time, either (1) agree to reimburse Seller for all or some portion of the costs that exceed the Compliance Expenditure Cap (such Buyer-agreed upon costs, the “Accepted Compliance Costs”), or (2) waive Seller’s obligation to take such Compliance Actions, or any part thereof for which Buyer has not agreed to reimburse Seller. If Buyer does not respond to a Notice given by Seller under this Section 3.13 within sixty (60) days after Buyer’s receipt of same, Buyer shall be deemed to have waived its rights to require Seller to take the Compliance Actions that are the subject of the Notice, and Seller shall have no further obligation to take, and no liability for any failure to take, such Compliance Actions until such time as Buyer agrees to pay such Accepted Compliance Costs.

(d) If Buyer agrees to reimburse Seller for the Accepted Compliance Costs, then Seller shall take such Compliance Actions covered by the Accepted Compliance Costs as agreed upon by the Parties and Buyer shall reimburse Seller for Seller’s actual costs to effect the
Compliance Actions, not to exceed the Accepted Compliance Costs, within sixty (60) days from the time that Buyer receives an invoice and documentation of such costs from Seller.

3.14 **Project Configuration.**

In order to optimize the benefits of the Facility, Buyer and Seller each agree that if requested by the other Party, then Buyer and Seller shall discuss in good faith potential reconfiguration of the Facility or Interconnection Facilities; **provided,** neither Party shall be obligated to agree to any changes under this Agreement, or to incur any expense in connection with such changes, except under terms mutually acceptable to both Parties as set forth in a written agreement.

ARTICLE 4
OBLIGATIONS AND DELIVERIES

4.1 **Delivery.**

(a) **Energy.** Subject to the provisions of this Agreement, commencing on the Commercial Operation Date through the end of the Contract Term, Seller shall supply and deliver the Product to Buyer at the Delivery Point, and Buyer shall take delivery of the Product at the Delivery Point in accordance with the terms of this Agreement. Seller shall be responsible for paying or satisfying when due any costs or charges imposed in connection with the delivery of Facility Energy to the Delivery Point, including without limitation, any operation and maintenance charges imposed by the Transmission Provider directly relating to the Facility’s operations. Buyer shall be responsible for all costs, charges and penalties, if any, imposed in connection with the delivery of Facility Energy at and after the Delivery Point, including without limitation transmission costs and transmission line losses and imbalance charges. The Facility Energy will be scheduled with the CAISO by Seller (or Seller’s designated Scheduling Coordinator).

(b) **Green Attributes.** All Green Attributes associated with Test Energy and the Facility Energy during the Delivery Term are exclusively dedicated to and vested in Buyer. Seller represents and warrants that Seller holds the rights to all Green Attributes from the Facility, and Seller agrees to convey and hereby conveys all such Green Attributes to Buyer as included in the delivery of the Product from the Facility.

4.2 **Title and Risk of Loss.**

(a) **Energy.** Title to and risk of loss related to the Facility Energy shall pass and transfer from Seller to Buyer at the Delivery Point. Seller warrants that all Product delivered to Buyer is free and clear of all liens, security interests, claims and encumbrances of any kind.

(b) **Green Attributes.** Title to and risk of loss related to the Green Attributes shall pass and transfer from Seller to Buyer upon the transfer of such Green Attributes in accordance with WREGIS.

4.3 **Scheduling Coordinator Responsibilities.**
(a) **Seller to be Scheduling Coordinator.** During the Delivery Term, Seller shall act as Scheduling Coordinator or designate a qualified third party to provide Scheduling Coordinator services with the CAISO to Schedule and deliver the Product to the Delivery Point on behalf of Buyer. Each Party shall perform all scheduling and transmission activities in compliance with (i) the CAISO Tariff, (ii) WECC scheduling practices, and (iii) Prudent Operating Practice. The Parties agree to communicate and cooperate as necessary in order to address any scheduling or settlement issues as they may arise, and to work together in good faith to resolve them in a manner consistent with the terms of the Agreement.

(b) **CAISO Market Participation.** During the Delivery Term, Seller, as the party responsible for all Scheduling Coordinator activities with respect to the Facility, shall submit bids into the Day-Ahead Market and the Real-Time Market with the EIRP Forecast. Seller’s bids into the Day-Ahead Market and the Real-Time Market shall be consistent with the EIRP Forecast and at or below the Negative LMP Strike Price and consistent with Prudent Operating Practice.

(c) **EIRP Forecast.** If either Party determines that an alternative forecast is more accurate than the EIRP Forecast, based upon no less than six months of recorded data comparing the alternative forecast, the EIRP Forecast, and the actual Facility Energy data, then, subject to the other Party’s written consent, such alternative forecast may be used in place of the EIRP forecast. Any such successor alternative forecast will itself be subject to periodic review by the Parties under the foregoing criteria. If the Parties are not able to agree upon a commercially reasonable replacement forecast, either Party may submit the matter to Dispute Resolution in accordance with Article 16 of this Agreement. Notwithstanding the foregoing, any successor alternative forecast will be used for determining Deemed Delivered Energy on a prospective basis only.

(d) **CAISO Costs and CAISO Revenues.** As the Scheduling Coordinator for the Facility, Seller shall be responsible for all CAISO Costs and shall be entitled to all CAISO Revenues; provided, that, any net costs or charges assessed by the CAISO which are due to a Buyer Default shall be Buyer’s responsibility. The Parties agree that any Availability Incentive Payments are for the benefit of Seller and for Seller’s account and that any Non-Availability Charges or other CAISO charges associated with the Facility not providing sufficient Resource Adequacy capacity are the responsibility of Seller and for Seller’s account. In addition, if during the Delivery Term the CAISO implements or has implemented any sanction or penalty related to scheduling, outage reporting, or generator operation, the cost of such sanctions or penalties arising from the scheduling, outage reporting, or generator operation of the Facility shall be Seller’s responsibility.

(e) **Future Changes to Scheduling Protocols.** During the Delivery Term, the Parties agree to discuss in good faith requested changes by either Party to the CAISO scheduling procedures set forth in this Agreement, including the possibility of incorporating Inter-SC Trades in the Day-Ahead Market.

(f) **Customer Market Results Interface Access.** Seller shall provide to Buyer read-only access to Seller’s (or its SC’s) Customer Market Results Interface for the Facility.

4.4 **Forecasting.** Seller shall provide the Facility Energy forecasts described below. Seller’s Facility Energy forecasts shall include availability for the Facility. Seller shall use
commercially reasonable efforts to forecast the Facility Energy of the Facility accurately and to transmit such information in a format reasonably acceptable to Buyer (or Buyer’s designee).

(a) **Annual Forecast of Facility Energy.** No less than forty-five (45) days before (i) the first day of the first Contract Year of the Delivery Term and (ii) the beginning of each calendar year during the Delivery Term, Seller shall provide a non-binding forecast of each month’s average-day expected Facility Energy, by hour, for the following calendar year in a format reasonably acceptable to Buyer.

(b) **Monthly Forecast of Facility Energy.** No less than thirty (30) days before the beginning of Commercial Operation, and thereafter ten (10) Business Days before the beginning of each month during the Delivery Term, Seller shall provide to Buyer and Buyer’s designee (if applicable) a non-binding forecast of the hourly Facility Energy for each day of the following month in a format reasonably acceptable to Buyer.

(c) **Day-Ahead Forecast.** By 5:30 AM Pacific Prevailing Time on the Business Day immediately preceding the date of delivery, or as otherwise specified by Buyer consistent with Prudent Operating Practice, Seller shall provide Buyer with a non-binding forecast of the Expected Energy from the Facility for relevant periods ("**Day-Ahead Forecast**"). A Day-Ahead Forecast provided in a day prior to any non-Business Day(s) shall include non-binding forecasts for the immediate day, each succeeding non-Business Day and the next Business Day. Each Day-Ahead Forecast shall clearly identify, for each hour, Seller’s best estimate of the Facility’s Expected Energy for relevant periods. Seller shall provide each Day-Ahead Forecast through Seller’s (or its SC’s) Customer Market Results Interface for the Facility. If the Customer Market Results Interface is not available, Seller shall provide the Day-Ahead Forecast in the form of a CSV file delivered to Buyer’s File Transfer Protocol (FTP) site as set forth in **Exhibit N**.

(d) **Real-Time Forecast Updates.** Seller shall arrange for Buyer to be provided real-time data (i) with respect to the Available Generating Capacity, via an Outage Management System ("**OMS**") based on CAISO protocols, and (ii) with respect to hourly expected Energy quantities, via the Facility’s EMS, in each case of (i) and (ii) in accordance with such procedures (including appropriate back-up procedures) as may be agreed and implemented by Seller and Buyer and, in the case of Energy forecasts, the Approved Forecast Vendor. Among other information provided through such procedures, Buyer shall be notified if, past the deadlines for Day-Ahead Forecasts provided in Section 4.3(c), there are change(s) in such Day-Ahead Forecasts of one (1) MW / (1) MWh or more, as applicable, in the Available Generating Capacity or the hourly expected Energy, in any case whether due to Forced Facility Outage, Transmission System Outage, Force Majeure or other cause, including (as appropriate) information regarding the beginning date and time of any event resulting in the change in Available Generating Capacity, the expected end date and time of any such event, and any other information required by the CAISO or reasonably requested by Buyer.

(e) **CAISO Tariff Requirements.** Seller shall comply with all applicable obligations for Variable Energy Resources under the CAISO Tariff and the Eligible Intermittent Resource Protocol that may be applicable to the Facility (if any), including, as applicable, providing appropriate operational data and meteorological data, and will fully cooperate with
Buyer, Buyer’s SC, and CAISO, in providing all data, information, and authorizations required thereunder.

4.5 Dispatch Down/Curtailment.

(a) General. Seller agrees to reduce the amount of Facility Energy produced by the Facility, by the amount and for the period set forth in any Curtailment Order or Buyer Curtailment Order.

(b) Buyer Curtailment. Buyer shall have the right to order Seller to curtail deliveries of Facility Energy through Buyer Curtailment Orders; provided, Buyer shall compensate Seller for Deemed Delivered Energy in accordance with Section 3.3.

(c) Failure to Comply. If Seller fails to comply with a Buyer Curtailment Order or Curtailment Order, then, for each MWh of Facility Energy that is delivered by the Facility to the Delivery Point in excess of the Buyer Curtailment Order or Curtailment Order, Seller shall pay Buyer for each such MWh at an amount equal to the sum of \((A) + (B) + (C)\), where: \((A)\) is the amount, if any, paid to Seller by Buyer for delivery of such excess MWh and, \((B)\) is the sum, for all Settlement Intervals with a Negative LMP during the Buyer Curtailment Period or Curtailment Period, of the absolute value of the product of such excess MWh in each Settlement Interval and the Negative LMP for such Settlement Interval, and \((C)\) is any penalties assessed by the CAISO or other charges assessed by the CAISO resulting from Seller’s failure to comply with the Buyer Curtailment Order or Curtailment Order.

(d) Seller Equipment Required for Operating Instruction Communications. Seller shall acquire, install, and maintain such facilities, communications links and other equipment, and implement such protocols and practices, as necessary to respond to and follow operating instructions from the CAISO and Buyer’s SC, including an electronic signal conveying real time and intra-day instructions, to operate the Facility as directed by Buyer from time to time in accordance with this Agreement and/or a Governmental Authority, including to implement a Buyer Curtailment Order or Curtailment Order in accordance with the methodologies applicable to the Facility and used to transmit such instructions. If at any time during the Delivery Term Seller’s facilities, communications links or other equipment, protocols or practices are not in compliance with methodologies applicable to the Facility and directed by Buyer, Seller shall take the steps necessary to become compliant as soon as commercially reasonably possible. Seller shall be liable pursuant to Section 4.5(c) for failure to comply with a Buyer Curtailment Order or Curtailment Order, during the time that Seller’s facilities, communications links or other equipment, protocols or practices are not in compliance with applicable methodologies. A Buyer Curtailment Order or Curtailment Order communication via such systems and facilities shall have the same force and effect on Seller as any other form of communication.

4.6 Reduction in Energy Delivery Obligation. Without limiting Section 3.1 or Exhibit G:

(a) Facility Maintenance.

(i) Seller shall provide to Buyer written schedules for Planned Outages for each Contract Year no later than thirty (30) days prior to the first day of the applicable Contract
Year. Buyer may provide comments no later than ten (10) days after receiving any such schedule, and Seller shall in good faith take into account any such comments. Seller shall deliver to Buyer the final updated schedule of Planned Outages no later than ten (10) days after receiving Buyer’s comments. Seller shall be permitted to reduce deliveries of Product during any period of such Planned Outages.

(ii) If reasonably required in accordance with Prudent Operating Practices, Seller may perform maintenance at a different time than maintenance scheduled pursuant to Section 4.6(a)(i). Seller shall provide Notice to Buyer within the time period determined by the CAISO for the Facility, as a Resource Adequacy Resource that is subject to the Availability Standards, to qualify for an “Approved Maintenance Outage” under the CAISO Tariff (or such shorter period as may be reasonably acceptable to Buyer), and Seller shall limit maintenance repairs performed pursuant to this Section 4.6(a) to periods when Buyer does not reasonably believe the Facility will be dispatched.

(iii) Notwithstanding anything in this Agreement to the contrary, no Planned Outages of the Facility shall be scheduled or planned from each June 1 through October 31 during the Delivery Term, unless approved by Buyer in writing in its sole discretion. In the event that Seller has a previously Planned Outage that becomes coincident with a System Emergency, Seller shall make all reasonable efforts to reschedule such Planned Outage.

(b) Forced Facility Outage. Seller shall be permitted to reduce deliveries of Product during any Forced Facility Outage. Seller shall provide Buyer with Notice and expected duration (if known) of any Forced Facility Outage.

c) System Emergencies and other Interconnection Events. Seller shall be permitted to reduce deliveries of Product during any period of System Emergency, Transmission System Outage, Buyer Curtailment Period, or upon notice of a Curtailment Order pursuant to the terms of this Agreement, the Interconnection Agreement or applicable tariff.

d) Force Majeure Event. Subject to Article 10, Seller shall be permitted to reduce deliveries of Product during any Force Majeure Event.

e) Negative LMP. Seller shall be permitted, but not obligated, in its sole discretion to reduce deliveries of Product during any period in which there is a Negative LMP.

(f) Health and Safety. Seller shall be permitted to reduce deliveries of Product as necessary to maintain health and safety pursuant to Section 6.2.

4.7 Guaranteed Energy Production. During each Performance Measurement Period, Seller shall deliver to Buyer an amount of Facility Energy, not including any Excess MWh, equal to no less than the Guaranteed Energy Production (as defined below). “Guaranteed Energy Production” means an amount of Facility Energy, as measured in MWh, equal to one hundred sixty percent (160%) of the average annual Expected Energy for the two (2) Contract Years constituting such Performance Measurement Period. Seller shall be excused from achieving the Guaranteed Energy Production during any Performance Measurement Period only to the extent of any Buyer’s Default or other Buyer failure to perform that directly prevents Seller from being able to deliver PV Energy to the Delivery Point. For purposes of determining whether Seller has
achieved the Guaranteed Energy Production, Seller shall be deemed to have delivered to Buyer the sum of: (a) any Deemed Delivered Energy plus (b) Energy in the amount it could reasonably have delivered to Buyer but was prevented from delivering to Buyer by reason of any Force Majeure Events, System Emergency, Transmission System Outage, or Curtailment Periods (“Lost Output”). If Seller fails to achieve the Guaranteed Energy Production amount in any Performance Measurement Period, Seller shall pay Buyer damages calculated in accordance with Exhibit G (“Energy Replacement Damages”); provided, Seller may, as an alternative, provide Replacement Product (as defined in Exhibit G) delivered to Buyer at SP 15 EZ Gen Hub within ninety (90) days after the conclusion of the applicable Performance Measurement Period in the event Seller fails to deliver the Guaranteed Energy Production during such Contract Years (i) upon a schedule reasonably acceptable to Buyer, (ii) provided that such deliveries do not impose additional costs upon Buyer for which Seller refuses to provide reimbursement, and (iii) not to exceed ten percent (10%) of the Expected Energy for the previous Contract Year.

4.8 WREGIS. Seller shall, at its sole expense, but subject to Section 3.13, take all actions and execute all documents or instruments necessary to ensure that all WREGIS Certificates associated with all Renewable Energy Credits corresponding to all Facility Energy are issued and tracked for purposes of satisfying the requirements of the California Renewables Portfolio Standard and transferred in a timely manner to Buyer for Buyer’s sole benefit. Seller shall transfer all Renewable Energy Credits to Buyer. Seller shall comply with all Laws, including the WREGIS Operating Rules, regarding the certification and transfer of such WREGIS Certificates to Buyer and Buyer shall be given sole title to all such WREGIS Certificates. Seller shall be deemed to have satisfied the warranty in Section 4.8(g), provided that Seller fulfills its obligations under Sections 4.8(a) through (g) below. In addition:

(a) Prior to the Commercial Operation Date, Seller shall register the Facility with WREGIS and establish an account with WREGIS ("Seller’s WREGIS Account"), which Seller shall maintain until the end of the Delivery Term. Seller shall transfer the WREGIS Certificates using “Forward Certificate Transfers” (as described in the WREGIS Operating Rules) from Seller’s WREGIS Account to the WREGIS account(s) of Buyer or the account(s) of a designee that Buyer identifies by Notice to Seller ("Buyer’s WREGIS Account"). Seller shall be responsible for all expenses associated with registering the Facility with WREGIS, establishing and maintaining Seller’s WREGIS Account, paying WREGIS Certificate issuance and transfer fees, and transferring WREGIS Certificates from Seller’s WREGIS Account to Buyer’s WREGIS Account.

(b) Seller shall cause Forward Certificate Transfers to occur on a monthly basis in accordance with the certification procedure established by the WREGIS Operating Rules. Since WREGIS Certificates will only be created for whole MWh amounts of Facility Energy generated, any fractional MWh amounts (i.e., kWh) will be carried forward until sufficient generation is accumulated for the creation of a WREGIS Certificate.

(c) Seller shall, at its sole expense, ensure that the WREGIS Certificates for a given calendar month correspond with the Facility Energy for such calendar month as evidenced by the Facility’s metered data.
(d) Due to the ninety (90) day delay in the creation of WREGIS Certificates relative to the timing of invoice payment under Section 8.2, Buyer shall make an invoice payment for a given month in accordance with Section 8.2 before the WREGIS Certificates for such month are formally transferred to Buyer in accordance with the WREGIS Operating Rules and this Section 4.8. Notwithstanding this delay, Buyer shall have all right and title to all such WREGIS Certificates upon payment to Seller in accordance with Section 8.2.

(e) A “WREGIS Certificate Deficit” means any deficit or shortfall in WREGIS Certificates delivered to Buyer for a calendar month as compared to the Facility Energy for the same calendar month (“Deficient Month”) caused by an error or omission of Seller. If any WREGIS Certificate Deficit is caused by, or the result of any action or inaction of, Seller, then the amount of Facility Energy in the Deficient Month shall be reduced by three times (3x) the amount of the WREGIS Certificate Deficit for purposes of calculating Buyer’s payment to Seller under Article 8 and the Guaranteed Energy Production for the applicable Contract Year; provided, such adjustment shall not apply to the extent that Seller either (x) resolves the WREGIS Certificate Deficit within ninety (90) days after the Deficient Month or (y) provides Replacement Green Attributes (as defined in Exhibit G) within ninety (90) days after the Deficient Month (i) upon a schedule reasonably acceptable to Buyer and (ii) provided that such deliveries do not impose additional costs upon Buyer for which Seller refuses to provide reimbursement. Without limiting Seller’s obligations under this Section 4.8, if a WREGIS Certificate Deficit is caused solely by an error or omission of WREGIS, the Parties shall cooperate in good faith to cause WREGIS to correct its error or omission.

(f) If WREGIS changes the WREGIS Operating Rules after the Effective Date or applies the WREGIS Operating Rules in a manner inconsistent with this Section 4.8 after the Effective Date, the Parties promptly shall modify this Section 4.8 as reasonably required to cause and enable Seller to transfer to Buyer’s WREGIS Account a quantity of WREGIS Certificates for each given calendar month that corresponds to the Facility Energy in the same calendar month.

(g) Seller warrants that all necessary steps to allow the Renewable Energy Credits transferred to Buyer to be tracked in WREGIS will be taken prior to the first delivery under this Agreement.

ARTICLE 5
TAXES

5.1 Allocation of Taxes and Charges. Seller shall pay or cause to be paid all Taxes on or with respect to the Facility or on or with respect to the sale and making available of Product to Buyer, that are imposed on Product prior to its delivery to Buyer at the time and place contemplated under this Agreement. Buyer shall pay or cause to be paid all Taxes on or with respect to the delivery to and purchase by Buyer of Product that are imposed on Product at and after its delivery to Buyer at the time and place contemplated under this Agreement (other than withholding or other Taxes imposed on Seller’s income, revenue, receipts or employees). If a Party is required to remit or pay Taxes that are the other Party’s responsibility hereunder, such Party shall promptly pay the Taxes due and then seek and receive reimbursement from the other for such Taxes. In the event any sale of Product hereunder is exempt from or not subject to any particular Tax, Buyer shall provide Seller with all necessary documentation to evidence such exemption or
exclusion within thirty (30) days after the date Buyer makes such claim. Buyer shall indemnify, defend, and hold Seller harmless from any liability with respect to Taxes for which Buyer is responsible hereunder and from which Buyer claims it is exempt.

5.2 **Cooperation.** Each Party shall use reasonable efforts to implement the provisions of and administer this Agreement in accordance with the intent of the Parties to minimize all Taxes, so long as no Party is materially adversely affected by such efforts. The Parties shall cooperate to minimize Tax exposure; *provided*, neither Party shall be obligated to incur any financial or operational burden to reduce Taxes for which the other Party is responsible hereunder without receiving due compensation therefor from the other Party. All Product delivered by Seller to Buyer hereunder shall be a sale made at wholesale, with Buyer reselling such Product.

**ARTICLE 6**
**MAINTENANCE OF THE FACILITY**

6.1 **Maintenance of the Facility.** Seller shall, as between Seller and Buyer, be solely responsible for the operation and maintenance of the Facility and the delivery of the Product and shall comply with Law and Prudent Operating Practice relating to the operation and maintenance of the Facility and the generation and sale of Product.

6.2 **Maintenance of Health and Safety.** Seller shall take reasonable safety precautions with respect to the operation, maintenance, repair and replacement of the Facility. If Seller becomes aware of any circumstances relating to the Facility that create an imminent risk of damage or injury to any Person or any Person’s property, Seller shall take prompt, reasonable action to prevent such damage or injury and shall give Buyer’s emergency contact identified on Exhibit N Notice of such condition. Such action may include disconnecting and removing all or a portion of the Facility, or suspending the supply of Facility Energy to the Delivery Point.

6.3 **Shared Facilities.** The Parties acknowledge and agree that certain of the Shared Facilities and Interconnection Facilities, and Seller’s rights and obligations under the Interconnection Agreement, may be subject to certain shared facilities and/or co-tenancy agreements to be entered into among Seller, the Transmission Provider, Seller’s Affiliates, and/or third parties pursuant to which certain Interconnection Facilities may be subject to joint ownership and shared maintenance and operation arrangements, provided that such agreements (i) permit Seller to perform or satisfy, and shall not purport to limit, its obligations hereunder and (ii) provide for separate metering of the Facility.

**ARTICLE 7**
**METERING**

7.1 **Metering.** Seller shall measure the amount of Facility Energy using the Facility Meter. Seller shall separately meter all Station Use. The Facility Meter shall be operated pursuant to applicable CAISO-approved calculation methodologies and maintained as Seller’s cost. Subject to meeting any applicable CAISO requirements, the Facility Meter shall be programmed to adjust for all losses from the Facility Meter to the Delivery Point in a manner subject to Buyer’s prior written approval, not to be unreasonably withheld. The Facility Meter shall be kept under seal, such seals to be broken only when the Facility Meter is to be tested, adjusted, modified or relocated.
In the event Seller breaks a seal, Seller shall notify Buyer as soon as practicable. In addition, Seller hereby agrees to provide all Facility Meter data to Buyer in a form reasonably acceptable to Buyer, and consents to Buyer obtaining from CAISO the CAISO meter data directly relating to the Facility and all inspection, testing and calibration data and reports. Seller and Buyer, or Seller’s Scheduling Coordinator, shall cooperate to allow both Parties to retrieve the Facility Meter reads from the CAISO Operational Meter Analysis and Reporting (OMAR) web and/or directly from the Facility Meter.

7.2 **Meter Verification.** Annually, if Seller has reason to believe there may be a meter malfunction, or upon Buyer’s reasonable request, Seller shall test the meter. The tests shall be conducted by independent third parties qualified to conduct such tests. Buyer shall be notified seven (7) days in advance of such tests and have a right to be present during such tests. If a meter is inaccurate it shall be promptly repaired or replaced. If a meter is inaccurate by more than one percent (1%) and it is not known when the meter inaccuracy commenced (if such evidence exists such date will be used to adjust prior invoices), then the invoices covering the period of time since the last meter test shall be adjusted for the amount of the inaccuracy on the assumption that the inaccuracy persisted during one-half of such period; provided, that (a) such period may not exceed twelve (12) months and (b) such adjustments are accepted by CAISO and WREGIS.

**ARTICLE 8**

**INVOICING AND PAYMENT; CREDIT**

8.1 **Invoicing.** Seller shall make good faith efforts to deliver an invoice to Buyer for Product no later than the tenth (10th) day of each month for the previous calendar month. Each invoice shall reflect (a) records of metered data, including CAISO metering and transaction data sufficient to document and verify the amount of Product delivered by the Facility for any Settlement Period during the preceding month, including the amount of Product in MWh delivered during the prior billing period as set forth in CAISO T+12 settlement statements, the amount of Product in MWh produced by the facility as read by the CAISO Approved Meter, deviations between the Scheduled Energy and the Facility Energy, and the applicable LMP prices at the Delivery Point for each Settlement Interval, the Contract Price applicable to such Product, the calculation of Deemed Delivered Energy, and the amount of Replacement Product or Replacement RA delivered during the preceding month; (b) access to any records, including invoices or settlement data from the CAISO, necessary to verify the accuracy of any amount; and (c) be in a format reasonably specified by Buyer, covering the Product provided in the preceding month determined in accordance with the applicable provisions of this Agreement.

8.2 **Payment.** Buyer shall make payment to Seller for Product (and any other amounts due) by wire transfer or ACH payment to the bank account provided on each monthly invoice. Buyer shall pay undisputed invoice amounts by the later of (a) ten (10) Business Days after Buyer’s receipt of the invoice from Seller, and (b) the thirtieth (30th) day of the month after the operational month for which such invoice was rendered; provided, if such due date falls on a weekend or legal holiday, such due date shall be the next Business Day. Payments made after the due date will be considered late and will bear interest on the unpaid balance. If the amount due is not paid on or before the due date or if any other payment that is due and owing from one Party to another is not paid on or before its applicable due date, a late payment charge shall be applied to the unpaid balance and shall be added to the next billing statement. Such late payment charge shall be
calculated based on an annual Interest Rate equal to the prime rate published on the date of the invoice in The Wall Street Journal (or, if The Wall Street Journal is not published on that day, the next succeeding date of publication), plus two percent (2\%) (the “Interest Rate”). If the due date occurs on a day that is not a Business Day, the late payment charge shall begin to accrue on the next succeeding Business Day.

8.3 **Books and Records.** To facilitate payment and verification, each Party shall maintain all books and records necessary for billing and payments, including copies of all invoices under this Agreement, for a period of at least two (2) years or as otherwise required by Law. Upon fifteen (15) days’ Notice to the other Party, either Party shall be granted reasonable access to the accounting books and records within the possession or control of the other Party pertaining to all invoices generated pursuant to this Agreement.

8.4 **Payment Adjustments; Billing Errors.** Payment adjustments shall be made if Buyer or Seller discovers there have been good faith inaccuracies in invoicing that are not otherwise disputed under Section 8.5 or an adjustment to an amount previously invoiced or paid is required due to a correction of data by the CAISO, or there is determined to have been a meter inaccuracy sufficient to require a payment adjustment. If the required adjustment is in favor of Buyer, Buyer’s monthly payment shall be credited in an amount equal to the adjustment. If the required adjustment is in favor of Seller, Seller shall add the adjustment amount to Buyer’s next monthly invoice. Adjustments in favor of either Buyer or Seller shall bear interest, until settled in full, in accordance with Section 8.2, accruing from the date on which the adjusted amount should have been due.

8.5 **Billing Disputes.** A Party may, in good faith, dispute the correctness of any invoice or any adjustment to an invoice rendered under this Agreement or adjust any invoice for any arithmetic or computational error within twelve (12) months of the date the invoice, or adjustment to an invoice, was rendered. In the event an invoice or portion thereof, or any other claim or adjustment arising hereunder, is disputed, payment of the undisputed portion of the invoice shall be required to be made when due. Any invoice dispute or invoice adjustment shall be in writing and shall state the basis for the dispute or adjustment. Payment of the disputed amount shall not be required until the dispute is resolved. Upon resolution of the dispute, any required payment shall be made within five (5) Business Days of such resolution along with interest accrued at the Interest Rate from and including the original due date to but excluding the date paid. Inadvertent overpayments shall be returned via adjustments in accordance with Section 8.4. Any dispute with respect to an invoice is waived if the other Party is not notified in accordance with this Section 8.5 within twelve (12) months after the invoice is rendered or subsequently adjusted, except to the extent any misinformation was from a third party not affiliated with any Party and such third party corrects its information after the twelve-month period. If an invoice is not rendered within twelve (12) months after the close of the month during which performance occurred, the right to payment for such performance is waived.

8.6 **Netting of Payments.** The Parties hereby agree that they shall discharge mutual debts and payment obligations due and owing to each other on the same date through netting, in which case all amounts owed by each Party to the other Party for the purchase and sale of Product during the monthly billing period under this Agreement or otherwise arising out of this Agreement, including any related damages calculated pursuant to Exhibits B and F, interest, and payments or
credits, shall be netted so that only the excess amount remaining due shall be paid by the Party who owes it.

8.7 **Seller’s Development Security.** To secure its obligations under this Agreement, Seller shall deliver the Development Security to Buyer within thirty (30) days after the Effective Date. Seller shall maintain the Development Security in full force and effect. Upon the earlier of (i) Seller’s delivery of the Performance Security, or (ii) sixty (60) days after termination of this Agreement, Buyer shall return the Development Security to Seller, less the amounts drawn in accordance with this Agreement.

8.8 **Seller’s Performance Security.** To secure its obligations under this Agreement, Seller shall deliver Performance Security to Buyer on or before the Commercial Operation Date. Seller shall maintain the Performance Security in full force and effect, and Seller shall within ten (10) Business Days after any draw thereon replenish the Performance Security in the event Buyer collects or draws down any portion of the Performance Security for any reason permitted under this Agreement other than to satisfy a Termination Payment, until the following have occurred: (a) the Delivery Term has expired or terminated early; and (b) all payment obligations of Seller due and payable under this Agreement, including compensation for penalties, Termination Payment, indemnification payments or other damages are paid in full (whether directly or indirectly such as through set-off or netting). Following the occurrence of both events, Buyer shall promptly return to Seller the unused portion of the Performance Security.

8.9 **First Priority Security Interest in Cash or Cash Equivalent Collateral.** To secure its obligations under this Agreement, and until released as provided herein, Seller hereby grants to Buyer a present and continuing first-priority security interest (“Security Interest”) in, and lien on (and right to net against), and assignment of the Development Security, Performance Security, any other cash collateral and cash equivalent collateral posted pursuant to Sections 8.7 and 8.8 and any and all interest thereon or proceeds resulting therefrom or from the liquidation thereof, whether now or hereafter held by, on behalf of, or for the benefit of Buyer, and Seller agrees to take all action as Buyer reasonably requires in order to perfect Buyer’s Security Interest in, and lien on (and right to net against), such collateral and any and all proceeds resulting therefrom or from the liquidation thereof.

Upon or any time after the occurrence of an Event of Default caused by Seller, an Early Termination Date resulting from an Event of Default caused by Seller, or an occasion provided for in this Agreement where Buyer is authorized to retain all or a portion of the Development Security or Performance Security, Buyer may do any one or more of the following (in each case subject to the final sentence of this Section 8.9):

(a) Exercise any of its rights and remedies with respect to the Development Security and Performance Security, including any such rights and remedies under Law then in effect;

(b) Draw on any outstanding Letter of Credit issued for its benefit and retain any cash held by Buyer as Development Security or Performance Security; and

(c) Liquidate all Development Security or Performance Security (as applicable) then held by or for the benefit of Buyer free from any claim or right of any nature.
whatsoever of Seller, including any equity or right of purchase or redemption by Seller.

Buyer shall apply the proceeds of the collateral realized upon the exercise of any such rights or remedies to reduce Seller’s obligations under this Agreement (Seller remains liable for any amounts owing to Buyer after such application), subject to Buyer’s obligation to return any surplus proceeds remaining after such obligations are satisfied in full.

**ARTICLE 9
NOTICES**

9.1 **Addresses for the Delivery of Notices.** Any Notice required, permitted, or contemplated hereunder shall be in writing, shall be addressed to the Party to be notified at the address set forth in Exhibit N or at such other address or addresses as a Party may designate for itself from time to time by Notice hereunder.

9.2 **Acceptable Means of Delivering Notice.** Each Notice required, permitted, or contemplated hereunder shall be deemed to have been validly served, given or delivered as follows: (a) if sent by United States mail with proper first class postage prepaid, three (3) Business Days following the date of the postmark on the envelope in which such Notice was deposited in the United States mail; (b) if sent by a regularly scheduled overnight delivery carrier with delivery fees either prepaid or an arrangement with such carrier made for the payment of such fees, the next Business Day after the same is delivered by the sending Party to such carrier; (c) if sent by electronic communication (including electronic mail or other electronic means) at the time indicated by the time stamp upon delivery and, if after 5 pm, on the next Business Day; or (d) if delivered in person, upon receipt by the receiving Party. Notwithstanding the foregoing, Notices of outages or other scheduling or dispatch information or requests, may be sent by electronic communication and shall be considered delivered upon successful completion of such transmission.

**ARTICLE 10
FORCE MAJEURE**

10.1 **Definition.**

(a) **“Force Majeure Event”** means any act or event that delays or prevents a Party from timely performing all or a portion of its obligations under this Agreement or from complying with all or a portion of the conditions under this Agreement if such act or event, despite the exercise of commercially reasonable efforts, cannot be avoided by and is beyond the reasonable control (whether direct or indirect) of and without the fault or negligence of the Party relying thereon as justification for such delay, nonperformance, or noncompliance.

(b) Without limiting the generality of the foregoing, so long as the following events, despite the exercise of reasonable efforts, cannot be avoided by, and are beyond the reasonable control (whether direct or indirect) of and without the fault or negligence of the Party relying thereon as justification for such delay, nonperformance or noncompliance, a Force Majeure
Event may include an act of God or the elements, such as flooding, lightning, hurricanes, tornadoes, or ice storms; explosion; fire; volcanic eruption; flood; epidemic; landslide; mudslide; sabotage; terrorism; earthquake; or other cataclysmic events; an act of public enemy; war; blockade; civil insurrection; riot; civil disturbance; or strikes or other labor difficulties caused or suffered by a Party or any third party except as set forth below.

(c) Notwithstanding the foregoing, the term “Force Majeure Event” does not include (i) economic conditions or changes in Law that render a Party’s performance of this Agreement at the Contract Price unprofitable or otherwise uneconomic (including an increase in component or compliance costs for any reason, including foreign or domestic tariffs, Buyer’s ability to buy Product at a lower price, or Seller’s ability to sell the Product, or any component thereof, at a higher price, than under this Agreement); (ii) Seller’s inability to obtain permits or approvals of any type for the construction, operation, or maintenance of the Facility, except to the extent such inability is caused by a Force Majeure Event; (iii) the inability of a Party to make payments when due under this Agreement, unless the cause of such inability is an event that would otherwise constitute a Force Majeure Event as described above; (iv) a Curtailment Order; (v) Seller’s inability to obtain sufficient labor, equipment, materials, or other resources to build or operate the Facility, including the lack of wind, sun or other fuel source of an inherently intermittent nature, except to the extent such inability is caused by a Force Majeure Event; (vi) a strike, work stoppage or labor dispute limited only to any one or more of Seller, Seller’s Affiliates, Seller’s contractors, their subcontractors thereof or any other third party employed by Seller to work on the Facility; (vii) any equipment failure except if such equipment failure is caused by a Force Majeure Event; or (viii) any action or inaction by any third party, including Transmission Provider, that delays or prevents the approval, construction or placement in service of any Interconnection Facilities or Network Upgrades, except to the extent caused by a Force Majeure Event.

10.2 No Liability If a Force Majeure Event Occurs. Except as provided in Section 4 of Exhibit B, neither Seller nor Buyer shall be liable to the other Party in the event it is prevented from performing its obligations hereunder in whole or in part due to a Force Majeure Event. The Party rendered unable to fulfill any obligation by reason of a Force Majeure Event shall take reasonable actions necessary to remove such inability with due speed and diligence. Nothing herein shall be construed as permitting that Party to continue to fail to perform after said cause has been removed. The obligation to use due speed and diligence shall not be interpreted to require resolution of labor disputes by acceding to demands of the opposition when such course is inadvisable in the discretion of the Party having such difficulty. Neither Party shall be considered in breach or default of this Agreement if and to the extent that any failure or delay in the Party’s performance of one or more of its obligations hereunder is caused by a Force Majeure Event. The occurrence and continuation of a Force Majeure Event shall not suspend or excuse the obligation of a Party to make any payments due hereunder.

10.3 Notice. In the event of any delay or nonperformance resulting from a Force Majeure Event, the Party suffering the Force Majeure Event shall (a) as soon as practicable, notify the other Party in writing of the nature, cause, estimated date of commencement thereof, and the anticipated extent of any delay or interruption in performance, and (b) notify the other Party in writing of the cessation or termination of such Force Majeure Event, all as known or estimated in good faith by the affected Party; provided, a Party’s failure to give timely Notice shall not affect such Party’s
ability to assert that a Force Majeure Event has occurred unless the delay in giving Notice materially prejudices the other Party.

10.4 **Termination Following Force Majeure Event or Development Cure Period.**

(a) If the cumulative extensions granted under the Development Cure Period (other than the extensions granted pursuant to clause 4(d) in Exhibit B) equal or exceed one hundred eighty (180) days, and Seller has demonstrated to Buyer’s reasonable satisfaction that such delays did not result from Seller’s actions or failure to take commercially reasonable actions, then Seller may terminate this Agreement upon written Notice to Buyer. Upon such termination, neither Party shall have any liability to the other Party, save and except for those obligations specified in Section 2.1(b), and Buyer shall promptly return to Seller any Development Security then held by Buyer, less any amounts drawn in accordance with this Agreement.

(b) If a Force Majeure Event has occurred after the Commercial Operation Date that has caused either Party to be wholly or partially unable to perform its obligations hereunder in any material respect, and the impacted Party has claimed and received relief from performance of its obligations for a consecutive twelve (12) month period, then the non-claiming Party may terminate this Agreement upon Notice to the other Party. Upon any such termination, neither Party shall have any liability to the other Party, save and except for those obligations specified in Section 2.1(b), and Buyer shall promptly return to Seller any Performance Security then held by Buyer, less any amounts drawn in accordance with this Agreement.

ARTICLE 11
DEFAULTS; REMEDIES; TERMINATION

11.1 **Events of Default.** An “Event of Default” shall mean,

(a) with respect to a Party (the “Defaulting Party”) that is subject to the Event of Default the occurrence of any of the following:

(i) the failure by such Party to make, when due, any payment required pursuant to this Agreement and such failure is not remedied within ten (10) Business Days after Notice thereof;

(ii) any representation or warranty made by such Party herein is false or misleading in any material respect when made or when deemed made or repeated, and such default is not remedied within thirty (30) days after Notice thereof (or such longer additional period, not to exceed an additional sixty (60) days, if the Defaulting Party is unable to remedy such default within such initial thirty (30)-day period despite exercising commercially reasonable efforts);

(iii) the failure by such Party to perform any material covenant or obligation set forth in this Agreement (except to the extent constituting a separate Event of Default set forth in this Section 11.1; and except for (A) failure to provide Capacity Attributes, the exclusive remedies for which are set forth in Section 3.9, or (B) failures related to the Adjusted Energy Production that do not trigger the provisions of Section 11.1(b)(iii), the exclusive remedies for which are set forth in Section 4.7) and such failure is not remedied within thirty (30) days after Notice thereof (or such longer additional period, not to exceed an additional ninety (90) days, if
the Defaulting Party is unable to remedy such default within such initial thirty (30) days period despite exercising commercially reasonable efforts);

(iv) such Party becomes Bankrupt;

(v) such Party assigns this Agreement or any of its rights hereunder other than in compliance with Article 14, if applicable; or

(vi) such Party consolidates or amalgamates with, or merges with or into, or transfers all or substantially all of its assets to, another entity and, at the time of such consolidation, amalgamation, merger or transfer, the resulting, surviving or transferee entity fails to assume all the obligations of such Party under this Agreement to which it or its predecessor was a party by operation of Law or pursuant to an agreement reasonably satisfactory to the other Party.

(b) with respect to Seller as the Defaulting Party, the occurrence of any of the following:

(i) if at any time, Seller delivers or attempts to deliver Energy to the Delivery Point for sale under this Agreement that was not generated by the Facility, except for Replacement Product;

(ii) the failure by Seller to (A) achieve Construction Start on or before the Guaranteed Construction Start Date as may be extended by Seller’s payment of Daily Delay Damages pursuant to Section 1(b) of Exhibit B and/or a Development Cure Period pursuant to Section 4 of Exhibit B, or (B) achieve Commercial Operation on or before the Guaranteed Commercial Operation Date, as such date may be extended by Seller’s payment of Commercial Operation Delay Damages pursuant to Section 2 of Exhibit B and/or a Development Cure Period pursuant to Section 4 of Exhibit B;

(iii) if, in any consecutive six (6) month period, the Adjusted Energy Production amount (calculated in accordance with Exhibit G) for such period is not at least ten percent (10%) of the 6-month pro rata amount of Expected Energy for such period period adjusted for seasonality proportionately to the monthly forecast provided annually by Seller under Section 4.3(a), and Seller fails to (x) deliver to Buyer within ten (10) Business Days after Notice from Buyer a plan or report developed by Seller that describes the cause of the failure to meet the ten percent (10%) threshold and the actions that Seller has taken, is taking, or proposes to take in an effort to cure such condition along with the written confirmation of a Licensed Professional Engineer that such plan or report is in accordance with Prudent Operating Practices and capable of cure within a reasonable period of time, not to exceed one hundred eighty (180) days (“Cure Plan”) and (y) complete such Cure Plan in all material respects as set forth therein, including within the timeframe set forth therein;

(iv) failure by Seller to satisfy the collateral requirements pursuant to Sections 8.7 or 8.8 within five (5) Business Days after Notice from Buyer, including the failure to replenish the Performance Security amount in accordance with this Agreement in the event Buyer draws against it for any reason other than to satisfy a Termination Payment;
with respect to any outstanding Letter of Credit provided for the benefit of Buyer that is not then required under this Agreement to be canceled or returned, the failure by Seller to provide for the benefit of Buyer either (1) cash, or (2) a substitute Letter of Credit from a different issuer meeting the criteria set forth in the definition of Letter of Credit, in each case, in the amount required hereunder within ten (10) Business Days after Seller receives Notice of the occurrence of any of the following events:

(A) the issuer of the outstanding Letter of Credit shall fail to maintain a Credit Rating of at least A- by S&P or A3 by Moody’s;

(B) the issuer of such Letter of Credit becomes Bankrupt;

(C) the issuer of the outstanding Letter of Credit shall fail to comply with or perform its obligations under such Letter of Credit and such failure shall be continuing after the lapse of any applicable grace period permitted under such Letter of Credit;

(D) the issuer of the outstanding Letter of Credit shall fail to honor a properly documented request to draw on such Letter of Credit;

(E) the issuer of the outstanding Letter of Credit shall disaffirm, disclaim, repudiate or reject, in whole or in part, or challenge the validity of, such Letter of Credit;

(F) such Letter of Credit fails or ceases to be in full force and effect at any time; or

(G) Seller shall fail to renew or cause the renewal of each outstanding Letter of Credit on a timely basis as provided in the relevant Letter of Credit and as provided in accordance with this Agreement, and in no event less than sixty (60) days prior to the expiration of the outstanding Letter of Credit.

11.2 Remedies; Declaration of Early Termination Date. If an Event of Default with respect to a Defaulting Party shall have occurred and be continuing, the other Party ("Non-Defaulting Party") shall have the following rights:

(a) to send Notice, designating a day, no earlier than the day such Notice is deemed to be received and no later than twenty (20) days after such Notice is deemed to be received, as an early termination date of this Agreement ("Early Termination Date") that terminates this Agreement (the "Terminated Transaction") and ends the Delivery Term effective as of the Early Termination Date;

(b) to accelerate all amounts owing between the Parties, and to collect as liquidated damages (i) the Damage Payment or (ii) the Termination Payment, as applicable, in each case calculated in accordance with Section 11.3 below;

(c) to withhold any payments due to the Defaulting Party under this Agreement;
(d) to suspend performance; and

(e) to exercise any other right or remedy available at law or in equity, including specific performance or injunctive relief, except to the extent such remedies are expressly limited under this Agreement;

provided, that payment by the Defaulting Party of the Damage Payment or Termination Payment, as applicable, shall constitute liquidated damages and the Non-Defaulting Party’s sole and exclusive remedy for any Terminated Transaction and the Event of Default related thereto.

11.3 **Damage Payment; Termination Payment.** If an Early Termination Date has been declared, the Non-Defaulting Party shall calculate, in a commercially reasonable manner, the Damage Payment or the Termination Payment, as applicable, in accordance with this Section 11.3.

(a) **Damage Payment Prior to Commercial Operation Date.** If the Early Termination Date occurs before the Commercial Operation Date, then the Damage Payment shall be calculated in accordance with this Section 11.3(a).

(i) If Seller is the Defaulting Party, then the Damage Payment shall be owed to Buyer and shall be equal to the entire Development Security amount and any interest accrued thereon. Buyer shall be entitled to immediately retain for its own benefit those funds held as Development Security and any interest accrued thereon, and any amount of Development Security that Seller has not yet posted with Buyer shall be immediately due and payable by Seller to Buyer. There will be no amounts owed to Seller. The Parties agree that Buyer’s damages in the event of an Early Termination Date prior to the Commercial Operation Date caused by Seller’s default would be difficult or impossible to determine and that the damages set forth in this Section 11.3(a)(i) are a reasonable approximation of Buyer’s harm or loss.

(ii) If Buyer is the Defaulting Party, then the Damage Payment shall be owed to Seller and shall equal the sum of the actual, documented and verifiable costs incurred by Seller between the Effective Date and the Early Termination Date in connection with the Facility, less the fair market value (determined in a commercially reasonable manner) of (A) all Seller’s assets individually, or (B) the entire Facility, whichever is greater on the Early Termination Date, regardless of whether or not any Seller asset or the entire Facility is actually sold or disposed of. There will be no amount owed to Buyer. The Parties agree that Seller’s damages in the event of an Early Termination Date prior to the Commercial Operation Date caused by Buyer’s default would be difficult or impossible to determine and that the damages set forth in this Section 11.3(a)(ii) are a reasonable approximation of Seller’s harm or loss.

(b) **Termination Payment On or After the Commercial Operation Date.** The payment owed by the Defaulting Party to the Non-Defaulting Party for a Terminated Transaction occurring after the Commercial Operation Date ("Termination Payment") shall be the aggregate of all Settlement Amounts plus any or all other amounts due to or from the Non-Defaulting Party (as of the Early Termination Date) netted into a single amount. The Non-Defaulting Party shall calculate, in a commercially reasonable manner, a Settlement Amount for the Terminated Transaction as of the Early Termination Date. Third parties supplying information for purposes of the calculation of Gains or Losses may include, without limitation, dealers in the relevant markets,
end-users of the relevant product, information vendors and other sources of market information. The Settlement Amount shall not include consequential, incidental, punitive, exemplary, indirect or business interruption damages. Without prejudice to the Non-Defaulting Party’s duty to mitigate, the Non-Defaulting Party shall not have to enter into replacement transactions to establish a Settlement Amount. Each Party agrees and acknowledges that (i) the actual damages that the Non-Defaulting Party would incur in connection with a Terminated Transaction would be difficult or impossible to predict with certainty, (ii) the Termination Payment described in this Section 11.3(b) is a reasonable and appropriate approximation of such damages, and (iii) the Termination Payment described in this Section 11.3(b) is the exclusive remedy of the Non-Defaulting Party in connection with a Terminated Transaction but shall not otherwise act to limit any of the Non-Defaulting Party’s rights or remedies if the Non-Defaulting Party does not elect a Terminated Transaction as its remedy for an Event of Default by the Defaulting Party.

11.4 **Notice of Payment of Termination Payment or Damage Payment.** As soon as practicable after a Terminated Transaction, but in no event later than sixty (60) days after the Early Termination Date, Notice shall be given by the Non-Defaulting Party to the Defaulting Party of the amount of the Damage Payment or Termination Payment, as applicable, and whether the Termination Payment or Damage Payment, as applicable, is due to or from the Non-Defaulting Party. The Notice shall include a written statement explaining in reasonable detail the calculation of such amount and the sources for such calculation. The Termination Payment or Damage Payment, as applicable, shall be made to or from the Non-Defaulting Party, as applicable, within ten (10) Business Days after such Notice is effective.

11.5 **Disputes With Respect to Termination Payment or Damage Payment.** If the Defaulting Party disputes the Non-Defaulting Party’s calculation of the Termination Payment or Damage Payment, as applicable, in whole or in part, the Defaulting Party shall, within five (5) Business Days of receipt of the Non-Defaulting Party’s calculation of the Termination Payment or Damage Payment, as applicable, provide to the Non-Defaulting Party a detailed written explanation of the basis for such dispute. Disputes regarding the Termination Payment or Damage Payment, as applicable, shall be determined in accordance with Article 16.

11.6 **Limitation on Seller’s Ability to Make or Agree to Third-Party Sales from the Facility after Early Termination Date.** If the Agreement is terminated by Buyer prior to the Commercial Operation Date due to Seller’s Event of Default, neither Seller nor Seller's Affiliates may sell, market or deliver any Product associated with or attributable to the Facility to a party other than Buyer for a period of two (2) years following the Early Termination Date due to Seller’s Event of Default, unless prior to selling, marketing or delivering such Product, or entering into the agreement to sell, market or deliver such Product to a party other than Buyer, Seller or Seller’s Affiliates provides Buyer with a written offer to sell the Product on terms and conditions materially similar to the terms and conditions contained in this Agreement (including price) and Buyer fails to accept such offer within forty-five (45) days of Buyer’s receipt thereof.

Neither Seller nor Seller’s Affiliates may sell or transfer the Facility, or any part thereof, or land rights or interests in the Site (including the interconnection queue position of the Facility) so long as the limitations contained in this Section 11.6 apply, unless the transferee agrees to be bound by the terms set forth in this Section 11.6 pursuant to a written agreement approved by Buyer.
Seller shall indemnify and hold Buyer harmless from all benefits lost and other damages sustained by Buyer as a result of any breach by Seller of its covenants contained within this Section 11.6.

11.7 **Rights And Remedies Are Cumulative.** Except where liquidated damages or other remedy are explicitly provided as the exclusive remedy, the rights and remedies of a Party pursuant to this Article 11 shall be cumulative and in addition to the rights of the Parties otherwise provided in this Agreement.

11.8 **Mitigation.** Any Non-Defaulting Party shall be obligated to use commercially reasonable efforts to mitigate its Costs, Losses and damages resulting from any Event of Default of the other Party under this Agreement.

ARTICLE 12

**LIMITATION OF LIABILITY AND EXCLUSION OF WARRANTIES.**

12.1 **No Consequential Damages.** EXCEPT TO THE EXTENT PART OF (A) AN EXPRESS REMEDY OR MEASURE OF DAMAGES HEREIN, (B) AN IP INDEMNITY CLAIM, (C) AN ARTICLE 16 INDEMNITY CLAIM, (D) INCLUDED IN A LIQUIDATED DAMAGES CALCULATION, OR (E) RESULTING FROM A PARTY’S GROSS NEGLIGENCE OR WILLFUL MISCONDUCT, NEITHER PARTY SHALL BE LIABLE TO THE OTHER OR ITS INDEMNIFIED PERSONS FOR ANY SPECIAL, PUNITIVE, EXEMPLARY, INDIRECT, OR CONSEQUENTIAL DAMAGES, OR LOSSES OR DAMAGES FOR LOST REVENUE OR LOST PROFITS, WHETHER FORESEEABLE OR NOT, ARISING OUT OF, OR IN CONNECTION WITH THIS AGREEMENT, BY STATUTE, IN TORT OR CONTRACT.

12.2 **Waiver and Exclusion of Other Damages.** EXCEPT AS EXPRESSLY SET FORTH HEREIN, THERE IS NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND ANY AND ALL IMPLIED WARRANTIES ARE DISCLAIMED. THE PARTIES CONFIRM THAT THE EXPRESS REMEDIES AND MEASURES OF DAMAGES PROVIDED IN THIS AGREEMENT SATISFY THE ESSENTIAL PURPOSES HEREOF. ALL LIMITATIONS OF LIABILITY CONTAINED IN THIS AGREEMENT, INCLUDING, WITHOUT LIMITATION, THOSE PERTAINING TO SELLER’S LIMITATION OF LIABILITY AND THE PARTIES’ WAIVER OF CONSEQUENTIAL DAMAGES, SHALL APPLY EVEN IF THE REMEDIES FOR BREACH OF WARRANTY PROVIDED IN THIS AGREEMENT ARE DEEMED TO “FAIL OF THEIR ESSENTIAL PURPOSE” OR ARE OTHERWISE HELD TO BE INVALID OR UNENFORCEABLE.

FOR BREACH OF ANY PROVISION FOR WHICH AN EXPRESS AND EXCLUSIVE REMEDY OR MEASURE OF DAMAGES IS PROVIDED, SUCH EXPRESS REMEDY OR MEASURE OF DAMAGES SHALL BE THE SOLE AND EXCLUSIVE REMEDY, THE OBLIGOR’S LIABILITY SHALL BE LIMITED AS SET FORTH IN SUCH PROVISION, AND ALL OTHER REMEDIES OR DAMAGES AT LAW OR IN EQUITY ARE WAIVED.

IF NO REMEDY OR MEASURE OF DAMAGES IS EXPRESSLY PROVIDED HEREIN, THE OBLIGOR’S LIABILITY SHALL BE LIMITED TO DIRECT DAMAGES ONLY. THE
VALUE OF ANY TAX CREDITS, DETERMINED ON AN AFTER-TAX BASIS, LOST DUE TO BUYER’S DEFAULT (WHICH SELLER HAS NOT BEEN ABLE TO MITIGATE AFTER USE OF REASONABLE EFFORTS) AND AMOUNTS DUE IN CONNECTION WITH THE RECAPTURE OF ANY RENEWABLE ENERGY INCENTIVES, IF ANY, SHALL BE DEEMED TO BE DIRECT DAMAGES.

TO THE EXTENT ANY DAMAGES REQUIRED TO BE PAID HEREUNDER ARE LIQUIDATED, INCLUDING UNDER SECTIONS 3.9, 4.7, 11.2 AND 11.3, AND AS PROVIDED IN EXHIBIT B AND EXHIBIT G, THE PARTIES ACKNOWLEDGE THAT THE DAMAGES ARE DIFFICULT OR IMPOSSIBLE TO DETERMINE, THAT OTHERWISE OBTAINING AN ADEQUATE REMEDY IS INCONVENIENT, AND THAT THE LIQUIDATED DAMAGES CONSTITUTE A REASONABLE APPROXIMATION OF THE ANTICIPATED HARM OR LOSS. IT IS THE INTENT OF THE PARTIES THAT THE LIMITATIONS HEREIN IMPOSED ON REMEDIES AND THE MEASURE OF DAMAGES BE WITHOUT REGARD TO THE CAUSE OR CAUSES RELATED THERETO, INCLUDING THE NEGLIGENCE OF ANY PARTY, WHETHER SUCH NEGLIGENCE BE SOLE, JOINT OR CONCURRENT, OR ACTIVE OR PASSIVE. THE PARTIES HEREBY WAIVE ANY RIGHT TO CONTEST SUCH PAYMENTS AS AN UNREASONABLE PENALTY.

THE PARTIES ACKNOWLEDGE AND AGREE THAT MONEY DAMAGES AND THE EXPRESS REMEDIES PROVIDED FOR HEREIN ARE AN ADEQUATE REMEDY FOR THE BREACH BY THE OTHER OF THE TERMS OF THIS AGREEMENT, AND EACH PARTY WAIVES ANY RIGHT IT MAY HAVE TO SPECIFIC PERFORMANCE WITH RESPECT TO ANY OBLIGATION OF THE OTHER PARTY UNDER THIS AGREEMENT.

ARTICLE 13
REPRESENTATIONS AND WARRANTIES; AUTHORITY

13.1 Seller’s Representations and Warranties. As of the Effective Date, Seller represents and warrants as follows:

(a) Seller is a [Type of entity], duly organized, validly existing and in good standing under the laws of the jurisdiction of its formation, and is qualified to conduct business in each jurisdiction where the failure to so qualify would have a material adverse effect on the business or financial condition of Seller.

(b) Seller has the power and authority to enter into and perform this Agreement and is not prohibited from entering into this Agreement or discharging and performing all covenants and obligations on its part to be performed under and pursuant to this Agreement, except where such failure does not have a material adverse effect on Seller’s performance under this Agreement. The execution, delivery and performance of this Agreement by Seller has been duly authorized by all necessary limited liability company action on the part of Seller and does not and will not require the consent of any trustee or holder of any indebtedness or other obligation of Seller or any other party to any other agreement with Seller.

(c) The execution and delivery of this Agreement, consummation of the transactions contemplated herein, and fulfillment of and compliance by Seller with the provisions
of this Agreement will not conflict with or constitute a breach of or a default under any Law presently in effect having applicability to Seller, subject to any permits that have not yet been obtained by Seller, the documents of formation of Seller or any outstanding trust indenture, deed of trust, mortgage, loan agreement or other evidence of indebtedness or any other agreement or instrument to which Seller is a party or by which any of its property is bound.

(d) This Agreement has been duly executed and delivered by Seller. This Agreement is a legal, valid and binding obligation of Seller enforceable in accordance with its terms, except as limited by laws of general applicability limiting the enforcement of creditors’ rights or by the exercise of judicial discretion in accordance with general principles of equity.

(e) The Facility is located in the State of California.

13.2 **Buyer’s Representations and Warranties.** As of the Effective Date, Buyer represents and warrants as follows:

(a) Buyer is a joint powers authority and a validly existing community choice aggregator, duly organized, validly existing and in good standing under the laws of the State of California and the rules, regulations and orders of the California Public Utilities Commission, and is qualified to conduct business in each jurisdiction of the Joint Powers Agreement members. All Persons making up the governing body of Buyer are the elected or appointed incumbents in their positions and hold their positions in good standing in accordance with the Joint Powers Agreement and other Law.

(b) Buyer has the power and authority to enter into and perform this Agreement and is not prohibited from entering into this Agreement or discharging and performing all covenants and obligations on its part to be performed under and pursuant to this Agreement, except where such failure does not have a material adverse effect on Buyer’s performance under this Agreement. The execution, delivery and performance of this Agreement by Buyer has been duly authorized by all necessary action on the part of Buyer and does not and will not require the consent of any trustee or holder of any indebtedness or other obligation of Buyer or any other party to any other agreement with Buyer.

(c) The execution and delivery of this Agreement, consummation of the transactions contemplated herein, and fulfillment of and compliance by Buyer with the provisions of this Agreement will not conflict with or constitute a breach of or a default under any Law presently in effect having applicability to Buyer, including but not limited to community choice aggregation, the Joint Powers Act, competitive bidding, public notice, open meetings, election, referendum, or prior appropriation requirements, the documents of formation of Buyer or any outstanding trust indenture, deed of trust, mortgage, loan agreement or other evidence of indebtedness or any other agreement or instrument to which Buyer is a party or by which any of its property is bound.

(d) This Agreement has been duly executed and delivered by Buyer. This Agreement is a legal, valid and binding obligation of Buyer enforceable in accordance with its terms, except as limited by laws of general applicability limiting the enforcement of creditors’ rights or by the exercise of judicial discretion in accordance with general principles of equity.
Buyer warrants and covenants that with respect to its contractual obligations under this Agreement, it will not claim immunity on the grounds of sovereignty or similar grounds with respect to itself or its revenues or assets from (1) suit, (2) jurisdiction of court, (3) relief by way of injunction, order for specific performance or recovery of property, (4) attachment of assets, or (5) execution or enforcement of any judgment.

Buyer is a “local public entity” as defined in Section 900.4 of the Government Code of the State of California.

Buyer cannot assert sovereign immunity as a defense to the enforcement of its obligations under this Agreement.

13.3 **General Covenants.** Each Party covenants that commencing on the Effective Date and continuing throughout the Contract Term:

(a) It shall continue to be duly organized, validly existing and in good standing under the laws of the jurisdiction of its formation and to be qualified to conduct business in each jurisdiction where the failure to so qualify would have a material adverse effect on its business or financial condition;

(b) It shall maintain (or obtain from time to time as required) all regulatory authorizations necessary for it to legally perform its obligations under this Agreement; and

(c) It shall perform its obligations under this Agreement in compliance with all terms and conditions in its governing documents and in material compliance with any Law.

13.4 **Workforce Development.** The Parties acknowledge that in connection with Buyer’s renewable energy procurement efforts, including entering into this Agreement, Buyer is committed to creating community benefits, which includes engaging a skilled and trained workforce and targeted hires. Accordingly, prior to the Guaranteed Construction Start Date, Seller shall ensure that work performed in connection with construction of the Facility will be conducted using a project labor agreement, community workforce agreement, work site agreement, collective bargaining agreement, or similar agreement providing for terms and conditions of employment with applicable labor organizations, and shall remain compliant with such agreement in accordance with the terms thereof.

**ARTICLE 14**

**ASSIGNMENT**

14.1 **General Prohibition on Assignments.** Except as provided below in this Article 14, neither Party may voluntarily assign this Agreement or its rights or obligations under this Agreement, without the prior written consent of the other Party, which consent shall not be unreasonably withheld, conditioned, or delayed. Any Change of Control of Seller (whether voluntary or by operation of law) will be deemed an assignment and will require the prior written consent of Buyer, which consent shall not be unreasonably withheld, conditioned, or delayed; provided, a Change of Control of Seller shall not require Buyer’s consent if the assignee or transferee is a Permitted Transferee. Any assignment made without the required written consent or in violation of the conditions to assignment set out below shall be null and void. Seller shall be
responsible for Buyer’s reasonable costs associated with the preparation, review, execution and delivery of documents in connection with any assignment of this Agreement by Seller, including without limitation reasonable attorneys’ fees.

14.2 **Collateral Assignment.** Subject to the provisions of this Section 14.2, Seller has the right to assign this Agreement as collateral for any financing or refinancing of the Facility.

In connection with any financing or refinancing of the Facility by Seller, Buyer shall in good faith work with Seller and Lender to agree upon a consent to collateral assignment of this Agreement (“Collateral Assignment Agreement”). The Collateral Assignment Agreement must be in form and substance agreed to by Buyer, Seller and Lender, with such agreement not to be unreasonably withheld, and must include, among others, the following provisions:

(a) Buyer shall give Notice of an Event of Default by Seller to the Person(s) to be specified by Lender in the Collateral Assignment Agreement, before exercising its right to terminate this Agreement as a result of such Event of Default; provided, such Notice shall be provided to Lender at the time such Notice is provided to Seller and any additional cure period of Lender agreed to in the Collateral Assignment Agreement shall not commence until Lender has received Notice of such Event of Default;

(b) Following an Event of Default by Seller under this Agreement, Buyer may require Seller or Lender to provide to Buyer a report concerning:

(i) The status of efforts by Seller or Lender to develop a plan to cure the Event of Default;

(ii) Impediments to the cure plan or its development;

(iii) If a cure plan has been adopted, the status of the cure plan’s implementation (including any modifications to the plan as well as the expected timeframe within which any cure is expected to be implemented); and

(iv) Any other information which Buyer may reasonably require related to the development, implementation and timetable of the cure plan.

Seller or Lender must provide the report to Buyer within ten (10) Business Days after Notice from Buyer requesting the report. Buyer will have no further right to require the report with respect to a particular Event of Default after that Event of Default has been cured;

(c) Lender will have the right to cure an Event of Default on behalf of Seller, only if Lender sends a written notice to Buyer before the later of (i) the expiration of any cure period, and (ii) five (5) Business Days after Lender’s receipt of Notice of such Event of Default from Buyer, indicating Lender’s intention to cure. Lender must remedy or cure the Event of Default within the cure period under this Agreement and any additional cure periods agreed in the Collateral Assignment Agreement up to a maximum of ninety (90) days (or one hundred eighty (180) days in the event of a Bankruptcy of Seller or any foreclosure or similar proceeding if required by Lender to cure any Event of Default);
(d) Lender will have the right to consent before any termination of this Agreement which does not arise out of an Event of Default;

(e) Lender will receive prior Notice of and the right to approve material amendments to this Agreement, which approval will not be unreasonably withheld, delayed or conditioned;

(f) If Lender, directly or indirectly, takes possession of, or title to the Facility (including possession by a receiver or title by foreclosure or deed in lieu of foreclosure), Lender must assume all of Seller’s obligations arising under this Agreement and all related agreements (subject to such limits on liability as are mutually agreed to by Seller, Buyer and Lender as set forth in the Collateral Assignment Agreement); provided, before such assumption, if Buyer advises Lender that Buyer will require that Lender cure (or cause to be cured) any Event of Default existing as of the possession date in order to avoid the exercise by Buyer (in its sole discretion) of Buyer’s right to terminate this Agreement with respect to such Event of Default, then Lender at its option, and in its sole discretion, may elect to either:

(i) Cause such Event of Default to be cured, or

(ii) Not assume this Agreement;

(g) If Lender elects to sell or transfer the Facility (after Lender directly or indirectly, takes possession of, or title to the Facility), or sale of the Facility occurs through the actions of Lender (for example, a foreclosure sale where a third party is the buyer, or otherwise), then Lender must cause the transferee or buyer to assume all of Seller’s obligations arising under this Agreement and all related agreements as a condition of the sale or transfer. Such sale or transfer may be made only to an entity that meets the definition of Permitted Transferee; and

(h) Subject to Lender’s cure of any Events of Defaults under the Agreement in accordance with Section 14.2(f), if (i) this Agreement is rejected in Seller’s Bankruptcy or otherwise terminated in connection therewith Lender shall have the right to elect within forty-five (45) days after such rejection or termination, to enter into a replacement agreement with Buyer having substantially the same terms as this Agreement for the remaining term thereof, or (ii) if Lender or its designee, directly or indirectly, takes possession of, or title to, the Facility (including possession by a receiver or title by foreclosure or deed in lieu of foreclosure) after any such rejection or termination of this Agreement, promptly after Buyer’s written request, Lender must itself or must cause its designee to promptly enter into a new agreement with Buyer having substantially the same terms as this Agreement for the remaining term thereof; provided, in the event a designee of Lender, directly or indirectly, takes possession of, or title to, the Facility (including possession by a receiver or title by foreclosure or deed in lieu of foreclosure), such designee shall be approved by Buyer, not to be unreasonably withheld.

14.3 Permitted Assignment by Seller. Seller may, without the prior written consent of Buyer, transfer or assign this Agreement to: (a) an Affiliate of Seller or (b) any Person succeeding to all or substantially all of the assets of Seller (whether voluntary or by operation of law); if, and only if:

(i) the assignee is a Permitted Transferee;
(ii) Seller has given Buyer Notice at least fifteen (15) Business Days before the date of such proposed assignment; and

(iii) Seller has provided Buyer a written agreement signed by the Person to which Seller wishes to assign its interests that (x) provides that such Person will assume all of Seller’s obligations and liabilities under this Agreement upon such transfer or assignment and (y) certifies that such Person meets the definition of a Permitted Transferee.

Notwithstanding the foregoing, any assignment by Seller, its successors or assigns under this Section 14.3 shall be of no force and effect unless and until such Notice and agreement by the assignee have been received and accepted by Buyer.

14.4 Shared Facilities; Portfolio Financing. Buyer agrees and acknowledges that Seller may elect to finance all or any portion of the Facility or the Interconnection Facilities or the Shared Facilities (1) utilizing tax equity investment, and/or (2) through a Portfolio Financing, which may include cross-collateralization or similar arrangements. In connection with any financing or refinancing of the Facility, the Interconnection Facilities or the Shared Facilities by Seller or any Portfolio Financing, Buyer, Seller, Portfolio Financing Entity (if any), and Lender shall execute and deliver such further consents, approvals and acknowledgments as may be reasonable and necessary to facilitate such transactions; provided, Buyer shall not be required to agree to any terms or conditions which are reasonably expected to have a material adverse effect on Buyer and all reasonable attorney’s fees incurred by Buyer in connection therewith shall be borne by Seller.

14.5 Buyer Financing Assignment. Seller agrees that Buyer may assign a portion of its rights and obligations under this Agreement to a Person in connection with a municipal prepayment financing transaction ("Buyer Assignee") at any time upon not less than fifteen (15) Business Days’ notice by delivering Notice of such assignment, which Notice must include a proposed assignment agreement substantially in the form attached hereto as Exhibit L ("Assignment Agreement"), provided that, at the time of such assignment, such Buyer Assignee has a Credit Rating equal to the higher of (a) Buyer’s Credit Rating at the time of such assignment (if applicable), and (b) Baa3 from Moody’s and BBB- from S&P. As reasonably requested by Buyer Assignee, Seller shall (i) provide Buyer Assignee with information and documentation with respect to Seller, including but not limited to account opening information, information related to forecasted generation, Credit Rating, and compliance with anti-money laundering rules, the Dodd-Frank Act, the Commodity Exchange Act, the Patriot Act and similar rules, regulations, requirements and corresponding policies; and (ii) promptly execute such Assignment Agreement and implement such assignment as contemplated thereby, subject only to the countersignature of Buyer Assignee and Buyer and the requirements of this Section 14.5.

ARTICLE 15
DISPUTE RESOLUTION

15.1 Governing Law. This Agreement and the rights and duties of the Parties hereunder shall be governed by and construed, enforced and performed in accordance with the laws of the state of California, without regard to principles of conflicts of Law. To the extent enforceable at
such time, each Party waives its respective right to any jury trial with respect to any litigation arising under or in connection with this Agreement.

15.2 **Dispute Resolution.** In the event of any dispute arising under this Agreement, within ten (10) days following the receipt of a Notice from either Party identifying such dispute, the Parties shall meet, negotiate and attempt, in good faith, to resolve the dispute quickly, informally and inexpensively. If the Parties are unable to resolve a dispute arising hereunder within the earlier of either thirty (30) days of initiating such discussions, or within forty (40) days after Notice of the dispute, either Party may seek any and all remedies available to it at law or in equity, subject to the limitations set forth in this Agreement.

15.3 **Attorneys’ Fees.** In any proceeding brought to enforce this Agreement or because of the breach by any Party of any covenant or condition herein contained, the prevailing Party shall be entitled to reasonable attorneys’ fees (including reasonably allocated fees of in-house counsel) in addition to court costs and any and all other costs recoverable in said action.

**ARTICLE 16 INDEMNIFICATION**

16.1 **Indemnification.**

(a) Each Party (the “Indemnifying Party”) agrees to indemnify, defend and hold harmless the other Party and its Affiliates, directors, officers, employees and agents (collectively, the “Indemnified Party”) from and against all claims, demands, losses, liabilities, penalties, and expenses (including reasonable attorneys’ fees) (i) for personal injury or death to Persons and damage to the property of any third party to the extent arising out of, resulting from, or caused by the negligent or willful misconduct of the Indemnifying Party, its Affiliates, its directors, officers, employees, or agents, or (ii) for third-party claims resulting from the Indemnifying Party’s breach (including inaccuracy of any representation of warranty made hereunder), performance or non-performance of its obligations under this Agreement.

(b) Seller shall indemnify, defend and hold harmless Buyer and its Affiliates, directors, officers, employees from and against all claims, demands, losses, liabilities, penalties, and expenses (including reasonable attorneys’ fees) in connection with any claims of infringement upon or violation of any trade secret, trademark, trade name, copyright, patent, or other intellectual property rights of any third party by equipment, software, applications or programs (or any portion of same) used in connection with the Facility (an “IP Indemnity Claim”).

(c) Nothing in this Section 16.1 shall enlarge or relieve Seller or Buyer of any liability to the other for any breach of this Agreement. Neither Party shall be indemnified for its damages resulting from its sole negligence, intentional acts or willful misconduct. These indemnity provisions shall not be construed to relieve any insurer of its obligation to pay claims consistent with the provisions of a valid insurance policy.

16.2 **Claims.** Promptly after receipt by a Party of any claim or Notice of the commencement of any action, administrative, or legal proceeding, or investigation as to which the indemnity provided for in this Article 17 may apply, the Indemnified Party shall notify the Indemnifying Party in writing of such fact. The Indemnifying Party shall assume the defense
thereof with counsel designated by the Indemnifying Party and satisfactory to the Indemnified Party, provided, if the defendants in any such action include both the Indemnified Party and the Indemnifying Party and the Indemnified Party shall have reasonably concluded that there may be legal defenses available to it which are different from or additional to, or inconsistent with, those available to the Indemnifying Party, the Indemnified Party shall have the right to select and be represented by separate counsel, at the Indemnifying Party’s expense, unless a liability insurer is willing to pay such costs. If the Indemnifying Party fails to assume the defense of a claim meriting indemnification, the Indemnified Party may at the expense of the Indemnifying Party contest, settle, or pay such claim; provided, settlement or full payment of any such claim may be made only following consent of the Indemnifying Party or, absent such consent, written opinion of the Indemnified Party’s counsel that such claim is meritorious or warrants settlement. Except as otherwise provided in this Article 17, in the event that a Party is obligated to indemnify and hold the other Party and its successors and assigns harmless under this Article 17, the amount owing to the Indemnified Party will be the amount of the Indemnified Party’s damages net of any insurance proceeds received by the Indemnified Party following a reasonable effort by the Indemnified Party to obtain such insurance proceeds.

ARTICLE 17
INSURANCE

17.1 Insurance.

(a) General Liability. Seller shall maintain, or cause to be maintained at its sole expense, (i) commercial general liability insurance, including products and completed operations and personal injury insurance, in a minimum amount of [____] Million Dollars ($[____],000,000) per occurrence, and an annual aggregate of not less than [____] Million Dollars ($[____],000,000), endorsed to provide contractual liability in said amount, specifically covering Seller’s obligations under this Agreement and including Buyer as an additional insured; and (ii) an umbrella insurance policy in a minimum limit of liability of [____] Million Dollars ($[____],000,000) Defense costs shall be provided as an additional benefit and not included within the limits of liability. Such insurance shall contain standard cross-liability and severability of interest provisions.

(b) Employer’s Liability Insurance. Employers’ Liability insurance shall not be less than One Million Dollars ($1,000,000.00) for injury or death occurring as a result of each accident. With regard to bodily injury by disease, the One Million Dollar ($1,000,000) policy limit will apply to each employee.

(c) Workers Compensation Insurance. Seller, if it has employees, shall also maintain at all times during the Contract Term workers’ compensation and employers’ liability insurance coverage in accordance with applicable requirements of Law.

(d) Business Auto Insurance. Seller shall maintain at all times during the Contract Term business auto insurance for bodily injury and property damage with limits of One Million Dollars ($1,000,000) per occurrence. Such insurance shall cover liability arising out of Seller’s use of all owned (if any), non-owned and hired vehicles, including trailers or semi-trailers in the performance of the Agreement.
(e) **Construction All-Risk Insurance.** Seller shall maintain or cause to be maintained during the construction of the Facility prior to the Commercial Operation Date, construction all-risk form property insurance covering the Facility during such construction periods, and naming Seller (and Lender if any) as the loss payee.

(f) **Subcontractor Insurance.** Seller shall require all of its subcontractors to carry: (i) comprehensive general liability insurance with a combined single limit of coverage not less than One Million Dollars ($1,000,000); (ii) workers’ compensation insurance and employers’ liability coverage in accordance with applicable requirements of Law; and (iii) business auto insurance for bodily injury and property damage with limits of one million dollars ($1,000,000) per occurrence. All subcontractors shall name Seller as an additional insured to insurance carried pursuant to clauses (f)(i) and (f)(iii). All subcontractors shall provide a primary endorsement and a waiver of subrogation to Seller for the required coverage pursuant to this Section 17.1(f).

(g) **Evidence of Insurance.** Within ten (10) days after execution of the Agreement and upon annual renewal thereafter, Seller shall deliver to Buyer certificates of insurance evidencing such coverage. Such certificates shall specify that Buyer shall be given at least thirty (30) days prior Notice by Seller in the event of any material modification, cancellation or termination of coverage. Such insurance shall be primary coverage without right of contribution from any insurance of Buyer. Any other insurance maintained by Seller is for the exclusive benefit of Seller and shall not in any manner inure to the benefit of Buyer. The general liability, auto liability and worker’s compensation policies shall be endorsed with a waiver of subrogation in favor of Buyer for all work performed by Seller, its employees, agents and sub-contractors.

(h) **Failure to Comply with Insurance Requirements.** If Seller fails to comply with any of the provisions of this Article 18, Seller, among other things and without restricting Buyer’s remedies under the Law or otherwise, shall, at its own cost and expense, act as an insurer and provide insurance in accordance with the terms and conditions above. With respect to the required general liability, umbrella liability and commercial automobile liability insurance, Seller shall provide a current, full and complete defense to Buyer, its subsidiaries and Affiliates, and their respective officers, directors, shareholders, agents, employees, assigns, and successors in interest, in response to a third-party claim in the same manner that an insurer would have, had the insurance been maintained in accordance with the terms and conditions set forth above. In addition, alleged violations of the provisions of this Article 18 means that Seller has the initial burden of proof regarding any legal justification for refusing or withholding coverage and Seller shall face the same liability and damages as an insurer for wrongfully refusing or withholding coverage in accordance with the laws of California.

**ARTICLE 18**

**CONFIDENTIAL INFORMATION**

18.1 **Definition of Confidential Information.** The following constitutes “Confidential Information,” whether oral or written which is delivered by Seller to Buyer or by Buyer to Seller including: (a) the terms and conditions of, and proposals and negotiations related to this Agreement, and (b) information that either Seller or Buyer stamps or otherwise identifies as “confidential” or “proprietary” before disclosing it to the other. Confidential Information does not include (i) information that was publicly available at the time of the disclosure, other than as a
result of a disclosure in breach of this Agreement; (ii) information that becomes publicly available through no fault of the recipient after the time of the delivery; (iii) information that was rightfully in the possession of the recipient (without confidential or proprietary restriction) at the time of delivery or that becomes available to the recipient from a source not subject to any restriction against disclosing such information to the recipient; and (iv) information that the recipient independently developed without a violation of this Agreement.

18.2 Duty to Maintain Confidentiality. The Party receiving Confidential Information (the “Receiving Party”) from the other Party (the “Disclosing Party”) shall not disclose Confidential Information to a third party (other than the Party’s employees, lenders, counsel, accountants, directors or advisors, or any such representatives of a Party’s Affiliates, who have a need to know such information and have agreed to keep such terms confidential) except in order to comply with any applicable law, regulation, or any exchange, control area or independent system operator rule or in connection with any court or regulatory proceeding applicable to such Party or any of its Affiliates; provided, each Party shall, to the extent practicable, use reasonable efforts to prevent or limit the disclosure. The Parties shall be entitled to all remedies available at law or in equity to enforce, or seek relief in connection with, this confidentiality obligation. The Parties agree and acknowledge that nothing in this Section 18.2 prohibits a Party from disclosing any one or more of the commercial terms of a transaction (other than the name of the other Party unless otherwise agreed to in writing by the Parties) to any industry price source for the purpose of aggregating and reporting such information in the form of a published energy price index.

The Parties acknowledge and agree that the Agreement and any transactions entered into in connection herewith are subject to the requirements of the California Public Records Act (Government Code Section 6250 et seq.). In order to designate information as confidential, the Disclosing Party must clearly stamp and identify the specific portion of the material designated with the word “Confidential.” The Parties agree not to over-designate material as Confidential Information. Over-designation includes stamping whole agreements, entire pages or series of pages as “Confidential” that clearly contain information that is not Confidential Information.

Upon request or demand of any third person or entity not a Party hereto to Buyer pursuant to the California Public Records Act for production, inspection and/or copying of Confidential Information (“Requested Confidential Information”), Buyer shall as soon as practical notify Seller in writing via email that such request has been made. Seller shall be solely responsible for taking at its sole expense whatever legal steps are necessary to prevent release of the Requested Confidential Information to the third party by Buyer. If Seller takes no such action after receiving the foregoing notice from Buyer, Buyer shall, at its discretion, be permitted to comply with the third party’s request or demand and is not required to defend against it. If Seller does take or attempt to take such action, Buyer shall provide timely and reasonable cooperation to Seller, if requested by Seller, and Seller agrees to indemnify and hold harmless Buyer, its officers, employees and agents (“Buyer’s Indemnified Parties”), from any claims, liability, award of attorneys’ fees, or damages, and to defend any action, claim or lawsuit brought against any of Buyer’s Indemnified Parties for Buyer’s refusal to disclose any Requested Confidential Information.

18.3 Irreparable Injury; Remedies. Receiving Party acknowledges that its obligations hereunder are necessary and reasonable in order to protect Disclosing Party and the business of
Disclosing Party, and expressly acknowledges that monetary damages would be inadequate to compensate Disclosing Party for any breach or threatened breach by Receiving Party of any covenants and agreements set forth herein. Accordingly, Receiving Party acknowledges that any such breach or threatened breach will cause irreparable injury to Disclosing Party and that, in addition to any other remedies that may be available, in law, in equity or otherwise, Disclosing Party will be entitled to obtain injunctive relief against the threatened breach of this Agreement or the continuation of any such breach, without the necessity of proving actual damages.

18.4 **Further Permitted Disclosure.** Notwithstanding anything to the contrary in this Article 18, Confidential Information may be disclosed by the Receiving Party to any of its agents, consultants, contractors, trustees, or actual or potential financing parties (including, in the case of Seller, its Lender(s)), so long as such Person to whom Confidential Information is disclosed agrees in writing to be bound by confidentiality provisions that are at least as restrictive as this Article 18 to the same extent as if it were a Party.

18.5 **Press Releases.** Neither Party shall issue (or cause its Affiliates to issue) a press release regarding the transactions contemplated by this Agreement unless both Parties have agreed upon the contents of any such public statement.

**ARTICLE 19**

**MISCELLANEOUS**

19.1 **Entire Agreement; Integration; Exhibits.** This Agreement, together with the Cover Sheet and Exhibits attached hereto constitutes the entire agreement and understanding between Seller and Buyer with respect to the subject matter hereof and supersedes all prior agreements relating to the subject matter hereof, which are of no further force or effect. The Exhibits attached hereto are integral parts hereof and are made a part of this Agreement by reference. The headings used herein are for convenience and reference purposes only. In the event of a conflict between the provisions of this Agreement and those of the Cover Sheet or any Exhibit, the provisions of first the Cover Sheet, and then this Agreement shall prevail, and such Exhibit shall be corrected accordingly. This Agreement shall be considered for all purposes as prepared through the joint efforts of the Parties and shall not be construed against one Party or the other as a result of the preparation, substitution, submission or other event of negotiation, drafting or execution hereof.

19.2 **Amendments.** This Agreement may only be amended, modified or supplemented by an instrument in writing executed by duly authorized representatives of Seller and Buyer; *provided*, this Agreement may not be amended by electronic mail communications.

19.3 **No Waiver.** Waiver by a Party of any default by the other Party shall not be construed as a waiver of any other default.

19.4 **No Agency, Partnership, Joint Venture or Lease.** Seller and the agents and employees of Seller shall, in the performance of this Agreement, act in an independent capacity and not as officers or employees or agents of Buyer. Under this Agreement, Seller and Buyer intend to act as energy seller and energy purchaser, respectively, and do not intend to be treated as, and shall not act as, partners in, co-venturers in or lessor/lessee with respect to the Facility or
any business related to the Facility. This Agreement shall not impart any rights enforceable by any third party (other than a permitted successor or assignee bound to this Agreement) and/or, to the extent set forth herein, any Lender and/or Indemnified Party.

19.5 **Severability.** In the event that any provision of this Agreement is unenforceable or held to be unenforceable, the Parties agree that all other provisions of this Agreement have force and effect and shall not be affected thereby. The Parties shall, however, use their best endeavors to agree on the replacement of the void, illegal or unenforceable provision(s) with legally acceptable clauses which correspond as closely as possible to the sense and purpose of the affected provision and this Agreement as a whole.

19.6 **Mobile-Sierra.** Notwithstanding any other provision of this Agreement, neither Party shall seek, nor shall they support any third party seeking, to prospectively or retroactively revise the rates, terms or conditions of service of this Agreement through application or complaint to FERC pursuant to the provisions of Section 205, 206 or 306 of the Federal Power Act, or any other provisions of the Federal Power Act, absent prior written agreement of the Parties. Further, absent the prior written agreement in writing by both Parties, the standard of review for changes to the rates, terms or conditions of service of this Agreement proposed by a Party shall be the “public interest” standard of review set forth in United Gas Pipe Line Co. v. Mobile Gas Service Corp., 350 U.S. 332 (1956) and Federal Power Commission v. Sierra Pacific Power Co., 350 U.S. 348 (1956). Changes proposed by a non-Party or FERC acting *sua sponte* shall be subject to the most stringent standard permissible under applicable law.

19.7 **Counterparts.** This Agreement may be executed in one or more counterparts, all of which taken together shall constitute one and the same instrument and each of which shall be deemed an original.

19.8 **Electronic Delivery.** This Agreement may be duly executed and delivered by a Party by electronic format (including portable document format (.pdf)) delivery of the signature page of a counterpart to the other Party, and, if delivery is made by electronic format, the executing Party shall promptly deliver, via overnight delivery, a complete original counterpart that it has executed to the other Party, but this Agreement shall be binding on and enforceable against the executing Party whether or not it delivers such original counterpart.

19.9 **Binding Effect.** This Agreement shall inure to the benefit of and be binding upon the Parties and their respective successors and permitted assigns.

19.10 **No Recourse to Members of Buyer.** Buyer is organized as a Joint Powers Authority in accordance with the Joint Exercise of Powers Act of the State of California (Government Code Section 6500, et seq.) pursuant to its Joint Powers Agreement and is a public entity separate from its constituent members. Buyer shall solely be responsible for all debts, obligations and liabilities accruing and arising out of this Agreement. Seller shall have no rights and shall not make any claims, take any actions or assert any remedies against any of Buyer’s constituent members, or the employees, directors, officers, consultants or advisors of Buyer or its constituent members, in connection with this Agreement.

19.11 **Forward Contract.** The Parties acknowledge and agree that this Agreement
constitutes a “forward contract” within the meaning of the U.S. Bankruptcy Code, and Buyer and Seller are “forward contract merchants” within the meaning of the U.S. Bankruptcy Code. Each Party further agrees that, for all purposes of this Agreement, each Party waives and agrees not to assert the applicability of the provisions of 11 U.S.C. § 366 in any Bankruptcy proceeding wherein such Party is a debtor. In any such proceeding, each Party further waives the right to assert that the other Party is a provider of last resort to the extent such term relates to 11 U.S.C. §366 or another provision of 11 U.S.C. § 101-1532.

19.12 Change in Electric Market Design. If a change in the CAISO Tariff renders this Agreement or any provisions hereof incapable of being performed or administered, then any Party may request that Buyer and Seller enter into negotiations to make the minimum changes to this Agreement necessary to make this Agreement capable of being performed and administered, while attempting to preserve to the maximum extent possible the benefits, burdens, and obligations set forth in this Agreement as of the Effective Date. Upon delivery of such a request, Buyer and Seller shall engage in such negotiations in good faith. If Buyer and Seller are unable, within sixty (60) days after delivery of such request, to agree upon changes to this Agreement or to resolve issues relating to changes to this Agreement, then any Party may submit issues pertaining to changes to this Agreement to the dispute resolution process set forth in Article 16. Notwithstanding the foregoing, (i) a change in cost shall not in and of itself be deemed to render this Agreement or any of the provisions hereof incapable of being performed or administered, and (ii) all of the unaffected provisions of this Agreement shall remain in full force and effect during any period of such negotiation or dispute resolution.

19.13 Further Assurances. Each of the Parties hereto agrees to provide such information, execute and deliver any instruments and documents and to take such other actions as may be necessary or reasonably requested by the other Party which are not inconsistent with the provisions of this Agreement and which do not involve the assumptions of obligations other than those provided for in this Agreement, to give full effect to this Agreement and to carry out the intent of this Agreement.

[Signatures on following page.]
IN WITNESS WHEREOF, the Parties have caused this Agreement to be duly executed as of the Effective Date.

EXHIBIT B

FACILITY CONSTRUCTION AND COMMERCIAL OPERATION

1. **Construction of the Facility.**
   
a. “**Construction Start**” will occur upon Seller’s acquisition of all applicable regulatory authorizations, approvals and permits for the construction of the Facility, and once Seller has engaged all contractors and ordered all essential equipment and supplies as, in each case, can reasonably be considered necessary so that physical construction of the Facility may begin and proceed to completion without foreseeable interruption of material duration, and has executed an engineering, procurement, and construction contract and issued thereunder a final notice to proceed that authorizes the contractor to mobilize to Site and begin physical construction (including, at a minimum, excavation for foundations or the installation or erection of improvements) at the Site. The date of Construction Start will be evidenced by and subject to Seller’s delivery to Buyer of a certificate substantially in the form attached as Exhibit J hereto, and the date certified therein shall be the “**Construction Start Date.**” Seller shall cause Construction Start to occur no later than the Guaranteed Construction Start Date.

b. Seller may extend the Guaranteed Construction Start Date by paying Daily Delay Damages to Buyer for each day Seller desires to extend the Guaranteed Construction Start Date, not to exceed a total of one hundred twenty (120) days of extensions by such payment of Daily Delay Damages. On or before the date that is ten (10) days prior to the then-current Guaranteed Construction Start Date Seller shall provide notice and payment to Buyer of the Daily Delay Damages for the number of days of extension to the Guaranteed Construction Start Date. If Seller achieves Commercial Operation on or before the Guaranteed Commercial Operation Date (not including any extensions to such date resulting from Seller’s payment of Commercial Operation Delay Damages, but as may be extended pursuant to a Development Cure Period), then Buyer shall refund to Seller all Daily Delay Damages paid by Seller.

2. **Commercial Operation of the Facility.** “**Commercial Operation**” means the condition existing when Seller has fulfilled all of the conditions precedent in Section 2.2 of the Agreement and provided Notice to Buyer substantially in the form of Exhibit H (the “**COD Certificate**”).
   
a. Seller shall cause Commercial Operation for the Facility to occur by the Guaranteed Commercial Operation Date. Seller shall notify Buyer that it intends to achieve Commercial Operation at least sixty (60) days before the anticipated Commercial Operation Date.

b. Seller may extend the Guaranteed Commercial Operation Date by paying Commercial Operation Delay Damages to Buyer for each day Seller desires to extend the Guaranteed Commercial Operation Date, not to exceed a total of ninety
(90) days of extensions by such payment of Commercial Operation Delay Damages. On or before the date that is ten (10) days prior to the then-current Guaranteed Commercial Operation Date Seller shall provide Notice and payment to Buyer of the Commercial Operation Delay Damages for the number of days of extension to the Guaranteed Commercial Operation Date. If Seller achieves Commercial Operation prior to the Guaranteed Commercial Operation Date as extended by the payment of Commercial Operation Delay Damages, Buyer shall refund to Seller the Commercial Operation Delay Damages for each day Seller achieves Commercial Operation prior to the Guaranteed Commercial Operation Date times the Commercial Operation Delay Damages, not to exceed the total amount of Commercial Operation Delay Damages paid by Seller pursuant to this Section 2(b).

3. **Termination for Failure to Achieve Commercial Operation.** If the Facility has not achieved Commercial Operation on or before the Guaranteed Commercial Operation Date (as may be extended hereunder), Buyer may elect to terminate this Agreement in accordance with Sections 11.1(b)(ii) and 11.2.

4. **Extension of the Guaranteed Dates.** The Guaranteed Construction Start Date and the Guaranteed Commercial Operation Date shall, subject to notice and documentation requirements set forth below, be automatically extended on a day-for-day basis (the "Development Cure Period") for the duration of any and all delays arising out of the following circumstances to the extent the following circumstances are not the result of Seller’s failure to take all commercially reasonable actions to meet its requirements and deadlines:

   a. Seller has not acquired by the Expected Construction Start Date all material permits, consents, licenses, approvals, or authorizations from any Governmental Authority required for Seller to own, construct, interconnect, operate or maintain the Facility and to permit Seller and the Facility to make available and sell Product, despite the exercise of diligent and commercially reasonable efforts by Seller; or

   b. a Force Majeure Event occurs; or

   c. the Interconnection Facilities or Reliability Network Upgrades are not complete and ready for the Facility to connect and sell Product at the Delivery Point by the Guaranteed Commercial Operation Date, despite the exercise of diligent and commercially reasonable efforts by Seller; or

   d. Buyer has not made all necessary arrangements to receive the Facility Energy at the Delivery Point by the Guaranteed Commercial Operation Date.

Notwithstanding anything in this Agreement to the contrary, the cumulative extensions granted under the Development Cure Period (other than the extensions granted pursuant to clause 4(d) above) shall not exceed one hundred eighty (180) days, for any reason, including a Force Majeure Event, and the cumulative extensions granted to the Guaranteed Commercial Operation Date by the payment of Commercial Operation Delay Damages and
any Development Cure Period(s) (other than the extensions granted pursuant to clause 4(d)
above) shall not exceed two hundred seventy (270) days. Upon request from Buyer, Seller
shall provide documentation demonstrating to Buyer’s reasonable satisfaction that the
delays described above did not result from Seller’s actions or failure to take commercially
reasonable actions.

5. **Failure to Reach Guaranteed Capacity.** If, at Commercial Operation, the Installed
Capacity is less than one hundred percent (100%) of the Guaranteed Capacity, Seller shall
have ninety (90) days after the Commercial Operation Date to install additional capacity
and/or Network Upgrades such that the Installed Capacity is equal to (but not greater than)
the Guaranteed Capacity, and Seller shall provide to Buyer a new certificate substantially
in the form attached as Exhibit I hereto specifying the new Installed Capacity. If Seller fails
to construct the Guaranteed Capacity by such date, Seller shall pay “**Capacity Damages**”
to Buyer, in an amount equal to Two Hundred Fifty Thousand Dollars ($250,000) for each
MW that the Guaranteed Capacity exceeds the Installed Capacity. Capacity Damages shall
not be offset or reduced by the payment of Development Security, Performance Security,
Delay Damages, or any other form of liquidated damages under this Agreement.

6. **Buyer’s Right to Draw on Development Security.** If Seller fails to timely pay any Daily
Delay Damages or Commercial Operation Delay Damages, Buyer may draw upon the
Development Security to satisfy Seller’s payment obligation thereof.
EXHIBIT D

RESERVED
EXHIBIT E

PROGRESS REPORTING FORM

Each Progress Report must include the following items:

1. Executive Summary.

2. Facility description.

3. Site plan of the Facility.

4. Description of any material planned changes to the Facility or the site.

5. Gantt chart schedule showing progress on achieving each of the Milestones.

6. Summary of activities during the previous calendar quarter or month, as applicable, including any OSHA labor hour reports.

7. Forecast of activities scheduled for the current calendar quarter.

8. Written description about the progress relative to Seller’s Milestones, including whether Seller has met or is on target to meet the Milestones.

9. List of issues that are reasonably likely to affect Seller’s Milestones.

10. A status report of start-up activities including a forecast of activities ongoing and after start-up, a report on Facility performance including performance projections for the next twelve (12) months.

11. Progress and schedule of all material agreements, contracts, permits, approvals, technical studies, financing agreements and major equipment purchase orders showing the start dates, completion dates, and completion percentages.

12. Pictures, in sufficient quantity and of appropriate detail, in order to document construction and startup progress of the Facility, the interconnection into the Transmission System and all other interconnection utility services.

13. Workforce Development or Supplier Diversity Reporting (if applicable). Format to be provided by Buyer.

14. Any other documentation reasonably requested by Buyer.

The foregoing table is provided for informational purposes only, and it shall not constitute, or be deemed to constitute, an obligation of any of the Parties to this Agreement.
The foregoing table is provided for informational purposes only, and it shall not constitute, or be deemed to constitute, an obligation of any of the Parties to this Agreement.
EXHIBIT G

GUARANTEED ENERGY PRODUCTION DAMAGES CALCULATION

In accordance with Section 4.7, if Seller fails to achieve the Guaranteed Energy Production during any Performance Measurement Period, a liquidated damages payment shall be due from Seller to Buyer, calculated as follows:

\[
[(A - B) * (C - D)] - (E + F)
\]

where:

\(A\) = the Guaranteed Energy Production amount for the Performance Measurement Period, in MWh

\(B\) = the Adjusted Energy Production amount for the Performance Measurement Period, in MWh

\(C\) = Replacement price for the Performance Measurement Period, in $/MWh, which is the sum of (a) the simple average of the Integrated Forward Market hourly price for all the hours in the Performance Measurement Period, as published by the CAISO, for the Existing Zone Generation Trading Hub (as defined in the CAISO Tariff) for the Delivery Point, plus (b) the market value of Replacement Green Attributes.

\(D\) = the Contract Price, in $/MWh [NTD: If the Contract Price has an annual escalator, this will be the average of the Contract Price of the applicable two years in the Performance Measurement Period.]

\(E\) = The amount of Energy Replacement Damages paid by Seller with respect to the immediately preceding Performance Measurement Period

\(F\) = The product of (a) the amount of Replacement Product in MWhs delivered by Seller in the immediately preceding Contract Year and (b) the price which is \((C - D)\)

“Adjusted Energy Production” shall mean the sum of the following: Facility Energy + Deemed Delivered Energy + Lost Output + Replacement Energy.

“Replacement Energy” means Energy produced by a facility other than the Facility, that is provided by Seller to Buyer as Replacement Product, in an amount equal to the amount of Replacement Green Attributes provided by Seller as Replacement Product for the same Performance Measurement Period.

“Replacement Green Attributes” means Renewable Energy Credits of the same Portfolio Content Category (i.e., PCC1) as the Green Attributes portion of the Product and of the same year of production as the Renewable Energy Credits that would have been generated by the Facility.
“Replacement Product” means (a) Replacement Energy, and (b) Replacement Green Attributes in an amount not to exceed ten percent (10%) of the Expected Energy for the previous Contract Year.

No payment shall be due if the calculation of (a) \( (A - B) \), (b) \( (C - D) \) or (c) or (c) \( [ (A - B) * (C - D) ] - (E + F) \), yields a negative number. In no event will Buyer owe any payment to Seller pursuant to this Exhibit G.

Within sixty (60) days after each Contract Year, Buyer shall send Seller Notice of the amount of damages owing, if any, which shall be payable to Buyer before the later of (a) thirty (30) days of such Notice and (b) ninety (90) days after each Performance Measurement Period; provided, the amount of damages owing shall be adjusted to account for Replacement Product, if any, delivered after each applicable Performance Measurement Period.
EXHIBIT H

FORM OF COMMERCIAL OPERATION DATE CERTIFICATE

This certification ("Certification") of Commercial Operation is delivered by ______ [licensed professional engineer] ("Engineer") to Clean Power Alliance of Southern California, a California joint powers authority ("Buyer") in accordance with the terms of that certain Renewable Power Purchase Agreement dated ______ ("Agreement") by and between [Seller] and Buyer. All capitalized terms used in this Certification but not otherwise defined herein shall have the respective meanings assigned to such terms in the Agreement.

As of ______[DATE]_____, Engineer hereby certifies and represents to Buyer the following:

1. The Facility is fully operational, reliable and interconnected, fully integrated and synchronized with the Transmission System.

2. Seller has installed equipment for the Facility with an Installed Capacity of no less than ninety-five percent (95%) of the Guaranteed Capacity.

3. Authorization to parallel the Facility was obtained by the Transmission Provider, [Name of Transmission Provider as appropriate] on___[DATE]____.

4. The Transmission Provider has provided documentation supporting full unrestricted release for Commercial Operation by [Name of Transmission Provider as appropriate] on ______[DATE]____.

5. The CAISO has provided notification supporting Commercial Operation, in accordance with the CAISO Tariff on ______[DATE]_____.

6. Seller has segregated and separately metered Station Use to the extent reasonably possible in accordance with Prudent Operating Practice and CAISO requirements, and any such meter(s) have the same or greater level of accuracy as is required for CAISO certified meters used for settlement purposes.

Exhibit J - 1
IRREVOCABLE STANDBY LETTER OF CREDIT NO. [XXXXXXX]

Date:
Bank Ref.:
Amount: US$[XXXXXXXX]

Beneficiary:

Clean Power Alliance of Southern California,
a California joint powers authority
801 S Grand, Suite 400
Los Angeles, CA 90017

Ladies and Gentlemen:

By the order of __________ (“Applicant”), we, [insert bank name and address] (“Issuer”) hereby issue our Irrevocable Standby Letter of Credit No. [XXXXXXX] (the “Letter of Credit”) in favor of Clean Power Alliance of Southern California, a California joint powers authority (“Beneficiary”), 801 S Grand, Suite 400, Los Angeles, CA 90017, for an amount not to exceed the aggregate sum of U.S. $[XXXXXX] (United States Dollars [XXXXX] and 00/100) (the “Available Amount”), pursuant to that certain Renewable Power Purchase Agreement dated as of ______ and as amended (the “Agreement”) between Applicant and Beneficiary. This Letter of Credit shall become effective immediately and shall be of no further force or effect at 5:00 p.m., California time, on [Date] or, if such day is not a Business Day (as hereinafter defined), on the next Business Day (as may be extended pursuant to the terms of this Letter of Credit, the “Expiration Date”).

For the purposes hereof, “Business Day” shall mean any day on which commercial banks are not authorized or required to close in Los Angeles, California.

Funds under this Letter of Credit are available to Beneficiary by valid presentation on or before 5:00 p.m. California time, on or before the Expiration Date of a copy of this Letter of Credit No. [XXXXXXX] and all amendments accompanied by Beneficiary’s dated statement purportedly signed by Beneficiary’s duly authorized representative, in the form attached hereto as Exhibit A, containing one of the two alternative paragraphs set forth in paragraph 2 therein.

Any full or partial drawing hereunder may be requested by transmitting copies of the requisite documents as described above to the Issuer by facsimile at [facsimile number for draws] or such
other number as specified from time-to-time by the Issuer.

The facsimile transmittal shall be deemed delivered when received. Drawings made by facsimile transmittal are deemed to be the operative instrument without the need of originally signed documents.

Issuer hereby agrees that all drafts drawn under and in compliance with the terms of this Letter of Credit will be duly honored if presented to the Issuer before the Expiration Date. All correspondence and any drawings (other than those made by facsimile) hereunder are to be directed to [Issuer address/contact]. Issuer undertakes to make payment to Beneficiary under this Standby Letter of Credit within three (3) business days of receipt by Issuer of a properly presented Drawing Certificate. The Beneficiary shall receive payment from Issuer by wire transfer to the bank account of the Beneficiary designated in the Drawing Certificate.

Partial draws are permitted under this Letter of Credit, and this Letter of Credit shall remain in full force and effect with respect to any continuing balance; provided, the Available Amount shall be reduced by the amount of each such drawing.

It is a condition of this Letter of Credit that it shall be deemed automatically extended without an amendment for a one year period (or, if such period ends on a day that is not a Business Day, until the next Business Day thereafter) beginning on the present Expiration Date hereof and upon each anniversary for such date (or, if such period ends on a day that is not a Business Day, until the next Business Day thereafter), unless at least one hundred twenty (120) days prior to any such Expiration Date Issuer has sent Beneficiary written notice by overnight courier service at the address provided below that Issuer elects not to extend this Letter of Credit, in which case it will expire on its then current Expiration Date. No presentation made under this Letter of Credit after such Expiration Date will be honored.

Notwithstanding any reference in this Letter of Credit to any other documents, instruments or agreements, this Letter of Credit contains the entire agreement between Beneficiary and Issuer relating to the obligations of Issuer hereunder.

Except so far as otherwise stated, this Letter of Credit is subject to the International Standby Practices ISP98 (also known as ICC Publication No. 590), or revision currently in effect (the “ISP”). As to matters not covered by the ISP, the laws of the State of California, without regard to the principles of conflicts of laws thereunder, shall govern all matters with respect to this Letter of Credit.

Please address all correspondence regarding this Letter of Credit to the attention of the Letter of Credit Department at [insert bank address information], referring specifically to Issuer’s Letter of Credit No. [XXXXXXX]. For telephone assistance, please contact Issuer’s Standby Letter of Credit Department at [XXX-XXX-XXXX] and have this Letter of Credit available.

All notices to Beneficiary shall be in writing and are required to be sent by certified letter, overnight courier, or delivered in person to: Clean Power Alliance of Southern California, a California joint powers authority, Chief Financial Officer, 801 S Grand, Suite 400, Los Angeles, CA 90017. Only notices to Beneficiary meeting the requirements of this paragraph shall be
considered valid. Any notice to Beneficiary which is not in accordance with this paragraph shall be void and of no force or effect.

[Bank Name]

Name and Title of Authorized Representative

Date___________________________
This Assignment Agreement (this “Assignment Agreement” or “Agreement”) is entered into as of [______________] by and among [PPA Seller], a [______________] (“PPA Seller”), Clean Power Alliance of Southern California, a California joint powers authority (“PPA Buyer”), and [Financing Party] (“Financing Party”), and relates to that certain power purchase agreement (the “PPA”) between PPA Buyer and PPA Seller as described on Appendix 1.

In consideration of the premises above and the mutual covenants and agreements herein set forth, PPA Seller, PPA Buyer and Financing Party (the “Parties” hereto; each is a “Party”) agree as follows:

1. **Limited Assignment and Delegation.**

   (a) PPA Buyer hereby assigns, transfers and conveys to Financing Party all right, title and interest in and to the rights of PPA Buyer under the PPA to receive delivery of the products described on Appendix 1 (the “Assigned Products”) during the Assignment Period (as defined in Appendix 1), as such rights may be limited or further described in the “Further Information” section on Appendix 1 (the “Assigned Product Rights”)[NOTE: Appendix 1 to provide for transfer of RECs.]. All other rights of PPA Buyer under the PPA are expressly reserved for PPA Buyer, including the right to receive any additional quantities of products beyond the limits set forth in Appendix 1.

   (b) PPA Buyer hereby delegates to Financing Party the obligation to pay for all Assigned Products that are actually delivered to Financing Party pursuant to the Assigned Product Rights during the Assignment Period (the “Delivered Product Payment Obligation” and together with the Assigned Product Rights, collectively the “Assigned Rights and Obligations”). All other obligations of PPA Buyer under the PPA are expressly retained by PPA Buyer. To the extent Financing Party fails to pay for any Assigned Products by the due date for payment set forth in the PPA, PPA Buyer agrees that it will remain responsible for such payment within five (5) Business Days (as defined in the PPA) of receiving notice of such non-payment from PPA Seller.

   (c) Financing Party hereby accepts and PPA Seller hereby consents and agrees to the assignment, transfer, conveyance and delegation described in clauses (a) and (b) above.

   (d) All scheduling of Assigned Products and other communications related to the PPA shall take place between PPA Buyer and PPA Seller pursuant to the terms of the PPA; provided, (i) PPA Buyer and PPA Seller shall provide to Financing Party copies of all scheduling communications, billing statements, generation reports and other notices delivered under the PPA during the Assignment Period contemporaneously upon delivery thereof to the other party to the PPA; (ii) title to Assigned Product will pass to Financing Party upon delivery by PPA Seller in accordance with the PPA; and (iii) PPA Buyer is hereby authorized by Financing Party to and shall act as Financing Party’s agent with regard to scheduling Assigned Product.

   (e) PPA Seller acknowledges that (i) Financing Party intends to immediately transfer title to any Assigned Products received from PPA Seller through one or more intermediaries such that all Assigned Products will be re-delivered to PPA Buyer, and (ii) Financing
Party has the right to purchase receivables due from PPA Buyer for any such Assigned Products. To the extent Financing Party purchases any such receivables due from PPA Buyer, Financing Party may transfer such receivables to PPA Seller and apply the face amount thereof as a reduction to any Delivered Product Payment Obligation.

2. Assignment Early Termination.

(a) The Assignment Period may be terminated early upon the occurrence of any of the following:

(1) delivery of a written notice of termination by either Financing Party or PPA Buyer to each of the other Parties hereto;

(2) delivery of a written notice of termination by PPA Seller to each of Financing Party and PPA Buyer following Financing Party’s failure to pay when due any amounts owed to PPA Seller in respect of any Delivered Product Payment Obligation and such failure continues for one (1) Business Day following receipt by Financing Party of written notice thereof;

(3) delivery of a written notice by PPA Seller if any of the events described in [NOTE: Insert reference to bankruptcy event of default in PPA.] occurs with respect to Financing Party; or

(4) delivery of a written notice by Financing Party if any of the events described in [NOTE: Insert reference to bankruptcy event of default in PPA.] occurs with respect to PPA Seller.

(b) The Assignment Period will end as of the date specified in the termination notice, which date shall not be earlier than the end of the last day of the calendar month in which such notice is delivered if termination is pursuant to clauses (a)(1) or (a)(2) above.

(c) All Assigned Rights and Obligations shall revert from Financing Party to PPA Buyer upon the expiration of or early termination of the Assignment Period; provided, (i) Financing Party shall remain responsible for the Delivered Product Payment Obligation with respect to any Assigned Product delivered to Financing Party prior to the end of the Assignment Period, and (ii) any legal restrictions on the effectiveness of such reversion (whether arising under bankruptcy law or otherwise) shall not affect the expiration or early termination of the Assignment Period.

3. Notices. Any notice, demand, or request required or authorized by this Assignment Agreement to be given by one Party to another Party shall be delivered in accordance with Section [___] of the PPA and to the addresses of each of PPA Seller and PPA Buyer specified in the PPA. PPA Seller and PPA Buyer agree to notify Financing Party of any updates to such notice information. Notices to Financing Party shall be provided to the following address, as such address may be updated by Financing Party from time to time by notice to the other Parties:

Financing Party

Email: ____________
4. **Miscellaneous.** Sections [ ] [Severability], [ ] [Counterparts], [ ] [Amendments] and [ ] [No Agency, Partnership, Joint Venture or Lease] of the PPA are incorporated by reference into this Agreement, *mutatis mutandis*, as if fully set forth herein.

5. **Governing Law, Jurisdiction, Waiver of Jury Trial**

   (a) **Governing Law.** This Assignment Agreement and the rights and duties of the parties under this assignment agreement will be governed by and construed, enforced and performed in accordance with the laws of the state of New York, without reference to any conflicts of laws provisions that would direct the application of another jurisdiction’s laws; *provided*, the authority of PPA Buyer to enter into and perform its obligations under this assignment agreement shall be determined in accordance with the laws of the State of California.

   (b) **Jurisdiction.** Each party submits to the exclusive jurisdiction of (a) the courts of the state of New York located in the Borough of Manhattan, (b) the federal courts of the United States of America for the Southern District of New York or (c) the federal courts of the United States of America in any other state.

   (c) **Waiver of Right to Trial by Jury.** Each party waives, to the fullest extent permitted by applicable law, any right it may have to a trial by jury in respect of any suit, action or proceeding relating to this assignment agreement.

   [Remainder of Page Intentionally Blank]
IN WITNESS WHEREOF, the Parties have executed this Assignment Agreement effective as of the date first set forth above.

Appendix 1

Assigned Rights and Obligations

PPA: The Power Purchase Agreement dated [___________] by and between PPA Buyer and PPA Seller.

“Assignment Period” means the period beginning on [___________] and extending until [___________]; provided, in no event shall the Assignment Period extend past the earlier of (i) the termination of the Assignment Period pursuant to Section 4 of the Assignment Agreement and (ii) the end of the delivery period under the PPA.

Assigned Product: [Describe and define]

Further Information: [Include, if any]²

Projected P99 Generation: The “Projected P99 Generation” is attached hereto on a monthly basis.

---

¹ The Assignment Period must end no less than 18 months following the Assignment Period Start Date and no later than the end of the delivery period under the PPA.
² To include transfer and settlement mechanics for RECs, as applicable.
EXHIBIT M
FORM OF REPLACEMENT RA NOTICE

This Replacement RA Notice (this “Notice”) is delivered by [SELLER ENTITY] (“Seller”) to Clean Power Alliance of Southern California, a California joint powers authority (“Buyer”) in accordance with the terms of that certain Renewable Power Purchase Agreement dated __________ (“Agreement”) by and between Seller and Buyer. All capitalized terms used in this Notice but not otherwise defined herein shall have the respective meanings assigned to such terms in the Agreement.

Pursuant to Section [3.7] [3.9(b)] of the Agreement, Seller hereby provides the below Replacement RA product information:
