The Choice is Yours!

Electricity is one of the nation's top sources of greenhouse gas emissions (GHGs). The cleaner the power source, the more environmentally friendly you can be.

We offer three tiers of clean energy options. **Your city or county chose Lean Power** as the preferred energy option for all households in your community and you will see this selection on your energy bill. However, it's easy and simple to change this option or opt out by calling CPA Customer Support at 888-585-3788. You have the option to help build a cleaner future if you select our Clean Power or 100% Green Power options.

The power of choice is in your hands!

**100%
Green Power**

Community Benefit	CPA is a not-for-profit organization that invests in the communities we serve to grow the green economy, create resiliency projects that strengthen critical infrastructure, and fund customer energy saving and sustainability programs.		
Your CPA Energy Supply Cost*	16.8 cents/kWh	15.4 cents/kWh	15.1 cents/kWh
Environmental Benefits <small>Annual Reduction of Greenhouse Gases (GHGs)</small>	Avoiding 3,960 pounds of GHGs per household, which is like planting 30 trees	Avoiding 615 pounds of GHGs per household, which is like planting 5 trees	Avoiding 96 pounds of GHGs per household, which is like planting 1 tree
CPA's Collective Environmental Impact	CPA leads the nation in serving the most customers with 100% renewable energy. Together, we reduce 2.6 billion pounds of GHGs every year, which is equivalent to taking 263,000 gas-powered cars off the road.		

Terms and Conditions of Service

Clean Power Alliance's terms and conditions of service are subject to change. Current terms and conditions of service can be reviewed at cleanpoweralliance.org. Available rates can be reviewed at www.cleanpoweralliance.org or by contacting Clean Power Alliance at 888-585-3788 (TTY 323-214-1296). **Clean Power Alliance rates are subject to change and changes will be adopted at duly noticed public meetings of the Clean Power Alliance Board of Directors, available at www.cleanpoweralliance.org/agendas.** Southern California Edison (SCE) collects from Clean Power Alliance customers authorized charges for transmitting and distributing electricity to your home or business and for providing other services. These charges on your electric bill are the same whether you buy electricity from Clean Power Alliance or SCE. SCE also charges Clean Power Alliance customers a Power Charge Indifference Adjustment (PCIA) and a Franchise Fee Surcharge. Both are calculated based on the number of kilowatt hours used each month. The PCIA is intended to ensure that customers who switch to Clean Power Alliance pay for energy that was acquired by SCE to serve them prior to their switch. **Billing:** Each month, Clean Power Alliance customers receive a single monthly bill from SCE, just as they would under SCE bundled service. This bill includes all electric charges, including Clean Power Alliance's power generation charges. SCE will continue to charge you for transmission and distribution services provided by SCE, including the cost of transmitting and distributing electricity to your home or business. **Enrollment: Your account will be automatically enrolled in Clean Power Alliance, unless you opt out, on your scheduled meter read date on or following October 1, 2023. Discount Programs:** If you are currently enrolled in the California Alternative Rates for Energy (CARE) program, the Family Electric Rate Assistance (FERA) program, Medical Baseline, Level Pay or Summer Discount Program, you will continue to receive these benefits and discounts as a Clean Power Alliance customer. **Opt Out:** You have the right to opt out of Clean Power Alliance without penalty at any time. You will not be charged any fees by Clean Power Alliance if you opt out or if you cancel electric service altogether (for example, if you move).

However, customers who opt out of Clean Power Alliance after service launch may be charged a one-time account processing fee by SCE (currently 47 cents*) and will be prevented by SCE from returning to Clean Power Alliance for a minimum of twelve months. By opting out, you will also be subject to SCE's then current rates and terms and conditions of service, which are subject to change. For details on SCE's rates and terms and conditions, please visit www.sce.com/tnc. If you opt out, you will still be charged for all Clean Power Alliance generated electricity you used before the transfer of electric service. Accounts will be transferred when the electric meter is read and cannot be transferred during the middle of a billing cycle. In order for your request to be processed on your next meter read date, your request must be received at least 5 business days prior to the date on which the meter is read. To opt out, please call Clean Power Alliance at 888-585-3788 (TTY 323-214-1296) or visit cleanpoweralliance.org. Please have your electric bill handy so you have the information needed to process the request. **Failure to Pay:** Clean Power Alliance may transfer your account to SCE upon 14 calendar days' written notice to you if you fail to pay any portion of the Clean Power Alliance charges on your bill. If your service is transferred, you may be subject to additional requirements by SCE.

*Average energy supply cost for residential customers. For non-residential rates visit cleanpoweralliance.org/commercial-rate.

** SCE's one-time account processing fee, as well as SCE's other terms and conditions of service, are subject to change. View SCE's fees and terms of service at sce.com/regulatory/tariff-books.
